1 - front seat

Authors note: I just made this 4 fun

Front Seat Passengers

If luffy was a passenger in a modern day car it would be a disaster.

He would probably be so happy that he distracts the driver and they crash and burn.

That is a mean thought.

If Zoro was in he front seat that would also be bad because he would be so busy trying to keep Sanji off of Nami.

Then that would distract the driver and they would crash and burn.

If Sanji was in the front seat he would try to get Nami it distracts the driver and they crash and burn.

If if nami was in the front seat she would try to keep Zoro and Sanji from fighting.

The driver gets distracted they crash and burn.

If Usopp was in the front seat he would lie to luffy that there is a McDonalds up ahead, luffy rushes the driver.

The driver doesn't see an innocent pedestrian they crash and burn.

What have we learned today?

NEVER DRIVE WITH THE STRAWHAT CREW!!!!!!!!!!!!!!

Authors note: So how was it? Plz comment. it was short though.
