Things Happen

Our hero Jinx was riding through a deep dark eerie forest on an evil quest, for he was out to save the The Wicked Witch of the West from Dorothy and her evil henchmen. While he was looking fearfully about for (yep you guessed it)Lion and Tigers and Bears,)an Chameleon fell out of a tree and onto his shoulder, our brave hero screamed like a little girl and fell to the ground yelling OH-E-WALLA-WALLA-WING-BANG(nobody knows why he yell that) and ran into a tree, and when he managed to get his sword out of his scabbard, he nearly impaled his own horse, after a only two hours of screaming and crying our brave hero managed to ask "Who are you and what do you want?" The Chameleon replied that his name was Roger and he was there to help Jinx on his quest, by aiding him one time when he was needed most. Jinx was so happy when he finally believed that he wasn't going to be eating, prepared to mount his horse once again, and in a show of good faith Roger even gave him a clean pair of drawer since our hero somehow wet himself. As they rode through the Forbidden forest they came upon a Salamander who was looking around by an old house, as bad luck would have it, our hero was having an out of body experience and had gone comatose with only a little drooling, so Roger asked him what he was looking for, The salamander replied the tin man, so he could melt him down for scrap metal, Roger thought for a second and said "Why don't you come with us, for we are on a quest to destory him and his freind the evil and vile girl Dorothy." The Salamander smiled an evil grin and agreed to help on the quest only one time, and so our hero's continued on. As they traveled they saw a Komodo dragon and a Gecko who was both climbing on a pole in the middle of a fork in the road, after watching for a moment, Roger (as always) asked (our hero was busy cowering and yelling Baby Jesus save me, which where sure was to distract them as a part of his master unkown plan) Roger asked " What are you guys doing?" They replied that they where looking for the Scarecrow, He had give them some bad dierctions and they wanted pay back, they introduced themselves as Out and Over. Jinx now had come upon a plan, and said come with us for my emeny Dorothy has redriuted him, Over and Out both gave an evil smileand agreed they would help him one time each to aid in The Scarecrow and Drothy's down fall, and off they went. As they neared OZ it became so cold and had begun to snow, unkown to our hero's was caused by the horrible good witch of the north. Jinx had become so cold that the drool he had forgotten to wipe off his face had started to freeze, and the Lizards couldn't move, Jinx turned to the

Salamander and said I need to you to make it warm and hurry! So the Salamander used his power and melted

all the snow, and with this fulfilled his obligation and disappeared.

Now happy and warm and the drool running freely once more our hero's continued on.

Once they had reached the gates of Oz and had knocked, the gurd opened a window and told them they couldn't come in and barred the gates, furious Jinx turned to the Komodo Dragon and said

he wanted Oz gone!!! So So Over knocked down the gate and started eating all the munchkins (thankfully

he had the munchies from a little smoking he did)once he ate the last one he too disappeared,

Our brave hero's continued on, until they came upon the witches castle and saw Dorothy's evil henchmen sneaking around outside, Jinx turned to Roger and said I need your help getting in and with that Roger used his powers to blend in was able to sneak him and the others into the castle, with that Roger said goodbye and good luck you big sissy,(which where sure was lizard for tough guy) and he

too disappeared,And so Out the gecko, and Jinx continued on in search of the Witch before Dorothy found

her, well searching the castle they heard yelling from the tower across from them,

Dorothy was trapped by the Witch, but she was armed with a bucket of water, and Jinx knew from experience how horrible it was to take a shower, Jinx looked at Out and said make me fly over and save the Witch, and without waiting for a reply jumped, and fell to his doom, and the Witch was destroyed and the quest failed (where hoping he had another out of body experience and is still alive some where)

The Moral of this story is if you can guess

Gecko's are only good for saving you a ton of money on car insurance!!

The End (or is it)
