## **1 - i wish**

I wish that there was a way to tell her face to face that i'd cry a million tears for her and go through every pain she felt, just so she never had to hurt. I'd tell her how i'd walk a thousand miles for her just to fill a need and how i'd just simply take my life for her just so she could breathe. i love this person with all my heart and i tell her so everyday. She's the best of the best, a person i can trust. This person is my best friend.

## 2 - ~We used to be Friends~

All the fun times we had together,  
I wish that we could have another.  
Always thinking our friendship would last, But now it's all in the past.  
Why did it all have to go down this way?  
because in the end we both had to pay!  
I tried to ease all of the pain,  
And with no surprise that my solution was the same.  
Day after day along with all my tears,  
I keep on wondering why I'm still here!  
You had called me names and said i didn't have a heart,  
Right at that moment i fell apart.  
Shocked in disbelief not knowing what to say...

### 3 - ALONE

I scream out of the darkness thinking somebody will hear me. I guess they don't. I guess no body's there and nobody cares.

I lay awake at night crying thinking somebody will hear me. I guess they don't. I guess no body's there and nobody cares.

I pray out loud thinking somebody will hear me. I guess they don't. I guess no body's there and nobody cares.

I whisper softly thinking somebody will hear me. I guess they don't. I guess no body's there and nobody cares.

I stand at the edge of a cliff wondering if I jump would somebody be there to catch me? I guess not. Because nobody was there and nobody cared.

## 4 - Bullet proof

Let me be the one who would take a bullet for you.  
It would be worth dying for, to make you realize.  
Someone please put a gun against her, shoot at her.  
So I can Sacrifice my body, to make my soul whole.  
It would be worth dying for, to make her realize.  
Shoot me in front of her, make her realize I'd do anything to be hers.  
It Would be worth dying for.
