1 - Oh, the randomness XD

I don't own Naruto :[.

As Sam walked outside she noticed that it was raining. Her umbrella was not in her hands, so she tried to hurry inside before the janitors closed the door. Sam was unsuccessful, thus earning herself a walk home in the rain. No one noticed that she had forgotten her umbrella, except for Sasuke.

Sasuke quietly ditched the gang he was walking with. "They won't miss me," he thought. Meanwhile, Samantha was scolding herself. "Crap! I always forget my umbrella, or, jacket, or whatever else! I'm gonna get a cold or worse now!" she thought aloud. With that, Sam lightly punched her forehead, mumbling something about being a "knucklehead".

Sasuke quietly followed her. "Man, is her hair beautiful.." he thought. "Wait! What am I saying?!?!" Right before Sasuke was about to offer her a spot under his umbrella, Samantha turned around and shrieked. "Jeez, Sasuke!! Were you like stalking me?!?! Never mind, I'll just get my books and leave.." Samantha said. Before Samantha got her books Sasuke set the umbrella down, and picked them up, handing them to her. She took them, blushing and said a quick "Thank you". Sasuke then picked up his umbrella.

"Um, Sam, you can come under my umbrella, it's no big deal, you're house is on the way to mine." She quickly took a spot under his gigantic umbrella, and said "Thank you", all the while blushing a deeper red. As they were walking, Sasuke tripped on a rock in the road and fell by Sam's feet, and quickly got up. Sam then tripped, making them kiss[unintentionally] for a couple of seconds. Naruto, on the other side of the road looked to his left, then gasped at Sasuke, and Samantha kissing. Sam was a deep reddish color, while Sasuke looked amazed.

After Sasuke, and Samantha were done lip-locking, Naruto stormed over to that side of the road, perturbed, and furious! What he didn't do, though, was look both ways before crossing!(-Gaspeth-)

End of Chappie(D:)

Sorry about the cliffhanger, I just got bored :[, anyway, I hope you like my story so far! Any recommendations would be nice XD. I already got the next chappie sort-of figured out, though. You probably already know what's gonna happen but, who cares!! I know that I don't X3!

Lesson of the chapter: Watch your step, and look both ways before crossing the street, got it kids?!?!)

2 - Healing

I don't own Naruto.

*Naruto is too fat to be carried in this chapter.

Sasuke dropped his umbrella.

Sam's house was on this right turn, so she looked at the middle of the road to see if it was clear and there lay Naruto!

"OHMYGOD! SASUKE!!!!" Sam yelled.

"Hn?" Sasuke replied, already to Naruto's aid.

"Should have known..." Samantha mumbled.

"Hey, Sam, aren't you a medical ninja?"

"Yes, Sasuke, but I may not be able to do much for him (D:)"

"Sam, he's burning up!" Rips sleeve of shirt and gives to Samantha "Cool it in water, then come back as soon as you can. I'll stay here with him." Sasuke replied.

"Okay!" Sam shouted eagerly, running at full speed to her house.

It stops raining.

Naruto opened his eyes slowly, as Sam came running back with what seemed like a million cool rags.

"Thank you, Sam" Sasuke said. "No problem!" she replied. Sasuke quickly put the rag on Naruto's head, and another on the back of his neck. "Tsunade taught me how to do that..." Samantha said. "You rest, and stay with him, if ANYONE approaches you, take out a shuriken and protect yourself, and Naruto." Sam nodded.

Sasuke ran as fast as he could (which was VERY fast) to his house to get all of his supplies: water, bandages, and other things. After he got them, he ran to Hidden Leaf Hospital, where he would hopefully find Tsunade.

Sasuke rushed in, and went to Tsunade's room, grabbed her, and told her about Naruto, on the way to the road where the incident happened.

When they reached, Sam's hands were giving off a green aura.

"She's healing him!" Tsunade thought.

At this point, Sasuke was gulping down some water from a water-bottle.

Tsunade told Sam that she could take a rest, and that she would heal him now.

Samantha was very tired after Tsunade took over healing. She sat over by Sasuke.

When she finally fell asleep she was leaning on him. All the while, Sasuke was blushing until he was the deepest red that there can be(XD).

After Naruto was partly healed, and taken to the hospital for surgery, Sasuke got his umbrella, and realized that Sam was not going to wake up.

He sighed and carried her, and her things to his house.

End Chappah

Sorry for the cliffhanger, I hope you like it!! This ones short cause i deleted my first chapter like a million times so my fingers are tired :[

3 - The Kiss

I don't own Naruto

Flashback

After Naruto was partly healed, and taken to the hospital for surgery, Sasuke got his umbrella, and realized that Sam was not going to wake up. He sighed and carried her, and her things to his house.

End of Flashback

Even though Sasuke lived next door to Samantha(awkward XD), he did not take her to her house. Sasuke did not take Sam to her house, for he thought that her parents were at home, and also for the simple fact that he didn't have a key.

As Sasuke entered his home, he quickly ran upstairs and set Sam on his bed. He then took his clothes to the guest room, and stuffed them into the drawers. Sasuke took a T-Shirt, and some shorts that would fit Sam(I think you see what I'm getting at. It's from The Melancholy of Haruhi Suzumiya XD)from one of his drawers. He took some bandages from his medicine cabinet, for he knew that Sam must have at least scratched herself with a shuriken, or something while he was gone.

Sasuke carefully took Sam's shirt off(NOT LIKE THAT, YOU PERV!!), and dressed her wounds. He then put his T-Shirt over her. While he was dressing her wounds, he noticed burn marks on her back. After he was done dressing her wounds, and putting clean clothes on her, Sasuke silently folded her clothes, and tossed them into a basket(It's supposed to be like a hamper).

Sam tossed, and turned many times in the 5 minutes after Sasuke had dressed her wounds. When Sam finally opened her eyes (which was like an hour after Naruto was taken to the Hidden Leaf Hospital) she screamed.

"Holy Sh--!! Where am I?!!?!!" she yelled in confusion.

Sasuke walked in startled by the yell.

"Sam, you woke up!" he said.

Sam ignored this, because she was looking at him, then quickly turned her head away blushing maroon.

"Hn?" Sasuke said, then realized that he was naked!

He blushed furiously, then ran back into the bathroom and put on his clothes.

"W-Why weren't you wearing clothes, S-Sasuke-kun?" Sam asked curiously(OMG she did a Hinata!! D:).

Sasuke blushed,"When I heard you scream, I had just gotten out of the shower, and was startled by the noise. I was worried so I came out here, and I forgot to put my towel on."

His hair dripped on his bedspread.

Sam looked down.

"Where are my clothes? And why am I here?" She whispered.

Sasuke then pointed to the basket, and said, "Your clothes are in there, I was going to wash them, and you are here because..." He didn't finish answering her question, but blushed and went off to dry his hair.

When Sasuke came back, Sam was still in the same spot.

He sat in front of her.

"Sa-" said Sasuke, but was interrupted by Sam pulling him to her face, then kissing him. He closed his eyes, noticing that hers were already closed.

Sasuke's Thoughts

Is this how a first kiss[intentional] is supposed to feel? All soft, and cherry tasting?

End of Sasuke's Thoughts

At last, Sam finally let go of Sasuke, and he gasped for air.

They kissed for what seemed like a year to Sasuke, but it was only a minute.

"I'm going to go home now.. Thank you.. Sasuke." Sam said.

"Okay," replied Sasuke.

Sam gathered her things and went next door.

End of Chapter

I hope that you like it!! I might be re-making these chapters :\ . Sorry if there was like a cliff, I didn't think of the end as much of a cliff as the others. Anyways, also sorry if it's short!! :[I wasn't paying attention on this one, I'll get more chapters done soon.

4 - At Sam's

I don't own Naruto

Flashback

At last, Sam finally let go of Sasuke, and he gasped for air. They kissed for what seemed like a year to Sasuke, but it was only a minute. "I'm going to go home now.. Thank you Sasuke." Sam said. "Okay," replied Sasuke. She gathered her things and went next door.

End of Flashback

As Sam entered her house(and turned on the lights), her dog, Zoe, jumped on her. She immediately picked her up, and she showered her face in loving kisses, glad that she was back. Sam then journeyed upstairs to her bedroom(the master bedroom), took off the clothes that she was wearing, and tossed them into a hamper, and took her bathrobe to the master bathroom.

She set her bathrobe on a hook, turned the cold water on, and rinsed her hair, unaware of her neighbor sitting on his balcony, staring at the bathroom window. After she was done rinsing, she lathered her soft, black hair, with Hidden Leaf Hibiscus shampoo & conditioner, then let it sit for two minutes, then rinsed again.

[i am not stating the rest of the boring details of her shower]

When she was finished showering, she turned toward the curtain, about to open it, when she discovered that it was already opened. "Crap..I did i-" she said, but cut herself off in mid-sentence, to find Sasuke staring at her, from his balcony. As soon as she saw him, Sasuke quickly turned his head away, giving her a chance to get dressed. Sam shrieked a hyper-sonic shriek, then instantly thrust her bathrobe over herself.

When Sam returned to the window, Sasuke had gone inside of his house. Samantha exited the bathroom, then got her clothes out(I'm not going into detail ;)). She put them on in a flash, then got her textbooks out.

As soon as she saw her textbooks she sighed. "Great, I left my Algebra book at Sasuke's," Sam moaned. She then realized that when Sasuke had dressed her wounds he had seen the burn-marks on her back(I'll tell you how she got the burn-marks later in the story :D). Sam opened her closet door, to find her skull sneakers on the floor, awaiting her return. She put them on, and got Zoe on her leash.

Sam let her do-her-business, and picked up her poop. She looked up, and wasn't surprised to see Sasuke's shadow in his window. Samantha threw Zoes droppings' in her droppings garbage(they're in a plastic bag of course(droppings garbage = her special garbage for dog poop)). She held Zoe in her

arms, and knocked on Sasuke's door.

"Come on in, Sammeh-chan," Sasuke yelled from upstairs. Sam obeyed him.

End of Chapter.

Yeahh, I think this one's preeeeeetty short.. More to come!

5 - At Sasuke's

I don't own Naruto

Flashback

As soon as she saw her textbooks she sighed. "Great, I left my Algebra book at Sasuke's," Sakura moaned. She then realized that when Sasuke had dressed her wounds he had seen the burn-marks on her back(I'll tell you how she got the burn-marks later in the story :D). Sakura opened her closet door, to find her skull sneakers on the floor, awaiting her return. She put them on, and got Zoe on her leash

Sam let her do-her-business, and picked up her poop. She looked up, and wasn't surprised to see Sasuke's shadow in his window. Sam threw her droppings in her droppings garbage(they're in a plastic bag of course(droppings garbage = her special garbage for dog pewp)). She held Zoe in her arms, and knocked on Sasuke's door.

"Come on in, Sam-chan" Sasuke yelled from upstairs. Sam obeyed him.

End of Flashback

"How did you-" Sam said, but got cut off by Sasuke, "Know that it was you? I saw you from my window, and heard you, so I assumed that you would come to get your Algebra book." "Oh...Well can I have it?" Sam asked. "Sure it's on my bed," Sasuke replied, and directed her to the guest bedroom(suspicious, much?[his room is the master bedroom]). "Wait, where's your bathroom?" "Second door on the left, upstairs," Sasuke replied. Instead of the left she went to the right, knowing the master bath was on that side. Sam walked into his bathroom to find Sasuke(suspicioussss XD), tied up in ropes, and gagged, lying in the shower. "Sasuke?!" Sam whispered(so that the "other" Sasuke couldn't hear hear),sure that the other Sasuke was outside of the door eavesdropping. Sasuke nodded and motioned for her to un-gag him.

Sam quickly un-gagged him, and made sure that he was alright. "Listen to me Sam. That Sasuke out there is a phony, he's using a jutsu(I'm too lazy to state which XD), and is trying to -cough- kiss you and whatnot -cough-." With that Sasuke explained the plan to her, and gave her a quick peck on the cheek. "Protect yourself.." Sasuke said to her.

Sams Thoughts'

Heh, that phony! He thinks the real Sasuke would kiss me, and he even thought I believed him about that stuff. Though I wonder why he coughed..

End of Sams Thoughts'

Sam flushed the toilet, so that the other Sasuke would think that she had gone, and washed her hands. As she exited the bathroom, she took a kunai out, and then flung it at the Sasuke in the bathroom.

"F**ck, Sam!" Sasuke thought, while clutching his bleeding chest. "Sorry I'm extremely afraid of bugs," Samantha lied when the other Sasuke asked her what she was doing.

When Sam glanced at Bs'(Bathroom Sasuke) hand, she realized the truth, and flung loads of kunais and shurikens at the Sasuke she was standing next to. "OMFG, you freak!!!" Sam shouted at him, and flung a kunai at his heart(Omg, oww). His body exploded into a puff of smoke, and appeared Jiyoshi, a MIA(Missing in Action) ninja form the Village Hidden in the Mist.

6 - Jiyoshi..

"Holy crap! Jiyoshi?!" Sam screamed. At the sound of her screaming, Sasuke stormed out of the bathroom, furious. "Jiyoshi Kaname, you retard!! What're you doing trying to make a move on Sam!!" Sasuke yelled. In his fury, he threw a shuriken, but Jiyoshi dodged it, and it broke Sasuke's picture of his mother. It also cut Zoe's face and Sam's arm. "Damn it Jiyoshi!!" roared Sasuke.

With that, Sam ran into Sasuke's bathroom, searching for medical supplies. Sasuke kicked it shut, and continued to throw kunais and shurikens at Jiyoshi. "I can't believe that's the same Jiyo-kun that was my best friend when we were kids. He's probably trying to get revenge on me for rejecting him.." Sam thought. Sam cleaned Zoe up first, because it was not as deep a gash as hers was. She went through training to prepare for this in medical school. Samantha fixed her wound, and started to stitch it. At long last when she was finished(it took less than two minutes)she left Zoe in the jacuzzi, where it was safe, and got her weapons out, ready to be thrown.

When she left the bathroom, she quickly found out that Sasuke had defeated Jiyoshi. Sasuke was interrogating him about why he came here. "I was the one who hurt Naruto, because I saw you two kissing. I knew that you and Sam would help him. While you went to get Tsunade, I cut Sam's back with a kunai, also knowing that you would help her when she dozed off. She didn't know it was me, and thought I was Choji, she also didn't want you to know that she had gotten hurt, so she covered it with her hair. Before you returned I hid in the bushes. When Tsunade took him, I ran and hid in your yard. And of course when she left I captured you and whatnot." Jiyoshi confessed. With that last word, Jiyoshi "saw the light" and passed on. Sam felt that closing his eyes was her duty. Whilst doing so hot tears streaked down her cheeks. She had to do this when Jiyoshi's and her own parents passed on. The horrid memories entered her mind, reminding her of the fire, and her back started to sting.

End of chapter

crap im soo sorry!! I'm so interested in it naoo -needs to update more often- yeah, i'm tired. maybe one more for tonight and im done.

7 - Memories..

"Sam don't cry..." Sasuke said. He pulled her chin up and looked dreamily into her eyes. "Sam, I-I" Sasuke stuttered. "I-love-you" she finished for the both of them. With that, Sasuke put his face to hers, and they started to kiss. When they were finished Sam finished it off by kissing him on the cheek, leaving a mark from her lipstick.

"Sam.. I hope you don't mind, but how did you get the burn marks on your back?" Sasuke pondered. "Oh..... Well, when I was three, we had a big party with all of my and Jiyoshi's family , and I was exiting my room in my favorite black and red bikini because I was getting ready to go into the pool, and I smelled smoke from the kitchen. By the time I got downstairs the whole house was engulfed in flames. My father saved me and him, but I got burned badly. He went back into the house to rescue the others. When my dad dropped us off outside of the house, he promised me everyone would come back out okay. By that time the heat intensified, and all our family, except for my Zoe perished. Those were the last words I heard from him. I was grasping Zoe in my arms, but me and her wanted to run back, and save my mom." she said, at this time there was a vast puddle on the ground, and her clothes were awfully damp.

"You already have a cold, here, put on some clothes, and you can stay here tonight," Sasuke said, handing her a bundle of his clothes. They both went into the master bedroom, and closed the door. Zoe climbed out of the jacuzzi, and pushed the door open, thinking it was safe. She looked around and saw no one, but heard sounds like "Oh, Sasuke..." and stuff. The dog made a disgusted look on her face, and scratched at that door. Sam opened the door, and Zoe found that they were both.....

Fully dressed!(Lmao, I bet you thought they were -insert pervertedness here- "Oh Sasuke...." Sam said "You don't have to do this for me! I can't kick you out of your bedroom!" "Pssh, no problem!! I never sleep in here anyways" With that Sam locked the bathroom doors, and changed. "Night Sasuke-kun!!!" She said with glee, and went to sleep. He exited the room, and ventured into the guest bedroom.

"I wonder why Jiyoshi wanted to -insert pervertedness here- her.... I mean I do too, but what does he have in common with her....?" Sasuke thought.

End of Chapter

Holy crap, the last sentence was freaky.....
