**Chapter 1 - You shouldn't have done that**

**2**

# 1 - You shouldn't have done that

Now no time remains

And time is not eternal

Please value your time

And then I will return you

Whether parting forever

of just for a short time

Thats a nice mask I where

Carries you through the fight

The notes carry you

You know something isn't right

you better stop the moon

before the third night

The imp stole my mask

My day hasn't been so great

It seems that you've met

with a terrible fate
