Nexus: sometimes joining when he is off study's (see Offsent for more detail)

Xia: sometimes joining when she is off study's (see Offsent for more detail)

## **Tormeant:**

Earned the name by things they do this group has members with an own will. to organized to be simple bandits yet to "relaxed" to be an organized criminal group. tough this group doesnt fit in a square it still is a group to be kept in mind

## **Main charecters:**

Trush: He has taken the role of leader upon him, he makes sure the group stays together at the cost of his chalenging requests

Tsuna: rambunctious yet loyal to trush she is one of the main figures to fullfill the job

Xix: second to Trush xix sure knows how to stay off the secene yet get things done his way

Tirinay: his magic serves as a mass destruction tool to the group

## **Eternal**

Eternal earned its name by the one who this group all goes around. Eraiya's blessings and love are said to be eternal. Eternal is allied to the Freedom fighters but they mostly stay hidden in Eraiya's safe and warm home.

## **main charecters**

Eraiya: off course accepting any one has made her loved by many, her home is always open for those in need. and Those that stayed have become her good friends

Toru: with his bandit past he seems odd in a peace loving group. he doesnt care about any one els but Eraiya and he is happy to show it.

Iluna: silent and absent minded she seems to feel in debt to Eraiya. She tends to stay in her room and

only come out when Eraiya needs her

Celia: tough a child she sees Eraiya and calls her her aunt even if they don't share such blood. Celia is a young pyro magician in the making and with Eraiya's guidance seems to become a promising one.

### **Offsent**

Offsent is what they call themselves, a group of young and middle aged that sometimes come by as a break from a secret academie they attend to.

### **main characters**

Nexus: assist shadow necromancer in the making

Xia: both offensive and defensive wind caller, and the ability to call up ghost cats make her even in training a tough lil girl.

### **Athos**

Athos is a hidden dark organisation where not many know of or who is a member. Eraiya seems to be quite cautious when this organisation comes to words.

### **main characters**

Sheeba: Also known as bandit queen Sheeba

### **Palacide**

This faction is a small time issue as most of its members have deseased or are too old to be in action. though this groups action still has its remains left over.
