1 - Untitled

Can anybody hear my screams? All alone in the dark... I am in so deep... and the light I used to see is now so far away. With nowhere to go and nothing to live for, I shut the door. I lock it tight... so no one hears my fears or sees all my tears. I grab the knife to end this life, it was nothing but torture, misery, and pain. I try to make it look like an accident, or as if I were slain. Emotions running high, I try not to cry. I don't want tears mingled with the blood. I don't know what else to do, or if I should go through with this. But there is no turning back now, no way, no how. But it's too late now, there is no turning back... All my life begins to fall fast, out of my reach, out of my grasp, all the while thinking of the past. Blood begins to pour, but there's no other way. And this was MY suicide.
