0 - Prologue

(Aleen's POV)

It was lovely day, the sun was shining and I was relaxing near a shady tree in my front yard. Nothing could ruin this day. Until he came, a lemur, who looked around my age. He had a clumsy smile.

"Who are you?" I questioned. He just kept smiling and offered me an apple. I hesitated, but took it anyways. He seemed nice and generous. Too generous. I didn't know if I could trust him or not.

"Names Lenny" he proclaimed " and you?"

"Aleen Rose" I replied. He nodded and he gestured a handshake. I gladly shook it, he seemed trustworthy. " thanks for the apple, it's really swee., "

He jokingly replied, " just like you!" He smiled his clumsy smile again and left.

Yep, pretty short cause it's the prologue. Okay time for chapter one.

1 - Together

It was awhile until Lenny visited, he visited me, but not that often. Not like I wanted to see him often. He was just a friend. I decided to go visit Crystal for advice on how to deal with it. I wasn't very friendly with boys, but she was. I entered her house to find Mallow and her playing video games.

"Hey Leen, what's up?" she Asked. That was her nickname for me. When we met, I had to whisper my name so she hadn't heard it clearly enough. So now she just calls me Leen.

"good afternoon," I told" may I ask for some advice Crystal? "

"yeah hold on, let me finish this battle with Mallow.what do you need help with? Boys?" she asked. It seemed like she read my mind. Sometimes I wonder about what goes on in her mind.

" actually, yes. I met this lemur named Lenny an-

" Lenny? I know him! He's a pretty cool dude isn't he? " she shouted.

" Lenny is friends with Tag and Chime. That's how she knows him" mallow stated.

" Well he's pretty nice. He gave me an apple and stayed around my yard for a while" I blushed. Lenny was just too nice to me and we had just met. I couldn't define is feeling. My heart was beating fast.

" someone's in love" Crystal joked " your face is rad red" Mallow awww'd. I didn't know how to reply. I couldn't say it. But he was my first crush. We had just met, but I felt something change inside me.

" don't worry" crystal patted my back " your first love is always surprising. But it could work out"

I yelled" stop reading my mind!" I ran out the door just top find out it was already 8 at night. It was far from my house too.

" hey need a companion? " a familiar voice asked. At that moment I could tell who it was.

" umm. Sure." I answered him. It was Lenny.

" what were you doing hanging out so late? " he asked.

" I was just- you dont need to know. It's just girl junk" I sighed. He handed me his scarf.

" this will keep you warm. Here." he said as he wrapped it around my neck. I couldn't help but blush.

" aren't you going to be cold?" I worried about him. As much as he worried about me.

" nah, thick fur!" I knew he was lying. I was pretty sure he was as cold as I was. We kept walking until my house came up.

" thanks," I said as i took off his scarf. " where do you live? "

" three houses down, not that far. " he waved goodbye and disappeared among the night,

2 - Smile

He leaned in closer, with the distance between us disappearing all together, Grabbing on of my shoulders he said, "wake up." I was confused, but then realized it was a dream, I instantly woke up. I turned to my side to see my younger and confused sister, juniper, staring at me. " I'm hungry. Can you cook me breakfast before school?" she asked. I got up to toast her some bread and fried some eggs. She instantly ate them leaving crumbs behind before saying goodbye and leaving to summer school. She failed pe and is forced to redo it over the summer. My phone rang. It was Tag, he texted that crystal was over at his place. She came around midnight over to his house just to fall asleep on his couch. it seemed weird but I went over anyways.

" Morning Aleen" Lenny said as he opened Tags door. " you're here for crystal right?" I nodded and he let me in. Crystal was snoring on tags couch with a blanket wrapped around her. It looks like to got sick along the way to his house. That poor otter. I decided to stay for a while and wait for her to wake up when tag walked in right after his shower. Naked.

" OH MY GOD. ALEEN WHY ARE YOU HERE SO EARLY, I DON'T HAVE A TOWEL " he shouted. He ran back into the room to get his hair dry, put on his gloves, and everything. While He was doing that Lenny came up to me.

" sorry you had to see that," he apologized " but you know, we don't normally wear clothes right? " he laughed. I giggled a bit too. With all the noise crystal woke up.

" huh? Where am I? " she groaned. After including a sneeze. She was defiantly sick. All the cold weather at nice must have caused it.

" Aleen, you look nice this morning" he greeted.

" ah this? Its just my normal clothes nothing special, I didn't even brush my bangs yet. I just ran over her, " I replied.

" I'll leave you two alone I'll check in tag" she got up and walked into his room. Closing the door, but leaving it open slightly.

" this is awkward. " I told him. He nodded in agreement. I decided to sit on the couch and he followed me.

" want to watch some tv? " he asked.

" not allowed too" i said. " sensei doesn't allow it. "

"come on, it won't hurt. " he insisted and turned it on to adventure time. Around the funny parts he and I laughed, it was actually a pretty good show. We got closer to each other today. Laughing and smiling. It was fun, I stayed at tags house for a while. He even ordered pizza for all of us to eat. We played bored games, watch movies on nexflix, and prank called. I felt today was fun. I bonded with him more.

3 - Rainy Day

*****THIS IS 2 1/2 IT WON'T LET ME WRITE IT IN CHAPTER NUMBERS.*****

It was a Monday. The rain was pouring down even though it was summer. I was bored and had to stay home to watch my sister. From all the heat (in the previous week) she had gotten sick to the core and I have to stay home to watch her. Doing nothing at all.

"Juniper, get better already, geez." I groaned.

"It's raining, why do you want to go outside." she groaned along. As I was about to answer her she fell asleep. I guess she was really tired since she was sneezing about all night. Nothing much happened that day, just a normal rainy day.

Just a 1/2 chapter because I'm not very creative at 10:45pm. So just a mini short of Aleen being bored as heck and Juniper sick as heck.

4 - After Rain comes rainbows

"Hey Aleen!" the violently pink hedgehog said. Her name was Pinky. She seemed blindingly pink. She was a good friend of mine.

"Good morning" I told her. She smiled.

"How's your sis? I heard she got wicked sick." she sympathetically asked me. I pointed towards her and Pinky walked after her. I just kept on walking, nothing on my mind. Yeah right, only he was on my mind, Lenny. I wonder what he did during the rain. Probably just stay at home just like me. Bored to death. I was stuck watching a sibling to make sure she was fine. As I walked I made it toward Cress River. It was just a normal river where people tend to sit and relax there. It was beautiful there during sunset. You just tend to notice the little things in life while you relax. As I was walking I saw him, tending to a abandoned Chao. Must have been abandoned and he tended to it. How thoughtful. The Chao started to jump around at the sight of me. Lenny turned around to check what was up.

"Oh! Hi-*sneezes* Aleen. What are you do-*sneezes*doing here?" he said sickly. Poor guy, it looks like he was out all night during the rain tending to the Chao.

" You sound sick. Were you out all night!?" I worried. It's nice that he was good enough to tend to the poor thing but what about him?

" Yeah, I see this little gal everyday. You see, I'm not allowed to have pets where I live. Because Tag doesn't like them and they don't like Tag." he answered.

" Living with Tag must be a pain isn't it?" I joked. But why did he have the worst roommate ever? Tag was okay, I guesssssss...but not really.

"Haha, yeah. But he pays for most the house and I pay mostly for utilities. Basically half and half." he smiled. There it was again, that cute yet clumsy looking smile. " I'm going to bring her home. I don't care what Tag thinks. I can train her to deal with Tag." He seemed so confident with himself. Another trait I thought was pretty cute of him to have. " I'm naming her Azusa."

What a cute name! Doesn't it mean "lily"? He got up and offered me a walk home with his new pet, "Azusa".

5 - Sorry

I decided, today was the day. I was going to confess to him. That I lo-lov- really, like him. I went over to his and Tag's house to find it a giant mess. I could see chao hair everywhere, or was that Tag's hair stained with blood? I couldn't tell much. Well. I just found my way to the couch and sat myself down. Tag entered. He groaned a lot too. Possibly because of Azusa?

" Good morning. Have you seen Lenny?" I asked eagerly.

" Oh hey. He went out with some girl." he pointed toward the door. I left. I wanted to find him. After a while of walking I found him! I walked toward him and asked him if I could speak for a minute. He seemed to be walking alone.

"Um...can I tell you something Lenny?" I shyly asked.

" Yeah, uhm, can I tell you something too?" he sounded embarrassed. "I-I have a girlfriend now! She's really nice! Here she comes! A Red and Blue **hedgehog** walked next to him and grabbed him by his arm.

" Hi honey!" she said to him. He smiled back at her.

"Uh, well I'll see you later. I'm going to hang with her for a while, because you know. She's my girlfriend." Lenny said, but with a apology sounding tone. I nearly fainted. He got a girlfriend!? I was shocked. I thought everything was so well.

Now I have to deal with them as a couple! Not that I'm jealous or anything! I went home and cried on my couch for a while. Now we'll never get any closer. He'll just hang with his girlfriend! Not only that, but they might even. Even kiss. I just hugged my pillow. I didn't know what to do.

I felt selfish. I wanted Lenny all for myself. Life countered my thought and made him fall in love with some weird red and blue hedgehog! What was her name? She even looked familiar to me!

I guess, I'll just rest here home for now. I went into a deep sleep.

6 - Friendship

I knew it. I wasn't the right one for him. His smile, his laugh, his everything. I'll miss it. I just want to avoid him right now. He has his girlfriend, "latysrc". Geez. Isn't she like crystal's cousin? (YES. OuO SHE IS NOW CRYSTAL'S COUSIN DEAL WITH IT) She seem's nothing like her. Next thing I knew Crystal walked in without knocking, she brought all of my favorite things; chow mein, mint chocolate chip ice cream, and my favorite movie, " Kiki's Delivery Service".(AUTHORS NOTE: GOOD MOVIE. YOU SHOULD WATCH IT) She just stood there sliently. She walked over and put the movie in my dvd player, handed me the tub of ice cream, and ate some chow mein for herself. She knew I was in so much pain. Crystal didn't say anything, she just knew. I ate some ice cream and watched the movie with her, it didn't help me as much. But I felt better knowing someone knows how much pain I'm in. Crystal is an awesome friend and I never doubted it.

short chap. maybe I'll write 7 in a minute.

7 - Please.

"Hey! I've been calling you like a kazillion times!" Lenny told me.

"..." I ignored him. I didn't want to see his bright smile. He's taken. I'm just a friend.

"What's wrong with you mc downy pants?" he asked.

"nothing." i didn't want to tell him I was jealous. It just wasn't safe. I didn't know how he'd react.

"schools coming up. what are you doing for your last few days of freedom?" he asked once again. He wanted to keep the convo going.

"nothing much" i sighed. i wanted to just run away.

"Do you want to hang? just you and me?" what? I thought he had his GF?

"Don't you have a girlfriend?" i asked.

"yeah. but she broke up with me. so, i have time to hang out with you."

BREAKUP FLASHBACK!

Latysrc: Hey, I don't like you anymore.

Lenny:K.

END OF FLASHBACK!

"really?" I started to feel a chill build up!. I felt so relieved. I just hugged him without any words. I love him.

SHORT CHAPTERSSSSSSSSSS! I SUCK TODAY. MAYBE TOMORROW.

8 - Just friends.....?

He hugged me back and said, "I'm glad we can hang again just like good ol' best friends." Yeah, friends. Just friends nothing more. I sighed and stopped hugging him.

"Is anything wrong?" he asked.

"No, everything is fine." I lied. Everything wasn't fine. I wanted to hold him close. I waved goodbye and ran home. I just meditated. Nothing more. Lenny walked in and grabbed my hand.

"Something's wrong with you and I know it! Tell me who's bothering you!" He demanded. I'd never seen him so, so angry. I started to tear up.

"No one's bothering me." I told him.

"Aleen, I've never said this, but I really care about you." he said softly.

"What about your girlfriend!?" I yelled. "DIDN'T YOU LOVE HER AND NOT ME?"

"She only forced me to date her. She told me she was going to hurt you if I didn't accept." I stopped. It was only force? I got up.

"Lenny, I-" I was cut off. What would happen if I confessed now? Would I be rejected? Would it be just the I like you as a friend meaning? Lenny came up close to me. He just smiled the clumsy smile of his and walked out.

I regret not telling him my feelings.

9 - Confession....?

It was the first day of high school school, I wish this summer hadn't ended. I sighed and got up. I put on some clothes and left off without saying a word.

The crowded school, filled with hurrying students, was really huge. Everyone rushing to find their own classes. I wanted to just find my friends. I caught up with someone. It was Crystal.

" Hey Leen!" she told me. She still liked to call me "Leen". It was okay I guess.

" Hey Crystal." I told her. She smiled and grabbed my hand. We walked passed many rushing kids.

Once we stopped we were in a giant crowd. Everyone either walking or talking. Someone waved at us and walked to us.

" Hey Crystal! Hey Aleen!" said Mallow. She just visited us on our first day. She was only 13 so she was barely still in middle school. It didn't start until tomorrow.

I just looked at the list of classes and went to mine. I wasn't surprised that I found most my friends there. It was Crystal, Lenny, Chime, and Winter. Winter wasn't much of a friend. She was just someone I knew really well.

The teacher walked in.

"Good Morning class! My name is Mrs. Ibsen. I'm going to be your homeroom teacher." she got up from her chair and handed us papers with our classes in order to us. The bell rung and we all headed to next period.

10 - Sorry.

As I looked at my list of classes, he bumped into me.

"Sorry."

"No, no it was my fault. I was the one who bumped into you". I blushed. He grabbed my arm as the other students rushed into the now busy hallway and pulled me outside. The last thing I saw, was Crystal smiling very creepy. It was like one of those "SHE GON GET LAID" smiles. It just. Ugh. She's just weird.

"Hey, you know the hallways get really busy right? Especially since it's the first day." his comforting words warmed me.

"Yeah, I do". As I continued to look at my list, he grabbed it playfully and started to read.

"WOAH, we have almost the same classes together!" he said joyfully. Apparently, we had 3 out of 6 classes together, how funny. We had english, math, and history together.

"Yeah, and i think we're going to be late too." i sighed. All I really care is about my classes right now.

"Sorry about that, I guess I'll see you?" he asked. I just looked at him and left. It was stupid of me. I should have at least SAID something! I then remembered when I almost confessed, and that sort of argument we had. I can't believe he hasn't remembered that at all.

11 - Afterschool was a secret

After a few hours, school had finally ended, and I decided to walk home by myself. I wanted to think over everything, I wanted to find ways I could confess. On my way, I could hear running footsteps behinds me....they kept on getting louder and louder. It was her.

Winter.

She was running for me. By instinct, I had decided to run away. I hadn't seen her in such a long time. It was scary to see her piercing eyes lock onto me like a missile. She wasn't saying a word, just chasing after me. No one saw, everyone else made it safely to their homes. I didn't have any weapons on me, no weapons allowed at school; no way to defend myself. I stopped letting her catch up to me.

"Giving up already?" she stated. She grabbed my neck and almost started choking me.

12 - Dreams can be Scary

Before she started hurting me, footsteps were heard, walking this way. Hopefully they would come and save me.

"... someone's coming," she let go of my neck and disappeared. I was surprised, Winter wasn't the one to back out without a fight. I know her very well, we went to ninja training together. I eventually fainted on the ground from all the exhaustion, especially wearing my school uniform rather than something very comfortable. I woke up, in a pitch black room. Where I heard nothing, but my name being called several times. Lenny appeared, he wasn't facing me, but instead staring out into the pitch darkness. I wondered how I could see him. I heard the sound of crying, I think he was the one who was crying.

" Why does she ignore me? I wish I could just tell her how I feel." he mentioned. Am I in a dream? Am I in Lenny's dream? What was going on!? Did he not notice me here?

" Lenny?" I said. He didn't hear me, he just continued to cry. I got up and started to walk toward his fragile body. I reached my arm out to grab his shoulder, but it went through his body, like I was a ghost. Everything happened so fast, Lenny turned around and stared deep into my direction, even if he couldn't see me.

" It's like we're not even close anymore. Was it my fault?" he sighed.

" It's not your fault! Its my fault! I've been ignoring you this whole time just so I could find a way to confess to you and how I could apologize for how I've been acting!" I screamed. Sadly, he didn't hear, but the pitch black room started to beat, like a heartbeat.

~~~~~

Bleh, I'm not in the creative mood right now.

I'll right another chapter maybe later on at night or so.
