# 1 - Sonic 2 ch.1

Fan Fiction-"Sonic the Hedgehog v.1.1" CHAPTER I

(Green Hill Zone)

The view: Sonic has down-syndrom and is bi-polar. Tails feels the need to talk as though he was on drugs (he thinks it makes him cool). Knuckles is allergic to himself.

----->

Sonic was rolling along the Green Hill Zone when he came across a two foot high ledge.

"uhhhh how me am I gunna get up this big ledge" (now, lets all remember that sonic is retarded)

Using his "brain", sonic tried to force his way through the solid path blocking his way.

However, to no avail, it didn't work.. Instantly, Sonic's brain is stricken by a crazy, just

might work type situation. "What if I jump?" he said. You know what happens next? He

jumps and (almost killing himself ) lands on the ledge he o so desperately wanted to get to.

"Right, time to keep moving" he thought. While mastering his astonishing new jump ability,

(Yes, its quite an accomplishment of somebody his calabur) he comes across tails.

“Hey Sonic my dizzle fo shizzle pizzle!! What's up my homie?”

“NO TAILS! I WILL NOT DRINK THE LEMONADE!” (Bi-polar, remember?)

“Cmon' bro it's cool, it's cool. There aren't any drugs in this lemonade”

“Well.....good. I like my lemonade crack-free” Sonic replied.

When Sonic wasn't looking, Tails slipped a small white powder into his drink.

Sonic then instantaneously became high. (I've never seen a bi-polar hedgehog on crack before,

have you?) Anyway, Tails teams up with Sonic and they continue on there mission to get through

the dreaded “Act 1-1”.

## 2 - Sonic 2 ch.2

Fan Fiction-"Sonic the Hedgehog v.1.1" CHAPTER II

(Green Hill Zone)

----->

As Sonic and Tails continue their quest, they face several challenges such as robot grasshoppers

and beetles (ohhhhhh scary!). The time on the play clock was at 8:35:03 (that's a bit over

eight minutes for that one specific level) when they finally came across the little spinnie flagie

thing. All of a sudden, before Sonic and Tails can run past it, Knuckles pops out of the, ummm,

well, nothing really, actually he's just sort of there. "Sonic! You will not be getting past me!

ACHOOOO! \*sniff\* I had sworn that I would protect this goal flag with my life!!" said Knux.

"Yo dawg, what kinda crappy job is protectin' a goal flag?" Tails said with a scott-irish accent.

"Well, um, you see, \*sniff\* my mommy made me do it because I have no friends"

"Shizzle rizzle dawg! That isn't even relevant to our conversation."

“Hey guys! Im here too you know.” said Sonic.

“Grrrrrr... Anyway Sonic, there's no way you can beat me with out the seven chaos emeralds and going super form.”

“Oh now, is that right? Well it just so happens that I do have the seven emeralds!” \*pulls out seven pretty colored jellybeans\*

“Those are jellybellys you idiot!”

“Nuhuhh! See here? This is the pretty purple emerald.” \*points at purple jellybean\*

“No.....\*ACHOOO!\* That's grape.”

“Well....I bet you I can go super with them.”said Sonic with vigor. “SUPER SONIC!” he yelled.

“Nothing happened retard.” said Knuckles. “Why not?” Sonic replied. “BECAUSE THEIR STINKIN JELLYBEANS YOU MORON!”

"Ohhhhhhh... so now you tell me. Thanks a lot meanie head."

"Uhhhhhhh! \*sniff\* Never mind! Prepare to die Sonic!" Knuckles screamed.

Knuckles then executed multiple drill claws to Sonic's fragile furry body. Yes, I know what your

thinking.....and that's exactly what happened; he died. However, he some how magically

popped back on to the screen and started to blink. "Haha! I had an extra man" said Sonic.

"\*AHH..AHHH..AHHHCHOOO!\* Crap...my allergies are starting to act up..." said Knuckles with fear.

"Are you ok?" Sonic asked.

"\*snort\* Just fine! Oh, wait hold on...AHHHH...AAAH...AAHHCHHHOOOOOOOOOOO!!"....

"Daaannnnngggg dawg, stupid head gone and blew himself up and what not!" said Tails.

Sonic didn't even have to lift a finger. The battle was over. It seemed Knuckles had to big of an

allergic reaction to himself and imploded. Now with that all said and done, Sonic and Tails

passed through the goal flag and completed "Act 1-1."

### 3 - Sonic 2 ch.3

Fan Fiction-"Sonic the Hedgehog v.1.1" CHAPTER III

(Green Hill Zone)

The view: Dr. Eggman's name has been switched to Dr. Lard-Butt.

----->

Sonic and Tails were now on Act 1-2. Just then they stopped right in front of one of those item

box thingies. "Yo foo! Looks like a crack storage container to me."said Tails. "Ummmmm....

I don't think so. It has a little blinking picture of a ring on it though." Sonic replied.

"Yo fo sho'! I dare you to kick it."

"Better not."

"Why?"

"Because Tails, it will make God unhappy!!!! First, he will overcook his Digorno' Pizza, then,

he will miss his tap-dancing lessons, and finally, he will forget the 1-800 number for QVC!!!

And why you ask?... all because you want me to kick the stupid box with the pretty picture on it!!

“Dude, you need help.” said Tails. “Well, if your not going to kick it dawg, then I will!” Tails

then walked up to the item box and kicked it. “NOOOOOOOOOOOOOO!!!!!!!!!!” cried Sonic. All

of a sudden, God came down from heaven and killed Tails. Sadly, he was all out of lives.

However, he used Sonic's one and only continue. Before they knew it, they had stopped arguing

and had gotten to the end of the level. However, there was no goal flag in this level. This time

some really cheesy (but awesome) 80's music started playing. This confused Sonic. Then out of

nowhere, Dr. Lard-Butt came in some strange looking death machine. It started to drive back and

forth. Sonic thought to himself, “How can I apply my newly forged jumping ability to this

screaming metal death trap?.....Hmmmmm....Maybe if I jump on Dr. Lard-Butt's head while

dodging his spikes of death, it just might damage him.” Sonic tried out his plan, but only to

realize that jumping on Lard-Butt's head only made him blink red a few times.

“Awwwww man! Its not working!”

“Yo Sonic! You IDIOT! It is working! After all, what kind of phenomenal animation can a piece-of-crap 16-bit system pull off anyway!”

“Ohhhhhhhhhh. No wonder! So that's why Pinnochio was made of wood!!!

“Sonic you re-re! What the heck does Pinnochio have anything to do with Sega?!”

“Boogers?”

“OMG, WTF! Just STFU and kik the crap outa that pile o junk. Lol, jk.” said Tails in perfect

ummmm...Internet-esse. Dodging the last ejector spiky thingy the evil Dr. Had to offer, Sonic

crushed Lard-Butt and his hopes and dreams of becoming a world famous dog breeder. (Don't

worry, I don't exactly get it either.) The battle was over, and level one was finally complete.

However, Sonic and Tails had no idea what was coming next.....Muahahahahahaha!!!!
