Chapter 1 - Waiting Here

1 - Waiting Here

"Waiting Here"

Its dark again
I await here on the shore.
I await my beloved's return.
Waiting
Pacing
Staring out to sea
I know he promised to return to me
Two years pass by
In the blink of an eye
Its so cold
I'm getting old
I know I can't wait forever
But I'll try.

Time is my enemy
So I have learned
I will wait here until you return
Its been so long
Since you've been gone
Are the memories I have
Still real
I want to believe
But something is tugging at me
To leave
To go
And forget
I know I cant wait forever
But I'll try

All I have left
Is a promise from you
I'm trying
But my hearts crying
Come back please
Just don't leave
I have to be strong
So I won't go wrong
My sanity is loosing its grip
Its about to rip
I know I cant wait forever

But I'll try

I love so much
My dark angel
You've got my heart tangled
Its wrapped around your wrist
Its like you're an enigmatic mist
I know you
I love you
So return to me
Oh please
I know I cant wait forever
But I'll try

My memories are starting to go
But I want to let you know
Something that's on my heart
So I will put it in art
In my picture I made for you
I'm sick
So sick
But I will wait
I've used the last of my strength
I know I cant wait forever
But I'll try

My art is done
So am I
I cant go on
I've got to die
I miss you
And I know you will return
I know It will kill you when you find out
So I will not tell
I don't want any suffering
I don't want the pain
That I'm going through
To affect you
I know I cant wait forever
But I'll try

Move on
Forget me
My end is soon

What I've wanted to say
Was that I love you
And nothing can tear my heart away
From you
I know I can't wait forever
But I'll try
Maybe not here
Somewhere
When I depart
Just remember
That our love
Is forever.
