Get ready for flashbacks now people! ^^

Sonic: And what exactly happened on that island? That tiny stone I threw in the water caused the whole island to blow up! And when did silver sonic come back to life I destroyed that tin can years ago! What about Amy my foolish ways almost got her killed I think it's time to start caring about other people from now on!

Sonic: This little rock is no ordinary rock I'm going to have to check up with tails! So I think I'll go to the hospital!

(Sonic runs off in a blue blur)

Sonic runs through the hospital and finds Amy's room

Sonic: WAAA! HOW CAN THAT ROCK HAVE AS MUCH POWER AS THE SEVEN CHAOSEMERALDS!!!

Tails: THAT'S NOT ALL SONIC IT'S NOT EVEN A COMPLETE EMERALD YET!

Sonic: so where are the other shards?

Tails: I scanned the emeralds trace and whereabouts it is and...

Sonic: What? What... WHAT! Tails!

Tails: it's located in a place in the sea but that would mean!

Sonic: Apocalypse!

Tails: But wait as soon as I use the auto targeting I am jammed by something the radar doesn't show nothing as well sonic I suspect eggman is involved in this!

Sonic: we've gotta get that emerald shard before it contacts water I suggest we go to the place where the radar gets jammed and we might find something!
