5 - Exciled and Cougarkit is born

Every cat in ThunderClan was gathered around the Hightree, a black and gray tabby stood on it's lowest branch. Standing in front of him was a dark gray tom with one eerie orange eye, a scar was where his other eye should have been. "Ironheart, you are to be excited for the death of one of our elders, Fawnwing. So I, Echostar, leader of ThunderClan cast you out and if you are in our territory we will kill you." Every cat hissed and spat at Ironheart. "Fine, I'll leave but remember Blindscar will be back!" Blindscar hissed as he ran out of camp. At the moment Blindscar left a yowl filled the air from the Nursery. Willowtree, the Medicine cat headed over with herbs in her mouth. Every cat sat in silence as Willowtree came out, her head low. "What happened Willowtree?" Echostar's soft voice breaking the eerie silence. Willowtree lifted her head up, tears in her pale green eyes "Emberleaf died in kitting, she only had one kit, a she-cat." She meowed. "What?!" came a hiss as a scarred dark ginger tom with one ear ran up. "I'm so sorry Bloodpool." Willowtree meowed. Bloodpool pushed his way into the Nursery, to see the limp body of a pale ginger she-cat with a brown leaf marking on her right shoulder, a dark ginger kit with a pale ginger muzzle, paws, and tail tip layed in her curve. "Emberleaf, my sweet Emberleaf!" He cried, nuzzling his face into her pelt. The kit cried for its mother, Bloodpool looked down at his daughter and then left and ran off. Amberwind, another queen and Emberleaf's best friend looked at the little scrap of fur, her two kits curled up with her. Willowtree entered with Echostar, picking up the kit in his gentle jaws. "Amberwind, will you take in this kit, she needs milk." Willowtree asked the amber tabby. "Yes I will, Emberleaf was my friend and I would do anything for her kit. Echostar layed the little dark and pale ginger she-cat down next to Amberwind's kits. "What should I call her?" Amberwind asked. Willowtree looked towards Echostar. "Her name will be Cougarkit." Willowtree and Amberwind nodded, the name suited the kit. Cougarkit drank the milk Amberwind provided for her, never knowing what her future layed in store for her.

6 - Meeting Horsepaw

" Cougarpaw, wake up you lazy furball!" A pair of lavender eyes opened to see a beautiful silver she-cat with unusual blue eyes looking at her. " Come on, Echostar, Cloudedstorm, Eagleclaw and Woodpaw are waiting for use." Silverpaw hissed to her friend before running outside the Apprentices den.. " Coming!" Cougarpaw called, licking her dark and pale gigner pelt of any moss. It has now been 9 moons sense Blindscar had been exciled and Bloodpool ran away from ThunderClan. Cougarpaw was last living descendent of Firestar, the great leader that had saved the clan 60 years ago. Cougarpaw ran out to join Silverpaw and get something to eat. They passed the Medicine cat's den to see Goldenpaw, Silverpaw's brother, sorting herbs. It made Cougarpaw sad that her friend would not become a warrior with them but he had chosen the right path for him. " Hi Silverpaw and Cougarpaw!" He called as they passed, they twiched their tails in greeting to him. As they arrived at the Fresh-Kill pile, they both took a mouse and ate them quick. They saw the four cats up ahead. " There you two are!" growled Eagleclaw, Woodpaw sneered at them from his mentor's side. Woodpaw always made Silverpaw mad, even when they were kits he would always tease them. " Well lets go now that everyone is here." Cloudedstorm replied, leading behind Echostar. As they arrived at their training grounds, Eagleclaw turned to the three apprentices. " Today, you three will be hunting alone. Silverpaw, you hunt near RiverClan, Woodpaw, Sunningtree, and Cougarpaw, near Windclan. be back before Sundown." With that the three apprentices went off in different directions. Cougarpaw arrived at the meadow that cut ThunderClan from Windclan. She smelled the air *Rabbit!* She crouched down low, keeping quiet in the long grass. She then saw the large gray rabbit, chewing on a blade of grass. She moved forward and then pounced, only to meet heads with another cat, the rabbit scurried off. Cougarpaw shook her head and saw a handsome white tom with tan patches and tail with black paws and ice-blue eyes. " Sorry about that." he mewed, getting up onto his paws. " That's alright, my names Cougarpaw." She replied. " Name"s Horsepaw, I'm from WindClan." Cougarpaw now noticed that his pelt seemed windblown and he looked very fast. " I'll she you at the next gathering maybe?" Horsepaw asked. " Sure!" Cougarpaw replied. " I'll see you then bye!" He mewed as he ran off into the long grass. Cougarpaw felt her heart skip a beat, and she blushed. " He"s so handsome." She mewed. She shook her head and headed off in search of more prey, not knowing that Horepaw would play a big role in life from that moment on.

7 - Runningpaw's POV

" Runningpaw, wake up!" Nightpaw meowed, noseing his brother to get up. " What is so important that you need to wake me from a great dream?!" Hissed Runningpaw as he looked up at his brother. " We're going to get are warrior names mouse - brain! Now come on, Morningstar's waiting for us come on!" The long-haired black and white tom ran out towards the Highstump. Runningpaw stood up and cleaned his pelt, making his brown tabby pelt shine. " You ready Runningpaw?" Runningpaw turned to see his mentor Wolfcloud and his mother Darkstripe. " Yes I am, lets go!" He mewed, walking behind them to the Highstump. Standing upon the stump was a beautiful tortiseshell she-cat, she twitched her tail for silence. " Today we are her to give two apprentices their warrior names." She yowled. Nightpaw and Runningpaw stepped forward. Morningstar turned to them. " Nightpaw and Runningpaw, do you agree that you will protect the clan with your lifes and to always fallow StarClan?" She asked him. " I do." They both said. "Then by the power given to me by StarClan I give you your names." She turned to Nightpaw " Nightpaw, from this moment foreward you shall be know as Nightsnow, RiverClan welcomes you as a full warrior." Morningstar touched her nose to Nightsnow's forehead and in return he licked her shoulder. She then turned to Runningpaw as Nightsnow went to sit next to their father, Tigerfoot. " Runningpaw, from this moment foreward you shall be know as Runningtiger, RiverClan welcomes yuo as a warrior." After doing the same as Nightsnow, the clan broke up and went to go sleep for the night. Tigerfoot walked proudly up to his sons. " You two must now protect the clan till Sunrise." The two nodd and sat in the camp clearing. Runningtiger looked up into the sky, and saw a shooting star, then he went still and a message from StarClan came to him.....

8 - Siren paw & Horse paw's POV's

A patrol of ShadowClan cats were patrolling around the boarder near WindClan. The patrol consisted of Dragonstar, Maskface, Gravelstream, Leafpaw, and Siren paw. " Do you smell anything Leafpaw?" Said the Siamese tom known as Maskface to his apprentice. The young light brown and white tabby smelled the air, Siren paw rolled her eyes and went to go walk beside her father. "WindClan!" Squeaked Leafpaw as he saw the patrol of WindClan cats in front of them. Siren paw's dark gray and white pelt was fluffed out and her silver eyes showed like stone. The WindClan patrol consisted of Creamfeather, Oreowhisker, Smalltail, Horse paw and Weaselpaw. " Creamfeather, what are you doing so close to ShadowClan?" Dragonstar asked with a hiss to the WindClan Deputy. Horse paw stood beside his mentor, his ice-blue eyes were locked with Siren paw's. " We didn't know we were so close." Growled Oreowhisker, but was silenced by Smalltail. " Well, don't let us catch you so close again!" Snapped Siren paw, only to feel the sharp nip on her ear from her father. " same to you!" Hissed Horse paw, only to be pushed along by his friend Weaselpaw. " You should show more respect Siren paw, your as bad as that WindClan apprentice." Meowed Dragonstar as the patrol walked back to camp, not to far off Creamfeather was telling Horse paw the same thing. That night, Siren paw sat outside the Apprentices Den, her silver eyes looking up towards the sky, at WindClan Horse paw sat outside the Apprentices Den and looking up as well. Then a shooting star went by and they were in a trance, a Prothacy came to them. Back in ThunderClan, Cougarpaw was having the same one.

A new evil has come in the form of a Blind scar. Only the power of four can save the clans from this evil, Thunder's HeartRiver's TigerWind's Stride and Shadow's Song shall save the clans.
