1 - Prologue

PROLOGUE:

BRZAP!!!!

Ace: Woh! Where are we!

Aaron: It looks like we're on the Space Colony ARK, but I didn't use the Chaos Control remote. Didn't Eggman steal it? How could we have gotten here?

Flicky: Maybe FATE brought us here.

Aaron: Uh...yah and maybe next we'll run into a living mutant ice cream cake!

Flicky: We will!

Mysterious voice in the Shadows: It was me. I initiated Chaos Control. This is where Eggman escaped to. Your last emerald is in our possession.

Aaron: Who are you!

Mysterious voice: My name is...

Shadow: Shadow the Hedgehog. I am the world's ultimate life form created by Professor Gerald Robotnik.

Ace: Shadow?!

Shadow: You two hold the six remaining Chaos Emeralds we require to power a weapon of mass destruction known as the eclipse cannon!

Flicky: HA! *sticks out tongue* We'll NEVER give you our Emeralds!

Shadow: Resistance is futile. Hand over the emeralds or I take them by force.

Aaron: WE'RE the ones who should be saying THAT! WE want YOUR emerald.

Shadow: I clearly warned you. Now you've practically surrendered. CHAOS CONTROL!!!!

Ace: ACK!!!!

time frozen

Shadow: Doctor, I have the emeralds.

Eggman: Well get to the control room! I don't have all day!

Aaron: Oh no! I've played this game!!! If they ever get their hands on the emeralds, that cannon could destroy the Earth!

Ace: It might change the present so that Earth doesn't exist!

Flicky: Well c'mon! Can't we follow 'em?

Aaron: Let's go!!!!

Eggman: HAHA AAAA!!!! The remaining Emeralds are OURS now!

Shadow: Now all we need to do...is insert the Chaos Emeralds and engage the machine!

Eggman: Haha!!! One...two...three...four...

Aaron: I've got to stop them!

Flicky: It's too dangerous!

Aaron: I have to disable that machine!

Eggman: five...six...

Aaron: NOOOOOO!!!!!!!

SPIIIIIINNNNNNNNNNNNNNNNNNNNNNN

Eggman: SEVEN!!!!!! SHADOW!!!! FIRE THE CANNON!!!!

SMASH!

Eggman: Too late Aaron! The machine has already started!

KSSSHHHH.....

Shadow: What?

KSSSHHHH.....

Eggman: The machine isn't WORKING!!!!

Ace: You did it Aaron! You really DID stop the machine!

Eggman: HE DIDN'T!!!! LOOK!!!!

KSSSHHH.....KSSSHHH.....KKKKKKSSSSSSSSSSSSSHHHHHHHH!!!!!!!!!!!!!!!

Byoop! Bweep beep!

Gerald Robotnik: HAHAAHAAAAA!!!!!! Finally! Has it taken you THAT long to get all the seven emeralds?

Ace: Gerald Robotnik is...

Flicky: On screen?

Aaron: *snatches Chaos Control remote back from Eggman and points it at screen*
I hate THIS channel too. Do you have Pay_Per_View?

Eggman: SHUT IT!!!! It's my grandfather! And he's...right there on the screen?

Gerald: Fools. This cannon was designed to destroy the Earth! And you with it!

Aaron: WHAT?!

Shadow: Is he trying to take revenge?

Flicky: er...maybe he just needs a nap.

Gerald: The entire Space Colony ARK's REAL purpose, has now been initiated. None of you morons are permitted to use MY equipment! Now, the ARK is to impact the planet Earth in approximately 1800 seconds. Nobody will survive from the ARK's crash course. Everybody will pay for what they've done to me. EVERYBODY!!

Aaron: Aw poop! I hate educational TV. Who wants to watch Hawk Egg!

2 - The Biolizard

Eggman: We need to stop the colony's crash course before it impacts Earth!

Aaron: Did you hear THAT Ace? We need to get to the colony's core all over again!

Ace: But this time, WE get involved!

Aaron: If we can't make the past the way it was supposed to be, the Earth might not exist in the present!

Flicky: And we're gonna need YOUR help you guys! Shadow, Eggman, WHO'S WITH US!!!!

silence

Aaron: I guess it's up to us guys!

Ace: But WE cant get to the colony's core! That level was hard!

Flicky: and LONG!

Aaron: Oh yes! We can! With a little something that would've been smarter to do 3 years ago: CHAOS CONTROL!!!!

BRZAP!!!!

Ace: Well THAT was easy! We're in the colony's core! Now we just need to stop the Chaos Emeralds!

Aaron: Ah CRAP!!!! (sorry i said that, Mightyboy7 can delete it under popular request) In the video game, we needed the Master Emerald to stop the Emeralds! We don't have the Master Emerald!

Jade: I can help you out with that!

Ace: JADE!?!?!?!?

Jade: In the flesh!

Aaron: How'd you get here!

Jade: I'd normally be asking THAT! The agency sent me out here to help you guys out! They gave me the prototype model of the Chaos Control remote amplifier!

Ace: You have a remote too!?

Jade: Uh huh! While visiting Sonic the Hedgehog 3, I was able to snag THIS!

Aaron: That's the Master Emerald!

Flicky: How'd you get your hands on THAT!!! Wasn't Knuckles guarding it?

Jade: HA!!! Knuckles? He couldn't guard the Master Emerald if he were in an empty deserted room! Here you go! *tosses to Aaron* I guess the agency was right; you ARE hopeless without me!

Ace: How's Amanda? She doin' OK?

Jade: Eh, she's probably out with that green hedgehog. I'll deal with HIM later. C'mon! We got a world to save!

Aaron: Boy, how the heck does that chant go? The servers are the seven Chaos; Chaos is... Chaos is... Red?

Ace: Pudding?

Flicky: 12?

Jade: a figment of your imagination?

Aaron: Green Beans?

Ace: Red?

Red is enriched by the... liver?

Ace: stomach?

Flicky: brain?

Jade: bicep?

Aaron: OH IT'S NO USE!!!!

Ace: We'll never remember the chant!

Flicky: We only have about 15 minutes to figure it out!!!!

Shadow: I know.

Aaron: Shadow?

Jade: I thought YOU were sitting out?

Shadow: And miss out on all the fun? This is what a friend of mine would've wanted! And I won't let her down!

Ace: Then TELL US ALREADY!!!!

Aaron: Is it A. Red, B. Green Beans, C. Bicep, or-

Shadow: Shut it!

Jade: Boy, its a good thing they never put HIM on "Who Wants to be a Really Rich Guy."

Shadow: The servers are the seven Chaos, Chaos is power, Power enriched by the heart.

Ace: (that was my second guess)

Shadow: The Controller is the one that unifies the Chaos!

Flicky: I remember!

Aaron: Only you can do this!!!!

Jade: STOP THE CHAOS EMERALDS!!!!!!

BYOOP!

Ace: Woh! What happened?

Aaron: Why isn't anything happening?

Jade: *holding a plug* We forgot to plug it in.

Everyone: (sigh)

3 - Super Aaron?

Shadow: HURRY!!! PLUG IT IN!!!!

Jade: I'm going as fast as I can!!!!

Flicky: We don't have much time!!!!

Jade: I got it! Let's go! The servers are the seven chaos!

Aaron: Chaos is power!

Ace: Power is enriched by the... I'm hungry! Who's up for a snack at Uncle Chuck's?

Flicky: *raises hand*

Aaron: (sigh) START OVER!

Shadow: Only you can do this! Stop the Chaos Emeralds!

CRASH!!!!

Jade: Hey! Nothing's happening!

Ace: The colony is still gonna hit the Earth!!!! Well, we tried. Who's up for a soda while we enjoy the last 10 minutes of our lives!

Aaron: We need to check this out! CHAOS CONTROL!!!!

ZAP!!!

Shadow: Chaos Control! ARGH! The progress of technology has reduced ME to a useless, normal hedgehog!!!

Aaron: WOH! What the heck is that!?

Aaron, Ace, Flicky, Jade, and Shadow look out the window to spot a giant mechanical dragon pulling the ARK towards Earth.

Ace: I've never seen THAT! Is THIS what happens after the Cannon's Core level?

Jade: Geesh! Where have you been? I happen to be the number one Gamecube expert and that beast is the Biolizard monster, prototype of the Ultimate Life Form which was intended to be named Shadow

until you came along.

Shadow: (sighs)

Jade: This monster was a creation of Professor Gerald Robotnik's which was originally established to benefit the Earth, until a military force named G.U.N. shutdown his research due to illegal matters and Gerald's daughter, Maria died from the crisis. So the depressed professor went completely insane and set his sights on destroying the Earth, and I'd say his plans are pulling off pretty well.

Ace: Geesh. Have you beaten that game?

Jade: 57 times.

Aaron: OK Sir Unnoy Inglee Yapalot, can we stop it?

Jade: Well, we'd need the seven Chaos Emeralds to transform into a super form.

Aaron: Super form?

Jade: Yah! It's a transformation that would make us a LOT more powerful and capable of defeating the final hazard, but the Chaos Emeralds are back at the control room! We can't get there and back AND destroy this beast in only 8 minutes!

Shadow: *thinking in silence* I'll help! Gimme 30 seconds! Chaos Control!

BRZAP!!!!!!!

Flicky: He's gonna fetch the Chaos Emeralds? Great! After he gets back, if we move quickly enough, our time budget will give us about 6 minutes to figure out how to beat up that mean lizard!

Aaron: Jade, I didn't know we had SUPER forms.

Jade: Any Mobian creature with the power to harness the energy of the Chaos Emeralds has a super form. Sonic does.

Aaron: HE'S not here!

Jade: SHADOW does.

Aaron: Does that mean it's up to him?

Ace: I dunno, it takes two to defeat the ultimate life form prototype.

BRZAP!!!

Shadow: Actually, the saying goes, It takes two to Tango!

Ace: What's the difference? They're both equally as painful.

Aaron: Shadow!

Shadow: I have the Emeralds! All seven of them!

Aaron: Maybe I can harness the power of the emeralds like Sonic.

Flicky: Maybe you CAN!

Ace: Give it a try Aaron!

Aaron: Alright! Here goes NOTHING!

SHING! VWOOOOOOOMMMMM!!!!!!

GLOW!

Jade: YES! I think it's working!

BYYOooooooooooooopppppp...

Flicky: It's not working.

Ace: SHADOW transformed. Aaron?

Aaron: Aw darn! I don't have a super transformation!

Shadow: Then who does?

Jade: Sonic!

Aaron: But our mission in the FIRST place was to save Sonic who's locked in a time-sealed cell! And we can't open it unless we have the ...seven ...chaos ...emeralds! THAT'S IT!!! I'll be right back! CHAOS CONTROL!!!

Ace: AARON!! We only have 5 minutes! Are you SURE you know what you're doing?

Aaron: I'm positive! And I promise I'll be right back!

BRZAP!!!!!!

Flicky: Well, at least we have the seven emeraaaaAAAAHHHHH!!!!!!

Ace: What's up?

Flicky: WHERE DID THE CHAOS EMERALDS GO!!!!

Jade: They're gone?

Ace: Aw, man. We lost Aaron, the Chaos Emeralds...

Jade: And next, the WORLD!

Ace: Oh well. Who wants their last soda before the world ends!?

4 - The Finalhazard

BRZAP!!!

Aaron: HA! I'm finally here in the present! Good thing I brought the CHAOS EMERALDS with me!!!
HAW! Yah kids, that's what happened to the Chaos Emeralds! I have them! NOW I just need to insert them into the cell and....

VWZZZZZZZZZZZZHHHHH!!!!!!

Sonic: uggg... I'M FREE!!!!

Aaron: So YOU'RE Sonic!

Sonic: The one and only!

BYOOP!

Chief: Ah finally! You've saved Sonic! Now just bring him back to the agency for analysis and you can take yo-

Aaron: Sorry Chief! But it's an emergency! I need to take Sonic back to the year 2001!

Chief: Are you MAD!? Sonic has just been rescued. The agency can NOT afford to lose him again!

Sonic: Don't worry Chief! I can handle it! You can count on me!

Chief: Oh FINE but BE CAREFUL!

Sonic: Will do, Chief! Wait a sec! 2001?

Aaron: I accidentally changed the flow of time so that The Biolizard is about to drag the Colony ARK into the Earth all over again and since YOU weren't there to stop it, the world will be shattered to pieces!

Sonic: WHAT!? Think of something MORE idiotic!!!!

Aaron: Wait! There's still hope! If you can change into Super Sonic, and help Shadow defeat The Finalhazard, we can still save the Earth!

Sonic: But I need the seven emeralds to change into Sup...er...

Sonic looks at the Chaos Emeralds Aaron used to open his cell...

Sonic: Alright! Let's kick some Biolizard butt!

Aaron: You grab the Chaos Emeralds! CHAOS CONTROL!!!!

ZAP!!!

Meanwhile...

Jade: AGH!!!! We're gonna crash into the Earth!

Flicky: We're doomed!

Shadow: Only 2 minutes remain! I hope Aaron hustles.

BRZAP!!!!

Aaron: I'm BACK!!!

Sonic: AND he's brought company!

Ace: Sonic!

Sonic: C'mon Shadow! Let's crush this creep!

SHWING!!!!

Jade: It's Super Sonic and Super Shadow and finally we get to see 'em in action!

Sonic: We'll be back! Give us TWO minutes!

Aaron: Welp Ace, WE did it! We rescued Sonic, got the Chaos Emeralds, and now we get front row seats to watch Super Sonic and Super Shadow beat up the Biolizard!

BANG!

SMASH!

POW!

WHAM!

BUMP!

CLANG!

UURAAAAAAGGGGGGHHHHHHH!!!!!!!

Sonic: Did you REALLY think you had a chance!?

Aaron: But now all they have to do is warp the ARK back to its orbit!

Shadow/Sonic: CHAOS CONTROL!!!!

Ace: (gasp) nothing's happening!

Sonic: We need more power!

Aaron: Here! Catch! *throws Chaos Control remote to Sonic*

Sonic: CHAOS CONTROL!!!!

BRZAP!!!!

Flicky: YAH!

Jade: WOOHOO!!

Aaron: Go Sonic and ShaddddDAAAAAGGGHHHH!!!!!!

Ace: Boy, is Flicky's dialogue getting to ya?

Aaron: No! Shadow's gone!

Everybody: GONE?!

Flicky: Well I hope someone finds him!

Jade: I think he caught fire in the Earth's atmosphere and died on impact!

Ace: WHAT?!

Jade: Well that's the way it happened in the video game!

Aaron: Hmm...well...Ace, Sonic, Jade, and I gotta get home, and YOU Flicky need to get back to Sonic 3D Blast!

Flicky: WHEEEEE!!!!

Aaron: CHAOS CONTROL!!!!

The next day...

Ace: WOW!!! 1836475 channels?

Aaron: That's what the manual says!

Ace: COOL! There are channels on THIS TV that I only see in my dreams!

Aaron: I'm glad we spent our 4 million dollars wisely!

Ace: HA! Wisely? We got a vending machine, a big screen high definition surround-sound Television, a Nintendo Gamecube, a Playstation 2, an XBox, a Playstation, a Nintendo 64, Nintendo, Super Nintendo, Sega Genesis, Sega Saturn, Sega Dreamcast, a lifetime supply of Meat pies and Corn Dogs, and a Plink-O! What more could you ask for?

Aaron: What's a Plink-O?

Ace: I DON'T KNOW! BUT IT'S EXPENSIVE!

Aaron: You wanna watch Hawk Egg?

Ace: Does Corn Dog start with K?

Aaron: Hawk Egg it is!

THE END
