## 4 - i'm tired

Odd Days At Chaotix HQ title name by Ultimate\_lifeform

I m tired by phantom42

Keeping idiots entertained since 1992

Dear Ash

I m writing this letter to inform you that I really tired and over worked. And I have a right to complain!

The population of the USA is 237 million

104 million are retired. That leaves 133 million to do the work.

There are 85 million in school, which leaves 48 million to do the work.

Out of this there are 29 million employed by the federal government. This leaves 19 million to do the work.

Four million are in the armed forces, which leave 15 million to do the work

Take from that total the 14,800,000 people who work for the state and city government and that leaves 200,000 to do the work

There are 188,000 in hospitals, so that leaves 12,000 to do the work.

Now, there are 11,998 people in prisons. That leaves just two people to do the work.

You and me

And **you re** sitting here reading this!

So I demand a raise or I ll quit! I mean it!

Lots of love

Espio xoxo

If you don't I'll shoot you.

Chicken- clue clue clue!!!

Flyer- and that's why I like chickens!&.guys?

Vector- (listening to his little walk man thing)

Mighty- (sleeping)

Charmy- (sing that bee bee charmy bee song that he sings in sonic heros)

Espio- (pointing at a name in the phone book calling it and saying he hates them)

Flyer- You, You didn't like my story about chickens =(

Charmy- it didn't start out about chickens.

Flyer- it didn't?!

Charmy- no.

Flyer- what was it about then?

Charmy- I don't know, we weren't really listening.

Flyer- oh.

Charmy- but I do remember some stuff!! Like candy hearts, then you started to sing, and then we left to go to six flags then we built a tiny model of six flags, then espio broke it, then we went to the arcade and I got to wait outside, then victor came outside, then we went swimming, then we got ice cream and me and victor got to wait outside again, then we came home and went to bed, then we woke up and espio tried to kill me, then mighty went in his room to look at his stash of porn, then I played dolls with turbo and link, then link got drunk and tried to kill me and turbo was just standing there pointing and laughing at me, then I had a tea party with cream, the mighty came along and killed cream with a knife, then he

ate cream, then I went to cream s funreal all they could find were bones though, then I went home, then victor was listening to his walkman thing, espio was stealing porn from mighty s room, and then I was singing, and mighty fell asleep, then espio shot me in the head in the bottle rocket, then I had to drive myself to the hospital, then I came home, and mighty was eating pizza, then mighty finished the pizza and drew a slice of pizza on the wall with a crayon, then Espio thought it was pizza and slammed in to the wall, then he tried it again and again for about 3 hours, then he found out it was drawn on there with a crayon, then he thought I did it and shot me, then I had to drive myself to the hospital again, Then I went home and fell asleep, then I woke up to find that some of my organs were gone. Then-

This chapter would have taken about 4 days to read to I m just going to cut it off here.
