Updated: October 2, 2005

This is a story from the point of veiw of my oc character (Shocker) He is looking for his brother and finally found him.

1 - Chapter 1

I do not own the Mega Man X characters. Though I do own Shocker, Gamma, Phailam, and this plot

Shocker

The name is Shocker I am what's called a reploid. A reploid is kind of like a robot. I am one of many I'll name a few me of course, My little bro Axl, Zero, X short for Megman X. There are two groups of reploids, the Resistance and the mavericks. There are of course different types of the Resistance like me and three others I listed (Zero, Axl, and X) are Class S Maverick Hunters. But anyways the Mavericks think we are higher than "inferior humans" and are bent on the destruction of humans. However, the resistance is staying with the humans to try to help them. My brother Axl and I both have a power called the chameleon chip it allows us to turn into anything.

Chapter 1

I was tripping every alarm I could find (On purpose of course) and then cut the alarm off before it had a chance to alert any of the guards. Because I knew my Little brother was following me even though I told him not to. (He is such a pain) Then all the sudden an alarm went off that I knew I didn't set off. Did I miss one? Thoughts went racing through my mind. *I'm such an idiot* I thought and I tried to roll but I wasn't fast enough and a cage fell over me.

I turned around as fast as I could. "RUN!" I shouted to my little brother trying to look as innocent as

possible.

"I cant leave you behind Shocker!!" He shouted back at me over the alarm.

"I'll be fine just go!" I shouted again. He hesitated " It's okay I'll be fine."

"Are you sure?" He asked me.

"Have I ever let you down Axl?" I asked him. Which I can honestly tell you I have never let him down.

"No I guess you haven't." He said gasping in between guilty tears. Then he finally ran off.

FOUR YEARS LATER

I was "working" with the Mavericks at this time but secretly trying to find out where my little brother could be. I was on the computer looking to see if it could help find where he was when Phailam intruded. "What do you want Phailam?" I asked shutting the search down. Phailam looked a lot like Pharem did a pink suit except her wings a lot more advanced but other than that she was pretty much the same. We don't get much time alone nobody trusts anyone in the Maverick facilities. Maybe that is why spies can never get in here. With an exception for me of course. "Gamma wants you Shocker. He has another mission for you." said Phailam "Another… all right." Gamma worked me ragged while I was there. "Gamma, sir" I said.

"Shocker." He said. "I have a mission for you"

"As I have learned from Phailam, Gamma, sir." I said

"You will infiltrate the Resistance base to the North and get as much information on their main base at all costs. Do you hear me!?"

"Sir yes sir!" I shouted.

"Dismissed!" said Gamma. Therefore, I left the room thinking, once again, if this is where my brother could be working. If so I might have to fight him.

2 - Chapter 2

I know this chapter is short but give me a brake I have to type with one hand because I broke my finger By the way please comment if you read. Even constructive criticism is nice. Also please disregard any misspelled words and grammar. Now than for the disclaimer Axl would you like to do it?

Axl: Okay Protofan does not own any of the Megaman X character only Phailem, Shocker, Gamma, and this plot.

Chapter 2

I was running as fast as I could to the Airbus to get me to the base and luckily got there before it left. I gave the human girl there the ticket I bought. I'm used to picking out the not so useful details, like the person being a human, from being in with the Mavericks for so long. I got on the Airbus and ended up with a little time to sit and rest before it left. A good thing for the Mavericks to have would be the chameleon chip because I can walk along without being noticed. However, the others can't because everyone knows who they are.

The Airbus left two minutes after I thought that. *"Okay"* I thought. *"here we go again."*

Over by where my brother was they were talking about me… they just didn't know it. "There have been break-ins all over the place… nothing much stolen just some information." said Commander Amelia said.

"What information?" asked Zero.

"Information about the main base. We think they are going to infiltrate it." She said starting to look very serious which she usually wasn't serious.

"So do you want us to find the person who's going to do it and take him down?" asked Axl.

"No. We're not even sure if it's going to happen it's just a rumor but we will strengthen our defenses." The Commander said

"Okay Commander Amelia." said X.

Now I was at the North base. I had a feeling that this was where Axl was. I didn't know how, I still don't, but for the life of me, I knew he was here. I didn't know why he would be here either because most of the Class S Maverick Hunters worked at the main base unless they were checking up on another base. So I figured it was just my imagination. I was running of course zigzagging through the people walking back and forth and found the information room. At first I was somewhat nervous thinking that they had probably heard of the other places I had robbed of their information. However, I eventually loosened up and took the information. That was a big mistake loosening up I mean. Otherwise, I would have noticed the alarm there. Nevertheless, I did loosen up. Therefore, I did not notice it.

The alarm went off so sudden I must have jumped ten feet in the air. By the time, I realized what was going on, I was totally surrounded.

However, they were not trained very well so I easily slid under one guard's legs and got past him and then took off running. However, as I was running Axl and I ran right by each other. Axl coming from the other direction apparently he was somewhere over there when he heard the alarm

"Shocker?!" Axl said obviously surprised to see me here.

"Get him he's the thief!" somebody said behind me.

The next thing I knew Axl was in front of me. "I don't want to hurt you Shocker." He said in a low voice making him sound menacing.

"That makes two of us." I said back to him. I really didn't. I mean come on he is my kid brother. So we circled each other for a while watching each other's every move expecting the other to make the first move. Then Axl came at me and tried to attack me. But I easily dodged it. Then I saw X and Zero and then I knew I was in trouble.

If I ever type Epsilon instead of Gamma correct me I did not mean it. I was going to originally going to use him but then I remembered that he died in Megaman X Command Mission and I didn't feel like making up some excuse for how he got back. Sorry I'm lazy with anything besides school now that it has started. Please comment.

3 - Chapter 3

Chapter 3

"Why did you steal that information? Then give it to the Mavericks?" asked Axl.

I was now in a room with which they used to interrogate me.

"Okay I'll admit it I did steal the information but I gave them the wrong information everything I read I gave them the opposite. I swear it." For a while, Axl just sat there and stared at me it felt as if he was staring into my soul.

Then finally he said: " He is not lying."

"How can you be sure Axl?" asked Zero.

"I'll vouch for him." He said

"Good enough for me." Said X. "I believe him."

"So do I.," said Zero. "If Axl will vouch for him he can't be that bad."

"Gee thanks." I said rolling my eyes.

I ran to the door. "If we hurry we maybe able to cut Gamma and the others off at section 22063." I said. We mark our maps by sections.

"Why that old place?" asked Zero.

"Because man that's where I told them the main base was!"

"And they believed you?!" asked Axl "They're dumber than I thought!"

"Yeah well they thought it was like you guys hiding it there `cause they wouldn't think of looking there." I said.

We warped there took a look around and decided that the Mavericks must have been there considering that the walls were torn apart and there were pieces of the ceiling on the floor. Then we figured they must have left and warped out.

When we got back Commander Amelia was waiting for us.

"Isn't that the thief who stole the information from three bases so far?" Commander Amelia asked. Axl

was about to open his mouth to speak when I stepped forward.

"Umm Commander Amelia is it?" I asked. She said nothing but nodded her head so I went on. "Well yes I did steal the information but I gave the Mavericks the exact opposite information. So we left to go see if they already left to go to the "main base." They were already there and it looked like at least one of them is really mad at me ma'am." I took a deep breath in and let it out that was a lot of talking and I did it mostly fast.

"I see but you did steal the information," said Commander Amelia softly but coldly.

"Yes ma'am." I answered.

"So if you do decide to stay we'll have to keep you under surveillance." She said.

"But Commander Amelia—" started Axl

"No it's okay." I said.

So I spent the rest of the day walking around with my little bro talking about how much better he has gotten. Also with surveillance cameras all over the place but that's okay catching up is still catching up even if people are staring at you the whole time. So the next night I planned to get out of there

"I have to get out of here," I said to my self. *"I have to."*

4 - Chapter 4

Hiya!!! Sorry the chapters are so short. Zero do the disclaimer *__Gets big puppy dog eyes__* Please???

Zero: Fine… Protofan does not own me or any other Megaman X characters only Shocker, Gamma, Phailam, and this plot.

Me: Thank you!!!! If you read this please comment even if it is constructive criticism. <u>BUT NO FLAMES!!!</u>

Chapter 4

I learned from the information I stole that the cameras shut off at 12:00 to 12:05. so I waited and waited and waited. Then it was finally ten seconds until twelve. I counted them down. Ten, nine, eight, seven, six, five, four, three, two, one, zero. I jumped out of bed and ran to the door. Then I screeched to a stop first I put pillows under my sheet to make it look like I was sleeping. Then I wrote a quick note that looked like this

Dear, Axl and others

Thanks for letting me stay even though I stole some information trust me I swear I did not give any real information. You have been very generous and I thank you for that. But I do not want to put you in danger by staying here. There is no doubt in my mind that Gamma is mad at me and he will most definitely come after me do not worry about me Axl I will be fine.

Sincerely, Shocker

Then I ran out the door and quietly walked to the back exit. When I got out of the Northern Base I thought, I was home free until I saw Gamma there standing in the dark like a shadow he scared me half

to death. "uhhhh Gamma sir. What are you doing here?" I asked.

"What do you think Shocker? I'm here to ask you a few questions. Why didn't you come back right away?"

"Well because I got caught." I said. Though I knew that he probably wouldn't believe it.

"You Shocker? You're the best reploid on this team. You have betrayed me." said Gamma threateningly.

"Betrayed isn't the right word for it. I was never on your side the only reason why I was with you for the past four years because that was the only way to find my bro Axl." I said.

"But now that you've found him your leaving?" asked Gamma.

"Well yeah but--"

But before I could finish Gamma interrupted. "But you don't want to endanger him right?" he asked.

"Yeah right." I said back.

Then he came running at me. I braced myself for the attack but I still went flying back and ended up hitting a wall.

"Ouch!!" I said. But I had to get back up quickly because Gamma was getting ready to attack again. I got up and took out my flame saber. "I'm ready for you this time Gamma." I said. But apparently I did not mean it. Because just then he had sunk into the shadows and I could not see him anywhere. I heard a noise behind me. So, I ducked and I could see his sword come over right where my head had been. This really freaked me out. I swung my leg around to see if I could trip him but he must have already jumped out of the way probably expecting me to do that. I looked around to see if I could find him somewhere. But of course I couldn't because Gamma was the one who taught me how to be quiet while "hunting your prey." Then everything went black

Well I hope you liked it. Like I said above please comment but no flames okay? I know I might have mixed up the whole X thing but I was having a hard time remembering about the X series. I still am so don't flame me for that k? I worked hard on this fic. Oh yes and if you ever see that Phailams name is spelled different in two different spots tell me k? I would appreciate. Like I said comments.

5 - Chapter 5

I'm SO sorry for the lameness in this chapter but I was having writers block and it was the first thing that popped into my head. Shocker do the disclaimer please

Shocker: *__sighs__* fine I'll do the disclaimer. Protofan does not own any of the Megaman X characters she only owns me, Phailam, and Gamma

Me: Thankies!!!! Alright like I said before please comment. But no FLAMES!!!!

Chapter 5

When I woke up I found that I was locked up in a dungeon. So I had to look up to see out of the window. But there wasn't anything worth seeing. I could not see anyway to escape. *"I'm a goner"*

Was the only thing going through my mind at the time. But then I thought *"Maybe if I could fake Gamma out. Wait I don't even have to try to fake Gamma out just this guard. That shouldn't be to hard."* "You're not a very good guard you know." I said trying to get his attention. But he didn't say anything. "You don't taunt or anything. You don't even talk." I said mockingly.

"Wouldn't that make me a good guard?" he said quietly just enough for me to hear him. But he didn't know that.

"What did you say?" I asked.

"Nothing." He said. I have to give credit to Axl for this he would always do dumb things like this to me.

"No come on tell me what you said. Come on I want to know. Just say it one more time you don't even have to say it loud." I said smiling. But he couldn't see me smile because he was facing me but wasn't really looking at me when he talked he just kind of spaced out. "Here come on I'll even come a little closer."

"Would you just shut-up?" He said and turned around as if trying to tune me out.

But that was a mistake because that is exactly what I was waiting for. I grabbed him and held my hand around his mouth so he couldn't scream or try to alert the other guards. Then I yanked him back so his head hit the bars hard and it knocked him out. I grabbed his keys and unlocked the door. Then I pulled guard in the cell and climbed up and out, and locked the door behind me.

Then using the power of my chameleon chip, I changed my form to look like the guards and calmly walked out of the dungeon.

When I made sure there were not any guards around or any surveillance cameras around to see me I started running down the hallways to the exit. Then I heard the alarm going off. I knew there were three things that could have happened.

One my bro and his friends came after me, two I missed one of the cameras, or three they found the guard unconscious in the cell. I was kind of nervous because it made me think of what happened when I first infiltrated a Maverick base and I got separated from my brother, Axl. But I don't think I missed a camera. I felt upset because either I didn't hide the guard good enough or I didn't teach Axl how to sneak around very well before we got separated.

Then I let my guard down and stopped running sneakily like hiding by walls and just started jogging down the hall. "Your going the wrong way!" said an all to familiar voice.

6 - Chapter 6

Well at least this chapter is longer. I get my chapters up kind of fast but only because they are short. CodeCrush I'm sorry. I know these chapters are short but it's hard to type with one hand. Colette_12 Thank you I didn't really like the last chapter though. It's okay. Often if you take a while and think really hard about what you should right it comes out well… better than mine at least. Lol. Beybladegurl My loyal viewer thank you for all the comments. It's okay I get writers block a lot too.

Okay now for the disclaimer. Who should it be next ***X wildly raises his hand because he does not know the horrors of saying the disclaimer.*** Dun dun dun. *Looks to Axl and Shocker desperately*

Axl & Shocker: Nope!

Me: Man!!! Fine X you can do the disclaimer.

X: Yaaaayyy!!! Protofan does not own me or any of the other X characters only Shocker, Gamma, and Phailam. Yay that was fun.

Everyone: O__o

Chapter 6

But it wasn't Gamma at least it was only Phailam. "Uh right sorry ma'am." I said. She said nothing just ran off in the other direction expecting me to follow behind her but there was another guard that was late to react so it fell in behind her so I figured that Phailam thought that he would be me. So I took of running in the other direction carefully again. When I saw Axl running in the other direction. "Hey Axl over here." I said. Then I changed back into my original form.

"Huh? Ah man looks like you didn't need my help." He said.

"What? Gee that makes me feel good." I said mad at my brother for making it sound like he wasn't happy to see me not in trouble. But I knew that wasn't what he meant by it.

"Well I meant I came all this way and you didn't need me. But you do look pretty beat up" He said

"That doesn't make it sound any better. But also you would be beaten up to if you faced Gamma alone." I said still angry at him.

"Yeah I know I'm sorry." He said his voice full of regret.

"Well if it makes you feel any better you made a distraction for me to sneak past the guards better when you set off the alarm."

We finally reached the exit. "Are you coming back to the Northern Base?" asked Axl anxiously. It was pretty obvious that he had been dying to ask me that once we were out the door of the Maverick base.

"I'm not so sure about going to any base." I said.

"Why not?" He asked. At first, I thought he was kidding but then I noticed that he wasn't.

"Well because the whole reason why I left was so that way I wouldn't put anyone in danger. When I betrayed Gamma, he was angry enough. But now that I escaped Gamma will be even more angry." I said.

"Well then wouldn't it be a good thing to stay at one of the bases at least?" asked Axl confused.

"No it wouldn't Gamma is angry and he knows that a certain amount of Maverick Hunters are at every base he'll bring tons of troops. They will invade! And knowing how angry Gamma is, he won't take any prisoners!" I said not trying to yell but I ended up yelling anyway. "I'm sorry Axl it's just I'm mad that I just found you and now I have to leave already."

"That's okay." Axl said looking down at the ground.

"I guess I might see you sometime later." I said walking away.

"Wait Shocker," Axl shouted to me. I stopped and looked back. "Are you sure?" he asked.

"Yeah sorry Axl." I said then kept walking.

Soon I found an Airbus and decided to take it somewhere anywhere not around to many people. I ended up getting off the Airbus at a desert. Once I got off I looked all around to try and find a shelter. (Just so that you don't think I'm dumb saying I couldn't find any shelter in a desert we're supposed to have quite a few shelters on every continent.)

"There is supposed to be a village near the airbus I figured I would at least be able to see it from here." I thought. I decided to walk forward for a while. After a while of walking I found out why I couldn't see it from further back it was in ruins barely a few feet off the ground.

"Darn it," I said aloud but to no one in particular "They got here and destroyed it before I even came close to here. Rrrrrrrrr. They'll pay for that!" I said clenching my fists. *"But I have to sleep I can't fight anyone like this!"* I thought looking at my hands and my arms I was all cut up pretty badly. I looked around for anywhere I could go into sleep mode and after a while I found a dune that went up pretty high and curved so it would keep the heat off of me. I woke up pretty early like usual and started walking around to see if Gamma left any villages bases or anything of the sort standing so far it didn't seem that

way. After a while of walking I saw a dark figure in the distance and I knew who it must be.

"Shocker!" he said greeting me like you would greet a good friend. "How have you been?"

"Don't you talk to me like we're such good friends!" I barked at him.

"Wow are you really that mad at me?" he asked me still not being serious.

"You turned all those villages every shelter around here into ruins." I said so mad that I ran at him as hard as I could. Though I normally sit back and wait for them to attack. "You'll pay for killing all those innocent humans and reploids!" like I said I ran at him full force.

"I don't think so!" he said then dodged it and counter attacked.

"Ugh ow." I said but then I got up, blocked his next attack with my Flame saber, and tried to counter but he ended up dodging it and almost countering my counter but I ducked. This fight went on and on but after a while we both started to get tired.

"Getting tired, Gamma?" I asked although I was panting and it was obvious that I was tired too.

"No, you?" he asked.

"Of course not." I lied.

Then we went on fighting but from out of nowhere, he got more strength, which means he had an advantage over me. After a while I couldn't move as fast so Gamma took the advantage and hit me and I fell to the ground. Of course Gamma didn't want me getting back up again so he knocked me out with the other end of his sword.

Thank you for reading and have a good night/morning/afternoon. Awwww poor Shockerl I made him get knocked out… again. It's okay Shocker I'll try not to let you get knocked out in the next chapter. But no promises are made okay?

Shocker: Meanie!

7 - Chapter 7

Sorry Shocker but you get knocked out in this chapter too.

Shocker: man!!

Okay anyways Axl it's your turn again.

Axl: Darn. Oh well. Protofan does not own me or any of the other X characters. Only Shocker, Phailam, and Gamma. Happy now?

Me: Yes! Nobody commented on my last chapter but I decided to put this one up anyways because it is so short.

Shocker: Extremely short.

Me: Okay fine they get the point.

Chapter 7

I woke up but to my surprise I wasn't in a dungeon like last time instead I was being held up off the ground in energized chains. I was bleeding badly from the stomach and I could feel a few scratches on my face. "I have to ask all prisoners this question Shocker so don't feel special. Will you join us for real this time?" Gamma asked though he knew the answer.

"Tch yeah right." I managed to say weakly. Gamma stared at me for a moment.

"Very well then. Phailam." He said motioning towards her.

Phailam walked up and slashed me with her sword. I squinted but didn't yell out. I don't know why but I didn't want them to think that I was weak. Gamma walked up to me again and starred at me. "Are you sure you will not side with me and the other Mavericks. We will heal you and give you upgrades to make you stronger. Isn't it every reploid's dream to get stronger?" asked Gamma.

"Not mine," I said trying not to use up too much of my energy in case I found a way to escape and I had to fight him. "and no I won't side with you!"

Gamma snapped his finger to let Phailam know that she could slash me a few more times. Phailam slashed me three times than stopped. Then Gamma drew his sword. I gulped I knew what was going to happen next. He was going to do what he did to all of his captors that did not join him. He was going to slash some type pf sign on my head. But for some reason he had a look of sorrow on his face when he brought his sword close to my face. Probably because this meant that, he really was going to lose his right-hand man. "You might want to close your eyes." He said. I did as I was told so that way I wouldn't be slashed in the eyes.

Then Gamma slashed an x across my forehead. Just like Axl's except a little longer. I heard from Phailam one day that Gamma did the same slash across the face for family members. I felt blood running down my face and barely managed to open my eyes. Though I could feel blood running into them. I shook my head to try to stop the blood from running into my eyes. So I could look at a sorrowful Gamma. Until once again. Everything went black.

8 - chapter 8

Hi there this one is short that is why I automatically puting up a new one. ^__^

Shocker: what an idiot

Me: shut up shocker!!! Anyways hope you like… oh yeah shocker u just go to sleep in this one

Shocker: well that's better!! ^__^

Chapter 8

When I opened my eyes blood was still pouring from the cut and into my eyes which stung badly but I could still see enough to realize it was night and also enough to notice a guard who was walking around outside and he spotted me. He saw the x on my forehead, and knew that I must have been related to Axl, and rushed over to my side. He asked me if I was okay and I weakly nodded my head. He grabbed a dagger from his pocket and cut the ropes. For some reason I could feel Gamma inside of me. Like he was in my head. I thought I just needed more sleep and it was just my imagination so I just forgot about it.

The guard put my arm around his neck and helped me inside of the Northern base. Inside the base he realized that I was not only related to Axl but I was Shocker his big brother. But he had heard about the note that I had left Axl and the others. So he decided to help me out. He brought me over to the Command room where Commander Amelia, X, Zero and Axl were gathered so she could talk to them about strengthening their defenses even more.

"Now that we know from what Shocker said they are probably going to try to infiltrate the base again so

that way they can get the right information," Axl was looking at the floor and Zero was looking at Axl trying to figure out if Axl was okay and X was paying complete attention to Commander Amelia while she talked. "So that means that we-" She stopped short when she saw the guard walk in with my arm around his neck and limping.

Just about everyone in the room gasped. "I saw him outside of the base tied up so I brought him in," said the guard. "But I didn't know what you would want me to do with him so I brought him in here."

"Good work. You can go back to your post now." said Commander Amelia as Axl and Zero came rushing over to take his place so it would be easer for me to walk.

"Are you okay Shocker?!" asked poor Axl. I looked up at Axl and managed a smile and a nod of the head to make him feel a little more relaxed.

"What happened to you?" asked X his face full of concern.

"Maybe we should wait until he is fully healed for us to ask him some questions." said Professor Gaudile just walking in.

"Yeah you're probably right." said X frowning.

"All right then let's stop just standing around here and get him in the recovery room!" said Zero getting impatient.

"Zero's right!" said Axl also getting impatient.

"Okay let's go." Said X. Then Zero and Axl started walking with me in-between them to the Recovery room and X behind us. When we got into the Recovery room Axl and Zero wouldn't let go of me even when I motioned for them to do so. We walked up to the bed and then they finally let go and I pulled myself on to the recovery bed and I fell asleep.

The next morning I woke up early and saw Gaudile standing beside me. "You shouldn't have been able to wake up this early with how beat up you were." said Gaudile looking confused. "Well anyways you should get some more rest.

"Okay." I said lying back down and I fell asleep once again
