Vengeance as her pupil

Kaeori

I walked alongside the young woman who had helped me with the death of my twin; I turned to her what s your name? I have many names she replied vaguely. I tried again where to you come from? Everywhere and anywhere she replied as vague as before. Where are we headed? I asked, I decided that if she didn t answer this one then I would be forced to take action. She smiled at me as if she new my thoughts we are headed to town of safety as happiness she smiled at that same moment I saw an arrow pierce her heart.

The young girl walking beside me was a great delight, she constantly asked questions and I gave vague answers, I mean, how do you tell someone that your taking them to Nirvana? The last question she asked was follow by thoughts of attacking me, I couldn t help but smile at her. I replied a little less vaguely this time at that instant an arrow pierced my heart.
