The shadow of Sonic

Sonic was speeding around at the speed of sound searching for the chaos emeralds before black doom's creatures could. There were hundreds of them. Sonic thought quickly and used spin dash to dig underground. At the end of the cave something was there that he thought that he wouldn't see for some time, it was a **chaos emerald!!!!**

This wasn't any normal emerald this was black and had a red line go right across it. Suddenly there was a burst of energy dark energy. Sonic started shouting AAAAHHH

Sonic began to split in two. The light faded and revealed to hedgehogs one blue one completely black. The black hedgehog to flight the blue looked dazed.

"What happened?" sonic said in a puzzled voice

"Did he just emerge from me"?

Sonic gazed at the hedgehog as he gazed he felt that something destructive is going to happen.
