1 - A new enemy causes a problem

One day Serena, Lita, Amy, Mina, Raye, and Darien were talking about a party for Rini. Soon it would be Rini's Birthday and they wanted to have a big celebration. Then Luna and Artemis appeared and announced "Girls there is a new trouble!" Amy asked "What kind of trouble?" Luna said "We are not sure but we know it is not human." The girls knew what they had to do... Transform! Luna and Artemis did tell them where they would find their new enemy. Sailor Moon and the Sailor scout along with Tuxedo Mask went to a cliff; they found their new enemy there. When the thing saw them, it multiplied into 6 things. Everyone started to fight; Sailor moon fought the farthest one near the cliff. After a while smoke came up from nowhere. "What is going on?" asked Sailor Mars. "I don't know" answered Sailor Venus. Then when the smoke cleared the sailor scout found no one in front of them. They things were at...SAILOR MOON!! The things were after sailor moon. Just then Sailor Moon fell of the cliff. There was a river below the cliff. Sailor Moon fell in the river, down a waterfall, and onto the bank of another river...she is unconscious. When the Sailor scouts went to fight again the things were gone. Tuxedo Mask was down on the bank with Serena in his arms. Everyone else de transformed. "Is she going to be ok?" asked Amy. "I don't know, but I hope she is." Answered Darien. They all went to Darien's apartment and they put Serena in Darien's bed. Rini was at Darien's apartment already. "What in the world happened!" cried Rini.

2 - the Moon Kingdom

Lita explained the whole thing to Rini. It was getting dark so everyone slept over at Darien's apartment. In the morning everyone except for Rini ate breakfast in the kitchen. Rini ate breakfast next to Serena hoping she would wake up. In the afternoon Michelle, Amora, and Trista came over because they needed to tell the sailor scouts something important. A while after they came over Rini heard a flute she looked away from Serena but when she looked back... "She is gone!" cried Rini. Everyone came running in. They found Serena outside walking on a very thin piece of wood. Then a portal opened a Serena turned into the Moon princess. Everyone else turned into their royal forms. Then the moon princess disappeared into the portal. Everyone followed her into the portal not knowing where they will end up. "Now where did she go" asked Princess Amy. "I don't know" answered Luna. "Let's split up and look in every room," Trista announced "Mina go with Luna and Artemis, Amy go with Rini and Lita, and Raye go with Michelle and Amora." everyone split up into their group and searched. Princess Rini stayed where she was and no one noticed. Then everyone came back to where they started. "We did not find her." said Princess Raye. "You did not look in there." Princess Rini announced she was pointing at a door at the top of some stairs. "That door was not there before" said Princess Mina "Well it is our only chance" said Prince Darien. They walked up the stairs. "I hope she is in this room." said Artemis. Princess Amora opened the doors and there she was. There was one other figure in the room, it was floating. When it saw the girls and Prince Darien it disappeared. "Who was that?" asked Princess Lita. "I don't know, but I feel soon we will find out." Answered Princess Raye. Instead of still being in their royal forms everyone turned back normal.

3 - a new friend

"She is OK!" said Amora. Everyone went over to Serena. "What do we do now?" asked Mina, but no one answered. Suddenly an earthquake started up. "What is going on?!?!" asked Rini. "It is an earthquake!" said Darien. Just then Serena woke up. "We need to get out of here and I know the way" said Serena. Everyone was shocked but went along with her. They all knew they had to follow her for if they did not they all would die. They went through a secret door and followed it for a few minutes. Then they found themselves outside of the moon palace. Then a huge crack appeared and Raye and Lita fell in the crack. Darien and Serena grabbed their hands and pulled them up. "Thanks" said Lita. "What should we do?" asked Mina. "Nothing" said a mysterious voice. "Who are you and what do you want?" asked Serena. "I am Prince Kunzite and these are my brothers, Prince Zoisite and Prince Nephrite," said Kunzite "we are here to see to it that you are stopped before you ruin our plan." Serena did not understand what he was taking about. Then with no warning Prince Zoisite attacked Luna and Artemis. No one could save them, but then some one saved them. "Let's get out of here" Said Prince Zoisite, then they disappeared. "Who are you?" asked Amora. Then the mysterious girl who saved Artemis and Luna said "I am Stella, Guardian of the Moon Kingdom, I control all elements." Stella wore a beautiful, yellow dress that sparkled she also had a staff. "I may be little but the queen made me stay this way, so I will always be the Guardian here cause as you see there is no one else here except you and me." Stella said with a smile. "She has been here with no one to talk with and she is so young." Serena said to herself so no one could hear her.

4 - Ryou

"Maybe you could join us." Said Serena. "I will have to think about that," said Stella "oh I forgot to tell you that there is someone else here too, his name is Ryou, come meet him." They all followed Stella into the moon palace and to a door. "Wait here I will go see if he is awake... or at least in his room." Stella told them. Then she went into the room. "I wonder what Ryou is like." said Mina "me too." said Lita. Then Stella came out "He is not in his room, but I know where he is." Stella led everyone down the hallway, down some stairs, down another hallway and into a room. "RYOU!!" Stella screamed his name. Then he came out. Ryou had a flute and a sword. "What did I do wrong now?" Ryou asked. "Nothing, I just want you to greet our guests" said Stella. "I already greeted little miss moon princess." Ryou said. "You are so stubborn!" yelled Stella then she ran off. "Well who cares." Ryou said as he went the other direction. Of course everyone was now lost. "Where is Amy?" asked Darien. "I think she went to find Stella because she was just here." said Lita. "We need to find her, she might be lost or something," Said Serena "come on." then Serena ran off. "Come back here," yelled Raye "We should try to find the three of them, but we should stick together." then they heard a scream. They all ran down the hallway to find Serena, Amy, Ryou and Prince Kunzite. Ryou and Kunzite were fighting, Serena and Amy were against the wall, but there was someone else over there and it was not Stella. It was Michelle. "I thought Michelle was with us and I thought Ryou went the other way." said Amora. "Well I guess not." said Darien. Then Mina said "Serena, Michelle, Amy over here." they started to run over to everyone but then Prince Zoisite appeared and block them then he tied them with a vine. Then Ryou looked away, got hit by Kunzite fell to the ground and then vines came up and tied him to the ground. "I thought you were not aloud in the palace." Stella said as came in. Now Stella and Prince Kunzite are fighting. Amora without any warning ran up to Zoisite and attacked him to get him to lose his grip on the girls and Ryou. It worked and then Kunzite and Zoisite disappeared and everyone was safe (not for long).

5 - Stella's secret

"So, anyone hungry?" Stella said trying to make it look like nothing happened. They all said yes. Stella and Ryou led the way they were a little bit far ahead like maybe ten feet. It looked like they were talking. Now they entered a room that looked to be a dining room. "Here we are," Stella announced "please take a seat anywhere you like." then she disappeared into a door. Everyone took a seat, but Ryou stood. Stella came out with food, but she could not hold all the food so she used magic to hold all the food. The food looked good. "Go ahead and eat," Stella said "I have to talk to Ryou." Stella and Ryou were over on the wall talking. Two of the girls (Mina and Amy) were curious to know what they were talking about so they listened in to their conversation. "What are we going to do now that they know that she is here?" Stella said. "I don't know but we need to make sure that the next time they attack we are ready." Ryou said. That was all that Amy and Mina could get. "Ok I bet that you are all tired from all this excitement so let's go to bed." Stella said to everyone. "It is a little bit too late to say that," Mina said "Serena and Raye are already asleep." Serena and Raye had their heads on the table and they did not eat anything. So Darien carried Serena and Ryou carried Raye. When they got to a door they stopped. "This room is your room," Stella said "there is plenty of beds and other there is Ryou and my room good night." Stella left and went into her room. Ryou put Raye in a bed and Darien put Serena in a bed then he sat on a bed. Ryou said "good night." Ryou left and went to his room. "I know that Stella and Ryou are keeping a big secret." Mina said. "Why do you think so?" asked Lita. "Because me and Amy listened to their conversation and they were talking about something weird." Mina said. Darien stopped all the talk when he said "Well we should get some sleep so in case something bad happens tomorrow we will be ready."

6 - Ryou's Secret

In the morning everyone was awake. Serena and Raye were first to wake up, they woke everyone else up. Stella was awake; she was looking out a window. Stella looked depressed. Rini went over to her. "What is wrong" Asked Rini. "Nothing." Stella answered. Rini looked at Stella. "Ok you caught me Ryou won't listen to me," Stella told Rini "please keep this a secret between you and me, I have had a big crush on Ryou ever since we were chosen to be the Guardians of the Moon Kingdom." Rini had an idea. "I promise I will keep it a secret." then she ran off into the room. When everyone was dressed they all to the dinning room. Rini did not go to the dinning room instead she did something else. Serena noticed Rini was not with them, but they would go find her in a little bit. Rini had found her way to Ryou's training area. When Ryou was done she popped out and asked Ryou "Do you have a crush on Stella?" Ryou answered "Rini, where in the world did you come from and if you keep it a secret I will tell you" Rini nodded her head yes. "Ok I do have a crush on Stella but she just never listens to me." Rini noticed that Stella and Ryou like each other but they do not show it. "Thanks I have to go find Serena is probably wondering where I am good bye." Rini found Serena and everyone still in the dinning room. "Where were you?" Asked Serena. "Nowhere." Rini said. Serena did not say anything. After everyone finished eating they all went outside because the palace was getting stuffy. Luna and Artemis were talking, Mina, Lita, Amy, Rini, Michelle, and Amora played tag, and Raye, Serena, Trista, and Darien talked. Stella and Ryou did not talk to each other. Rini noticed but she promised not to tell their secrets. "I see we are having fun." it was Prince Nephrite and Prince Zoisite. "What do you want?" Ryou asked. "Oh nothing just a little thing." Prince Nephrite said. "What do you mean?" Serena asked. "This is what I mean." Zoisite and Nephrite attacked Stella and Serena and then grabbed them. "Thanks for the gift." then Zoisite and Nephrite left with Serena and Stella.

7 - Save Stella and Serena and Ichigo

"We need to help them." Ryou said. "We all know that but we do not know how to get where they are and we don't know where they are." Michelle said. "I know where they went." Ryou Said. Every one looked at Ryou. "Well hurry up, be quite and show us the way!" Rini screamed. "Calm down, not all of us can go," Ryou said "only two of us can go, so Darien and I will go." Everyone agreed. "Ok, ready?" Ryou asked. "I have been ready." Darien said. Ryou opened a portal and they went through. "Please be careful," Raye said "we are all counting on you." When Ryou and Darien came out of the portal they found themselves in the basement of the Dark Kingdom, but the girls were a floor up from were they are. "We need to go up." Ryou said. "How do you know so much about this place?" Darien asked as they walked. "I used to live here when I was younger," Ryou explained "it was a good place until evil took it over and I was forced to leave, but the castle did not change." They did not talk until they got to stairs. "We need to be careful they will be waiting for us." Ryou told Darien. "Well just in case." Darien transformed into Tuxedo mask. "Ready." Ryou said as he walked up the stairs. When they got to the top of the stairs they saw Stella and Serena chained up to the wall. They were awake and complaining. There was someone else chained up to the wall. "Who is that?" Darien asked. Ryou took a close look and said "that is my sister, Ichigo I thought she had gotten free." then they decided that they needed to hurry. "Come on." Ryou said. "Wait, I will free the girls and you will go fight or something ok?" Darien said. "Sure, fine with me." then they ran to their places. Ryou found himself fighting prince Zoisite "welcome" then they started to fight "Hello ladies miss me." Darien said as he ran to them. "You might want to hurry up." Ichigo said. Darien broke the locks and then said "Serena transform." Serena then transformed into Sailor moon. "Time to take care of a little pest." Ryou left Sailor moon to fight prince Zoisite. "Ichigo do you have the gift I gave you before we split?" Ryou asked her. "Yup right here." Ichigo pulled out a staff. "Stella, you and Ichigo need to go find Kagome, Ichigo you know who that is and where she is," Ryou said "go and hurry." Stella and Ichigo left, Ichigo led the way. "Darien I think it is time to help Sailor moon out." Then they went and helped her out. Ichigo went into a room and Stella followed. "Who is Kagome?" Stella asked. "Kagome is my Guardian," Ichigo said "Kagome please come out." Then a little light came out and cycled Ichigo. "This is Kagome." Ichigo told Stella. Then Kagome turned into a person. "I have been waiting for you," Kagome looked around "where is your brother?" Stella and Ichigo pointed. They all went out of the room. "Oh he is fighting well I guess we need to bring this Guardian to him." Then another light came out. "Come on lets go."

8 - let's meet Alto

when they got down there Prince Zoisite, Tuxedo mask and Sailor moon were fighting. Ryou was injured; he was bleeding and was unconscious. Stella and Ichigo ran over to Ryou. The light turned into a boy. He went over to Ryou and he healed Ryou, but Ryou did not wake up so Stella and Ichigo each grabbed an arm and carried him over to a wall. The boy said "I am Ryou's Guardian and my name is Alto, I can heal, and something else I don't remember." Alto kind of looks like Ryou. "I will get you next time" Prince Zoisite said "but as a gift I will let you die here because this place will go boom." then he left. The palace started to shake. "We need to get out of here." Serena said. Ryou woke up but was still weak so Stella helped him. Ichigo opened the portal this time. When they all got through Stella took Ryou to their room and had him lay in bed and go to sleep. "What are we going to do if they attack again?" Mina Asked. "Well I can answer that everyone will be so ready." Serena told everyone. "We all need to get some sleep." Stella said. Everyone agreed. Everyone went to their rooms and Stella put three more beds in her room. "Good night." Stella said to everyone.

9 - Princess Stella

In the morning everyone was awake except for Ryou, Stella, and Ichigo. Kagome and Alto were making breakfast for everyone. Rini was thinking about the Secrets Stella and Ryou told her. "I wonder if I should tell Ryou Stella's secret and Stella Ryou's secret," she thought "or maybe I should just get them together." When Rini and the others got down stairs Rini went a different way and did not eat breakfast. She had many things on her mind. Darien noticed Rini and sat next to her. "Why are you not eating breakfast," Darien asked "again." Rini did not want to tell him. "I am not hungry." Rini told him. Darien just looked at her. "Ok you caught me you just have to promise to keep it a secret." Rini said. "I promise." Darien told her. Rini looked around "Ok, Ryou likes Stella and Stella likes Ryou but they think that the other person hates them." Rini told him. Darien looked like he was thinking. "You should just tell the other's Secret." Darien said then he left. Rini ran to Stella and Ryou's room they both were there and Ichigo was not in the room. "Stella can I talk to you?" Rini asked. Stella walked over to her then sat down. "Can I tell Ryou your secret?" Rini asked. "Why?" Stella Asked Rini. "Because Ryou likes you." Rini told her. Stella looked at her. "Go ahead." Stella said then she left the room. "Ryou I have to tell you something." Ryou turned around. "What is it, Rini?" Ryou asked. "Stella really likes you." Rini told him. Ryou looked at Rini. "Rini, are you sure?" Ryou asked. She Shook her head yes. "Well..." Ryou could not think of anything to say. "Well nothing, go talk to her." Rini said as she pushed Ryou out the door. "Fine." Ryou said as he walked down the hall. In the afternoon Ryou and Stella were of on a "date" and a letter came for Stella while they were gone. When they came home Rini gave the letter to Stella. She read the letter out loud until she got to the Forth line:

My dearest daughter
We miss you very much
I am asking you to come home
And save our kingdom
We have been taken over by the evil forces
As we both know
You were the best Warrior princess
In our kingdom
Now we are in need of you help
Please hurry for I fear the worst for our kingdom
Love your father,
King Jadite

When she finished reading she dropped the letter and ran to her room. Rini picked up the letter and read it then she passed it to Trista. "I think that we have found out that Stella is a princess." Rini announced. In Stella's room she was going through a chest. After Ryou read the letter he when to see Stella. Ryou saw Stella walking the other way in a very different outfit. She was wearing a special outfit that he had never seen before. It was black and red. She also had her staff with her. "Stella." Ryou called for her. She turned around and gave Ryou a smile. Then continued walking. Ryou ran after her. "Stella," Ryou called when he found her "you can't do this by yourself." Stella turned around. "Then why don't you come with me." Stella said with a smile. "I was waiting for you to ask." Ryou said. Alto came to them before they left. "I am coming too." Alto told them. "Sure." Stella said. Then Stella held out her hand and Ryou took it. Then they floated off in to a portal and ended up in the Star Light Kingdom.

10 - Star light kingdom Upgrade

In the Star light kingdom everything is made of glass and stones, but now it is the most destroyed place ever. "What is this place?" Ryou asked. "This is the Star light Kingdom it was my home once until I was chosen to go on a mission," Stella said "that was the last I ever saw of my family, but you are my family now." Ryou did not have anything to say. "Come on lets find my father and the rest of my family." Stella said. "Not so fast," It was Prince Nephrite "I think you need to think before you try to save your family." then a trap door made them fall. They found themselves in a big dungeon. Near them was a dungeon and Stella went over to in. "Crystal!" Stella screamed with joy. "Stella?" Crystal asked. "The one and only," Stella said "now let me get you out of here." Stella picked the lock and got Crystal out. "Thanks, but there is no way out of here." Crystal told her. "There is so a way and this is...um... my boy...friend, Ryou and his Guardian Alto." Stella said she did not really now how to tell her. "So do you know where anyone else is?" Stella asked. "No" Crystal answered. "Take my hand Crystal." Stella Said. "Ok." Crystal took her hand. Then the four of them flow up the way they came in. Prince Nephrite was still in the room they had come from. "You have to come back well I guess I will just go." Nephrite said then he disappeared. "I need to find something," Stella told the others "stay here." Stella ran up some stairs. She went into a room and in there was a chest. Stella went over to the chest and opened it. In the chest she found many things, but she took a small box. Prince Nephrite appeared. "You really should have stayed home." he said then he blasted her out of the room and to be Ryou, Crystal, and Alto are. Ryou ran over to Stella. "Are you ok?" Ryou asked. "Never felt better because I found what I was looking for." Stella said as she showed him the box. "Now let me show you just what I can do with this box," Stella said "and this is totally permanent." Stella opened the box and a light blinded everyone. Then when the light was gone the box was too. Stella had a new fighting uniform. She got an upgrade.

11 - of to save Ai, Pocky, Miharu, and Kaito

"Now let get the party started!" Stella said. Stella had her staff with her, but it can do more things than before. Prince Nephrite called out a lot of monsters. "Electro-whip time to play." Stella called. Then a whip appeared in her hand. Stella started to destroy the monsters. "Hey Ryou want to come play?" Stella called. "Sure." Ryou started to destroy the monsters with his sword. When they defeated all the monsters Prince Nephrite was gone. "Well how are going to get out of here we can't use the portal." Ryou asked. "Wings of Hope that is how we get home." Stella Said. "Wait for me," a voice said a little light came to Stella "you can't leave me here." Stella was confused. "Who are you?" Stella asked the ball light. The light turned into a girl. "I am Sango, and I am your Guardian." now this sounds weird but Sango does not look like Stella and usually Guardians look like who they are protecting. "Ok so can we go now?" Stella asked. "Ya." Ryou Answered. "Wings of hope help us fly into the sky." Stella called. Then wing appeared on her back. "Are you sure those wings are strong enough to carry us?" Crystal asked. "Well Alto and I can fly." Sango said. "I can use my hoverboard." Ryou said. "Well that leaves you." Stella said. "Come on just give me your hand." Crystal took Stella's hand. Then they started to fly. Ryou was using his hoverboard. Sango and Alto were flying and they were almost home. "Crystal I will drop you off here." Stella said. "But why?" Crystal asked. "Because it is too dangerous." Stella told her. Crystal did not say anything. Stella dropped Crystal off then left. "Now if only I could tell were my other sisters and brothers are." Stella said. "Here catch." Sango Said. Stella caught the thing it was a crystal ball. "What do I do with this?" Stella asked. "Think hard about your brothers and sisters then it will tell you where they are." Sango told her. Stella thought very hard then she could see her brothers and sisters. "This way." Stella knew where they were. She was flying too fast for the others to catch up. "Stella slow down a little bit." Ryou Called. She stopped. Then Zoisite popped out and attacked Stella. She lost her wings and she was falling. Ryou went as quick as he could on his hoverboard and he caught Stella. "Thanks," Stella said. "Come on go that way." Ryou nodded his head and started to go the way Stella told him to. Sango and Alto saw them going so the turned into lights then they followed them. Prince Zoisite was gone. "We are almost there." Stella told them. Then there it was their destination. "That is the Dark kingdom." Ryou said. "Ya want to come in with me." Stella asked. "I do but I can't use my hoverboard or it will give us away." Ryou said. "BoBo cloud appear." Stella called. Then a cloud appeared. "Come on get on." Stella said as she held her hand out. Ryou grabbed her hand and they flow into on of the Dark Kingdom towers. "Kaito, Ai, Pocky, Miharu." Stella said. She saw them and went immediately to them. Four people were chained up to the wall. "Stella!" Ai cried. "Stella you are here." Miharu said. Stella went over to them and broke their chains. "Thank you so much." Kaito said. Miharu and Ai gave Stella a hug. "You must be Ryou." Ai said as she looked at Ryou. "Yes I am how did you know." Ryou said. "She can read minds." Stella told him. "Ok then lets go already." Pocky said. "Well I see that our little princess has come." it was Prince Nephrite and Prince Zoisite. "What do you want now?" Stella asked. "Nothing you just can't leave." Nephrite said. "Ya and who said they can't leave." it was sailor moon, sailor Venus. Ichigo was with them. Some one else was with them...it was Prince Kunzite. "Kunzite what are you doing with them?" Zoisite asked madly. "I am doing something I should have done a long time ago." Kunzite told them. Sailor Venus attack Zoisite and Nephrite. "Venus love chain in cycles." Then they were angry. "Fine be that way," Nephrite said "we will just tell our father." then they vanished. "So can we go home now" Pocky asked. "Sure let's go." Stella said cheerfully. "Well we will beat you there." Sango and Alto said. Then they disappeared. "Well I will see you there." Kunzite said. Then he too disappeared. Ok let's go this portal won't stay open." Ichigo said. She was

standing next to a portal. Everyone went through when Stella came to the portal she was the last one except for Ichigo. "So he's on our side now." Stella said to Ichigo. "Yup and he is going to be loads of help to us." Ichigo said. Then they both went through then portal.

12 - good-bye Prince Nephrite and Prince Zoisite

They were gone so long that it was night time already and the people that did not go to the Dark kingdom were asleep. Everyone went to sleep Stella could not sleep. She had much on her mind and number one was: Where is Crystal? In the morning Stella asked Lita where Crystal is. "Oh you mean that little girl she blow herself up then was sucked into a vortex of doom screaming I hate Stella." Lita told her. Stella was sad. "Well she got what she deserved." Stella said then she walked away. Stella's parents had died when she was only 6 years old so her brothers and sisters tried to make things better and they did but then 4 years later something happened and they got separated. Mina, Lita, and Rini were playing tag again. Raye was thinking about stuff, Serena was just sitting and doing nothing she looked sad. Kunzite, Amora, Micelle, Darien, Trista, and Stella were talking to Ai, Kaito, Pocky, and Mihar. Ichigo, Sango, Alto, Kagome, and Ryou were inside. Luna and Artemis were trying to cheer up Serena nothing worked. Darien notice Serena and went over to her. He sat down next to Serena. "What is wrong?" Darien asked. "When do you think we will be able to go home?" Serena asked as she stared at Earth. "Well I don't know but we should do something fun." Darien told Serena. Serena went over to Rini, Mina, and Lita and asked if she could play too. The four of them started a new game and Serena was it. Later when they all were too tired to play anymore it was dinner time. This time everyone eat. Then they went to sleep. Kunzite was weird he slept floating. In the morning Rini finally ate breakfast. When everyone was done they went outside. This time Trista, Michelle, Amora, Stella, Kunzite, Rini, Mina, Raye, Lita, Ami, Darien, Sango, Kagome, Ichigo, Alto and Ryou played tag. Serena, Luna, Artemis, Ai, Mihar, Kaito, and Pocky were just watching. Then prince Zoisite and Prince Nephrite appeared. Serena stood up. "What do you want can't you just leave us alone?" Serena yelled. Everyone noticed then. "You need to transform." Luna told them. "Don't need to tell me twice." Serena said. Then they all transformed. "We are here to stop you." Zoisite said. Sailor Neptune attacked "Deep submerge." sailor Venus attacked "Venus love chain in cycles." Sailor Jupiter Attacked "Sparkling wide crusher sailor Mars attacked "Mars fire surround." sailor Uranus attacked "world shaken." then sailor moon attacked with the blow that would destroy them "Moon Spiral Heart Attack." Then Nephrite and Zoisite were destroyed.

13 - Destroy the king

"We did it." Mina screamed with joy. "I we won." Amy cried. "Not so fast." Trista said. "We still have to get rid of that king." Michelle told them. "Ya your right but we can take him." Raye said. Nobody spoke. Rini ran to Serena and whispered something to her. "Why don't you tell everyone?" Serena said. "Ok." Rini said with a big smile. "I think we should celebrate when we defeat the king." Rini said. "That's a great idea." Stella said. Everyone agreed. "We should have a Ball." Mina said. Mina was daydreaming. "that is a great idea lets do it." Ai said. "Ok then we are going to have a ball when the evil king is destroyed." Stella said. "Sure, but what are we going to wear." Ryou asked. "We will make our own Ball outfits." Rini told everyone. "What would we use?" Raye asked. "I will make the outfits." Sango said. "Are you sure?" Stella asked. "I am totally sure." Sango said. "Ok now we have almost everything but we should worry about that later." Stella Said. "We should have some fighting practices so we are ready." Ryou said. "Starting in a little bit we will be practicing." Alto said. Everyone got ready to practice. "Ok this is your goal try to destroy as many targets as you can as they pop out at you." Ryou said. "Go" Alto called. Amora was first. Then Michelle Next was Trista. After that was Raye. Everyone had destroyed all the targets in front of them. Now it was Ryou and Alto's turn. They doubled the targets because they teamed up. They destroyed all the targets too. "That is it for today." Stella called. It was dinner time when they had finished. They all went in to eat. Everyone was talking about the ball and what they should have in it. They finished talking when the food was ready. They finished and went to bed. Rini stayed up for a little while thinking about how they would defeat the King. She gave up then went to sleep. In the morning they ate then practiced only this practice was shorter. Amora, Michelle, Darien, Mina, Lita, and Trista had already finished. When it came Amy's turn the king appeared! "Did you think I would let you off so easily?" King asked. "We are ready for you." Stella said. Everyone was ready but Rini tried to run away. Rini ran into the Palace and watched for there. Ai, Miharu, Kaito, Ichigo, Kagome, Sango, and Pocky were already inside. The king attacked first. Everyone dodged it. It was looking like he was trying to attack Sailor Moon and Stella. Uranus and Neptune attacked the king. Then Venus, Mars, Jupiter and Mercury attacked. Then everyone attack and the king was weak. Sailor Moon and Stella gave the final blow. The king started to blow up. "He is going to blow this whole place up." Ryou said. "Not if I can do something about it." Stella said as she pulled her Staff out. She made a bubble appear around the king but little monsters came out and attacked her. She through the Double-Trouble rings and destroyed all the monsters. When the king blew up the bubble disappeared. The moon kingdom started to look like it did a long time ago. Houses appeared and people appeared too. "Let's have a Ball!" Rini said as she jumped in up. Sango made all the outfits and they all were beautiful but the all would be tomorrow because they all had to decorate the Palace for the ball. When they finished decorating they ate then went to bed.

14 - Time to go home

When they woke up they all got ready the ball would be in the Afternoon. With the time they had they cooked food and decorated some more. When it came time for the ball everyone was there. Everyone was dressed in beautiful outfits. There was about 100 people at the ball. Soon music started and some boys came and asked Mina, Lita, Raye, and Trista to dance. Prince Kunzite asked Amy to dance, Serena danced with Darien, and Stella danced with Ryou, Alto and Sango. Two boys asked Rini and Ichigo to dance. Two boys asked Ai and Miharu to dance and two girls asked Pocky and Kaito to dance. Luna and Artemis were just watching. Some how they were turned into people. So they dance too. Everyone was dancing, but Stella and Ryou looked the best and they were in the middle of the dance floor how lucky. Stella and Ryou were wearing beautiful outfits. "Ryou and Stella look so cute together don't you think so." Darien said. Serena agreed. Serena looked around everyone was having loads of fun. Then she saw Rini she looked like she was having a crush on her dancing partner. After about two hours the ball was over. "Time to go home." Serena said. "Ok ready." Stella said. Everyone said yes. "Ok I will come visit you sometime good-bye." Stella said as she waved good bye and watched her friends leave. When they got home it was dark so everyone left and went to their homes. Serena and Rini walked home and they talked. "Who was that you were dancing with?" Serena asked. "His name was Elliot." Rini said. When they got home they went to bed.

15 - Surprise

In the morning Serena was up first and she was on the phone. "Hey Amy it is Rini's Birthday today and I thought of some really good ideas..." Serena went on. After three minutes she hung up. She left a note for Rini. Serena went over to Darien's apartment and explained the whole party idea to him. He offered to have the party at his apartment. Serena went home and got the mail. There was a letter for Rini. "Hey Rini." Serena called. Rini came and Serena handed it to her. When Rini opened it she found it was from Elliot. Rini jumped with joy. "Let me guess it is from Elliot." Serena said. "How did you know?" Rini asked. "It says his name on the letter." Serena said. "I will be back." Serena said. "Where are you going?" Rini asked. "I have to go talk to Darien." Serena said. Then she shouted the door. Serena knocked on the door. "Yes come in." Darien called. "Hello it is me again I have a great idea." Serena said. "What is it?" Darien asked. Serena explained the whole thing. "That is a great idea but how will we get contacted with Stella?" Darien asked. Serena pulled out a ball. "Stella and Sango gave this to me they said I can talk to them with it all I have to do is say something." Serena said with a smile. "Talking to Stella." Serena said. "Stella here." Stella said. Serena explained her plan. "So can you?" Serena asked. "Yes it will be so easy would you like me to come too." Stella asked. "Sure and bring Ryou too." Darien said. "Talk to you later." Stella said. Then she was gone. "Ok call the others and tell them what is going to happen." Serena said. Then she left. Serena went home. At 5:00pm Serena told Rini that Darien wanted to see her. Serena went as quick as she could to Darien's apartment. "She is coming." Serena told them. They all hooted. Rini opened the door. "Darien are you home?" Rini called. "Surprise, Happy birthday Rini!" Everyone yelled. Rini forgot her own birthday. "You remembered my birthday." Rini said. "Of course we did." Amy said. Everyone smiled at Rini. "Rini we have guests for you to greet and it was Serena's idea." Darien said. Darien led Rini over to where the coach was. Ryou, Stella, and Elliot were sitting on the coach. Rini gave them all hugs. "Happy birthday Rini." Stella said. "Thank you for coming." Rini said. "So can we start to party now?" Mina asked. "Let's party." Rini said. The party lasted until 8:00pm. Before Elliot left he gave Rini a kiss on the cheek and left. Then everyone went home and went to sleep. Every day Rini gets a letter from Elliot and she writes back.
