1 - The Beginning

SurvivorAnime Style!

Ok, I think some of the characters will be a little OOC. The FruitsBasket characters especially. I've seen almost all of Sailor Moon S, and some of the other seasons, but I've read all the manga. I've seen none of Tokyo Mew Mew, but I've read the manga. Not the A LaMode, since that hasn't come out yet.

I've seen 0 episodes of Cardcaptors/CCS, but I've read the first 2 manga of CCS, and the first 2 manga of Cardcaptors.

I've seen about 18 episodes of Inu Yasha, and I've read the first 13 manga.

I've seen the first 4 episodes of Chobits, and read all of the manga.

I've seen 0 episodes of Fruits Basket, but I've read the first 4 manga.

Disclaimer: I own none of the anime, and I don't own Survivor.

Lita Kino was sitting on the boat, wondering what she had been thinking when she signed up for this. The girl next to her tapped on her shoulder.

"Yes?" Lita turned to look at the girl.

"My name is Lettuce. What's your name?" The green-haired girl said.

"My name is Lita Kino." Lita replied. The other people on the boat heard and decided to introduce themselves as well.

"I'm Kagome." A black-haired girl said. "And that's Inu Yasha. He's mad right now that I signed him up for this." She pointed to a silver-haired person.

"WHY THE HELL DID YOU SIGN ME UP FOR THIS????? YOU KNOW THAT I HATE STUFF LIKE THIS!!!!" He yelled.

"Inu Yasha, sit." Came the bored response of Kagome. Everybody else watched in fascination as he crashed to the ground, making a hole in the boat.

A girl randomly appeared. "Hi! I'm the author, Sailor SilverSky! I'm just here to fix the boat so it doesn't sink!" The girl snapped her fingers, and the boat was as good as new. She then disappeared.

"All right, all right, I'll stop yelling at you." He grumbled as he got up. There was silence following that. "WHAT???" He yelled.

"Inu Yasha..."

"Sorry, Kagome."

"All right. I'm Sakura Avalon!" A girl said.

"And I'm her best friend, Madison!" A girl with black hair said. "I brought my camera as my luxury item."

"Chi?" A girl with white hair, amber eyes, and weird ears said.

"That's Chi." The man who was sitting next to her said. "She's a persecom, and I'm her owner, Hideki Motusuwa."

"I'm Mint Aizawa." A girl with blue hair said.

"I'm Hotaru Tomoe." A voice came from the upper deck. Everybody looked up to see the black-haired girl.

"Hotaru???" Lita gasped. "Isn't it a bit dangerous for you to be out here?"

"That's why I'm here." A soft voice came from behind Hotaru. An aqua-haired woman moved up to the

Inu Yashawoke up. "I'm OK!" He raised his hand in the air above the ground, which he was currently a foot down in.

All right, this was just a chapter to kinda introduce the characters.

2 - Immunity Challenge 1, pt 1

Hello peoples! Onto the next chapter!

Disclaimer: I don't own any anime mentioned, or Survivor.

At Team A:

"The name of our tribe will be Duba." Kagome said.

"Why Duba?" Sakura asked.

"It stands for sit." Kagome replied. -Thud- "Oops. Sorry Inu Yasha."

"I assume I have no say in this?" Inu Yasha asked.

"None whatsoever." Kagome replied, smiling.

"Damn."

At Team B:

"How about the tribe name being Asteboku?" Michelle asked.

"Huh?" Came the response from everyone except for Michelle and Chi.

"It is Russian for anime." Michelle explained.

"Cool." Hotaru nodded.

"Yay! I love it! Woo hoo! We're Asteboku now!" (A/N: I'll give you 3 guesses who that was)

" pudding, you are WAY too hyper!" Mint said. "You'd think that after a day, the hyperness would wear off!"

"Not with me!" Pudding replied before swinging on the branch of a tree.

At the first challenge:

The Duba tribe walked in from the left side, and the Asteboku tribe walked in from the right side.

"What did you choose for your tribe names?" Sailor Silver Sky asked.

"We chose Duba, because it stands for sit." -Thud- "And Inu Yasha had no say in it whatsoever." Kagome smiled.

"Kagome, don't!" Inu Yasha moaned as he got up from his Inu Yasha-shaped hole in the ground.

"We chose Asteboku, because it is Russian for anime." Michelle said.

"Nice choices!" Sailor Silver Sky said. "Now, for today's challenge, it is an immunity challenge. You will send one person from your tribe up at a time. They will stand here, and I will ask a question about an anime. The first person to answer it gets a point for their team. When one team gets 8 points, the team wins immunity and is safe from tonight's vote. The other team will meet me in the Tribal Council area tonight. Send one person up now."

Team A pushed Sakura up to SSS (A/N: When I'm talking about her in an action, I'll refer to her as SSS), while Team B persuaded Hotaru to go over.

"First question: What is the word that Kagome can control Inu Yasha with?" Sailor Silver Sky asked.

Sakura and Hotaru looked at each other, then looked at Inu Yasha and said together, "Sit!"

Inu Yasha crashed to the ground, as Kagome wondered how they could do that.

"I'm the author, I can make anything happen!" Sailor Silver Sky said. "Anyway, one point to both teams. Bring up a different person!"

Inu Yasha grabbed Kagome and put her in front of SSS. "Sit." Kagome said. Inu Yasha crashed into

the ground.

Mint walked up next to Kagome.

“Ok, next question: What is the attack that Sailor Moon uses in Sailor Moon S?” Sailor Silver Sky asked.

They both thought about it for a second, then Mint shouted, “She says Moon Spiral Heart Attack!”

“Good! One point to Team B, making it 1-2.”

Tohru walked up, and Pudding ran up to SSS.

“Next question: Which Sailor Scout is the scout of water?” Sailor Silver Sky asked.

“Sailor Mercury!” Pudding guessed.

“Wrong! Mercury is the scout of ice! Tohru, if you can give us the correct answer, your team gets the point.”

“Umm... Neptune?” Tohru shrugged.

“Correct! Now the score is even, 2-2.” Sailor Silver Sky said.

As Tohru walked back to her place, Lita whispered to her, “Did you know that Sailor Neptune is right over there?” Tohru looked at where Lita was pointing and saw Michelle.

“Cool.” Tohru whispered back.

Lita and Michelle both walked up.

“So, two characters from Sailor Moon, huh? Sweet! As you can see by my name, I love Sailor Moon! I used my author powers to make myself a scout! Silver Sky Crystal Power Make-up!” Sailor Silver Sky transformed with a burst of silver light. “My real name’s Emma. But enough of that, to the next question! Which alien from Tokyo Mew Mew wears pigtails and is short?” She took out a big picture of Tart.

“Umm...” Lita had never read Tokyo Mew Mew, and by the looks of it, Michelle hadn’t read it either.

-buzz-

“Time’s up! The answer is-“ Sailor Silver Sky began

“TAR-TAR!!!!!!!!!!!!” Pudding glomped the picture.

“Uh, yeah. Tart.” Sailor Silver Sky said. “Pudding, it’s just a picture. Glomp the real Tart.” All of a sudden, Tart appeared. Pudding broke away from the picture to glomp onto Tart.

“Since Pudding answered it correctly, Team B gets a point. It is now 2-3.” Sailor Silver Sky said. “But now, to you readers, we have to have a ‘commercial break’. This chapter’s getting a bit long.”

The next chapter will be the second half of the challenge and the beginning of Tribal Council. I’m running out of ideas for questions, so if you have questions that I could use, it would be great! And ideas for challenges are always welcome, as are ‘guest stars’, who might come in for a chapter to help, and maybe I’ll even do something with the character’s families.
