4-6: You raise them, but they aren't your main priority.

7-10: You love the kawaii little things, but they haven't taken complete control of you... yet.

10-13: You are like me. You do as much chao things as possible, but you have a life away from video games.

14-15: You spend all the time you can with them, which is pretty much all the time. They always turn out great thanks to your love :3
