My goal is to Show up these fakes and wana be's,and make the world think that we ARE the best Sailor Moon Fans EVER! The World will think that there actually is a new season of Sailor Moon with New Sailor scouts!

we she was 18 they met again. isis had gained a small crush

on her. but then her parents aranged for her to marry

alex the knight of cepheus. isis was outraged(being an angsty little 19 yr old) and later that night unknowingly

was the only one who could stop her so they had an epic

Name: Kohana Mishuru

Gender: Female

Age: 16

Sailor Scout Name: Sailor Gemini

Planet *if You have one*: Astrology Scout

Transformation Name: (I'm not sure what this means) Astrology Star Make-Up!

Gemini Clone Sequence (Creates clones of herself, much like shadow clones in Naruto)

Sailor Scout Outfit: Exactly like the normal Sailor Scouts. Her pendant, however, is shaped like a star, seeing as she is an Astrology Scout. Her bows are pearl (as in pale, pale pink), and her skirt, glove edges, and color are emerald.

(Because Gemini falls in May and June and those are the birth stones).

Hair Style and Color: Light brown, worn down usually. It gues to her shoulder blades.

Eye color: Dark Blue

Skin color: Pretty pale

Personality: She is very imaginative, active, and nimble. She's a bit disorganized, but very bright. She's also very impulsive and a large risk taker, which sometimes gets her team in trouble. She talks a lot, is a bit eccentric, and pretty spontaneous. She's also playful. However, she's a bit vain and tempermental. She's boastful as well and hates it when people don't give her credit where credit is due. Sometimes she's too busy enjoying herself to get things done, too.

Other Info: I'm not sure what you mean. Let me know what you need to know and I'll give it to you.

Your Characters Story-

I'm sort of confused. Is this a whole new story or will you be incorporating Sailor Moon into this?

What You Need from Our Crew: I can't do edits to save my life and don't have animation programs on my computer.

What I Can Do For the Crew: If I don't say so myself, I'm a very good story writer. (You can ask Trinity and Aqua-Chan, as they are in my Digimon story). I'd be thrilled to get the job of one of the main writers. I want to major in English Creative Writing and as such, do quite a bit of writing. I've been told I can get characters down to a T.

8 - The New Site

Ummm... Wow... It's still in construction But I thought I would let everyone see the progress we've been making

<http://www.freewebs.com/tuxedominimask/forums.htm>

I don't really know how to control it half the time But I'm trying my best to post our Polls, Plots, and thoughts. And lets not forget, for us to be able to post outside the guest book ^^! I am trying to make a forum on the site that will allow us all to comment, but thats not going as well as I hoped. Feel free to go to the site forums and try to post a thread!!!

But WOW!!! I have been getting so many new pics,songs and fanfics from you guys, IT'S UNBELIEVABLE! I know I won't be able to put them up here for a while, but I am Trying to learn how to put them on the site.

Well That's All for now, But I would like to ask if anyone had any experience with free webs?

9 - YES YES YES!!! Look at this!!!

Okay, Becuz I am having issues for the recent site. I've made this page for us to use until we can get an actual site.

Here it is!!!

<http://z9.invisionfree.com/ImperialSoldiers/index.php>

not much, But there will be. I'm gona post some rules and REAL registration stuff! Your Gona really love this!!!

10 - More Questions

Okay you guys, We need to decide how this is going to work...

I was thinking we host it like a Roleplay game! That Way it gives EVERYONE a Chance to rise above everyone else! There could be teams and everything! and this Way, People Outside of FAC can join! But Of course they would have to full fill certain requirements. And By going with a roleplay theme, It also Opens up chatting! And Lets Not Forget, If We Go with the RP theme we can still keep our general idea for the site, but also Opening up, TONS of other options! Maybe even have separate kindoms and worlds, and we're like in a war or something.

It would be so cool!!!

Let me hear your Idea's before I do anything to the site though

11 - WHat YOU need to do As a Sailor Moon fan!!!

WHO WANT'S TO BE

**THE NEW
SENSHI?!?!?!?**

15 - EVIL!!! MUAHAHAHAHAHA!!!

Okay... We have an issue. CURRENTLY, No one wants to be evil. SOOO I am Making this Offer, The First Scout to Become Evil, will Be Brought up to the highest Level/stage of evil. Which will almost sextupel your starting Power. It will Surely give you a huge jump on everyone else, Making it really easy for you to use your powers to turn alot more people evil. Doing this will hopefully help to keep the story moving. We have enough people (Only including the ones that have actually joined) that we can keep the story from ending So that other people can join. Which Just Gives me more reason to ask you to join!

The Reason I am Practically begging you to go Evil is becuz I would rather not Have to MAKE someone to be evil.

Here's My Offer-

The First Person will Be the top notch evil.

Next three will be enhanced to the Highest STAGE of evil, and the second highest level of evil.

A BIG POWER BOOST.

You could almost think of your self like Sailor Galaxia OR Choas, OR Maybe even Prince Diamond.

IF no one bites on this offer, I will go to a few people I trust and BEG them to be evil. Please, I hate Begging ^^'... Except my offer. BUT If you are already at the site and you feel no obligation to be evil, THEN DON'T.

THANK YOU! Comment Please! =D

16 - And Important Message

Hey. I have sent an important message out to EVERYONE that has registered the site.

It is about the first mission. Now, Many of you Have already Made story's For your OC. Which is why I created the 'Credit Mission'. The Credit Mission, is where you can send all your Sailor Moon Story's (That have nothing to do with the site) and Get Credit for them.

With these 2 forum's open for business, There should be no reason that you are board on the site.

NOW GO GO GO!!! ^_^

17 - GAME!!!

I'm Making a Video Game for this project.

ENJOY ^_^
