1 - Enter Binx, The Sweet Blonde Beauty With No Memory

This takes place in a new region Yollen Region the but ash isn't traveling with dawn hes traveling with Brock and misty

"It's really nice traveling with you guys again all three of us again at last!" Ash said breaking the silence at lunch time. "Just like old times huh?" Misty replied Looking out on to the falls "Starlight Falls Is So beautiful you think?". Both Ask and Brock replied yes.

Suddenly the trio hear what sounded like the scream of a girl coming from the land above them by the peak of Starlight falls. "What was that?" Brock wondered. "It sounded like a girl screaming maybe shes being attacked by Pokemon!" Misty answered

The next thing Brock and Misty know Ash is trying to climb up the rocks aside the falls. Misty scowled him "Ash get down here! your going to get your self killed!" "But shouldn't we help that girl she may be hurt." Ash jumped down from one of the lower rocks her was standing on. "For All we know no ones hurt Ash they were probably surprised and there is no way we can get up there from here alive!" Brock explained

Minutes later a Scarmony dropped what seemed to be a limp lifeless human body in to the lake on the end of the falls. Ash quickly jumps in after her hoping to save this girls life. He eventually Pulls her out of the water on his back. he placed her on her back holding her bag she lost in the water, finally to see her face. Her long blond hair is so beautiful. her Rosy cheeks her soft skin. Ash Admired her.

Brock does mouth to mouth to the girl. she starts coughing up water but still lays there unconscious. Misty Called 911 and an ambulance was on its way to pick up the girl and take her to the New River Town hospital.

Later that day at the hospital...

Ash was going threw that girls bag looking for some kind of ID to give the doctors and somehow contact her parents or guardians. "There is nothing in here. no pokedex nothing theres no way to find out who she is they ran DNA tests from what they said no match!" Ash Complained. "You sure ash nothing?" Misty questioned "Nothing only a pokeball and a sleeping bag"

A tall doctor looking fresh from collage walked from the girls room to Misty Ash And Brock. "Are You the ones who brought in the Jane Doe?"

"The what?"

"Ash that's what they call a woman who has no identity" Brock told him

"So doctor how is she?"

"Actually lucky for her none of her Organs were harmed she just passed from the shock of the cold

water"

"That good to hear"

The doctor was watching over her as she opened her eyes "Ah Your awake how are you feeling? By any chance do you know your name?" asked The doctor with a smile. Trying to stay calm she replied "Yeah kinda i only remember the word Binx i think that my name and I'm feeling okay but where am i?" . "well Binx it just so happens you were throw off a cliff and a boy and his friends brought you in if you would like i can send them in." "Send them in please" she told him with out thinking.

2 - Out In The World With New Friends

Binx lay in her hospital bed gazing at her hospital bracelet which still read J Doe. She had been laying there in the exact same place since Ash, Misty, and Brock had to leave the room. The doctor who claimed his name was Doctor Satou said after all the test and file searching there was no trace of her ever. After hearing that news her heart was broken. It was also told she couldn't leave the hospital until her guardians were found or if someone were to take her under their wing and took her out into the world and help her find her parents. She finally snapped out of her trance and hid under the covers.

"So what do you think guys?" Ash asked "We can't just leave her here can we? They said if someone could take her in and help her she could leave the hospital right? She's about the same age as me and you're both older so maybe if we beg we can take her with us." Misty looked at him "I doubt it Ash. She's scared I don't think she'll want to leave with us strangers anyway." At that moment Brock went up to Doctor Satou and began talking to him about letting Binx travel with them.

Ash picked up Binx's bag and walked into her room only to see she was still hiding under the covers.

"Doctor Satou go away no more tests!"

"It's Ash and I have your bag would you mind coming out? I found your pokeball"

She slowly came out from under the covers "I have a pokemon? What is a pokemon?"

Ash slowly placed Pikachu on her lap "this is one of my pokemon this is Pikachu. there are hundreds more pokemon much different from Pikachu." "Pika Pi!" Pikachu squicked with a big smile. Ash took the pokeball out of her bag. The pokeball looked really old the Red on top was so faded it was pink and the white had become a light shade of yellow.

"Would you care if I sent out your pokemon ma-" Binx interrupted him "May I?" then she took the pokeball and sent out a Luxray. The Luxray walked over to Binx and rubbed its head against her hand.

"Luxray? I remember I have a pokemon! Luxray my only pokemon Luxray!" Binx moved over and sat on the edge of the bed and wrapped her arms around Luxray's neck. Ash walked over and gave her a smile "You must be some trainer Binx." Moments later Dr. Satou came in to the room "I see you're feeling better Binx" He placed her clothes on the end of the bed "You better get dressed"

"Why did you find my family?"

"No"

"Then what?"

"Be Happy you have friends. Without them you would have been here a while" He stepped aside letting her see Misty and Brock standing in the doorway. Binx was so happy she jumped up and wrapped her

arms around Ash As She sent Luxray back into her pokeball then going down the line hugging Misty and Brock As Well

Ash was standing in the lobby with misty and brock Awaiting Binx."Im so glade we're able to help her at least now she has a chance to find herself." Misty said as Binx walked out of her room dressed.She was wearing her long blonde hair down with a black ribbon and a red and white sailor fuku.Ash stared at her in sort of a trance *She's Beautiful.*"Thank you for saving my life and i thank you for taking me with you.Im forever greatful and in your deat." Binx annouced to them picking up her bag with a cheery smile."Really it nothing we dont mind at all anything to help."
