I had never thought of actually loving someone. Let alone thinking of death. I had always thought love never came with a price to pay, but death by loving someone seemed to be cruel to me.

1 - First Sight

I looked out the car window, wishing my mother would hurry. It was raining slightly but I wanted to see my father. My mother had tried to get me to stay, but I refused. I was headed San Fransco, it would be a two hour plane flight and then a twenty minute car ride. As I got on my plane, mom asked me again if I wanted to stay. I said no. As the plane ride dragged on I noticed heavy rain falling. I sighed I didn't like the rain. The plan soon landed after that and I met up with my dad.

He smiled as allways and took my stuff and lead me into the car. We talked a little bit and we reached the house. He left me alone as I headed up the stairs. I looked at my old room. It was light black paint and red around the bottom. Nothing had changed at all. I glanced at some old photos still hanging. I sat my clothes in my black dreeser and brushed though my tangled hair. I looked competely like my mom. Hallow black eyes and long black hair and very pale skin.

I would be attending school here. Just what I needed. I hated going to school. As I went downstairs to say goodnight my dad smiled and I headed to bed.

However I couldn't sleep. I just couldn't. It felt like forever before I fell asleep. When I woke in the moring I quickly brushed my hair and got dress and sliped on a black hoodie. My father was waiting for me and I ate. I quickly ran out the door and into my black convertable. After all I was old enough to drive.

As I headed to my school I attracked unwanted attention by every guy in my new school. As usally. They couldn't get over my car and looks. I sighed slighly and walked out of my car and headed to the office.

The blonde headed person looked up and she smiled and handed me a map.

"Hikari Maaka right?" she said.

I nodded and took the map and walked to the cafe. I quickly memorized the map and put it away. As I walked inside almost everone had the same skin color as me. I hung up my hoodie and headed to a history class. I glanced at the door number and walked in. The teacher looked up and i saw his name on the board. He smiled and said "Hikari Maaka? Right?" he asked.

I nodded again not saying anything. He pointed to an empty seat and I sat down. While he dragged on about Japenese History. I looked at the clock and noticed there was still twenty minutes. Everyone kept looking at me as if I was hated. They seemed that no one had seen someone with a Japenese name. The bell rang soon after and I got up and headed to my next class. I had adavaced Math which I hated. After an hour in the dreaded period, I headed to lunch and walked outside with a vitiam water and a small salad.

I hated having attention and most of the time I skiped Biology. I hated that class. As I looked up to see if anyone was around me, I noticed a group of kids talking near me. The girl looked up at me. She had ivory skin and was talking to a very pale boy. I glanced away and the girl sat down. "Do you want me to move?" I asked.

"Are you new?" asked the girl.

I sighed and got up. Then I threw my tray away and sat back down. "Yes" I said not wanting to.

"What's your name?" she asked.

"Hikari Maaka." I said.

"I'm Isabella Swan." she said glancing back at the boy.

"What do you want?" I snapped.

"I'm sorry. I'll leave you" said Bella.

"Wait who's the boy?" I asked wondering.

"Edward Cullen" she said walking back with him and going to another table. The bell for next period rang and I headed unhappily to Biology. I saw Bella and Edward follow me. I sighed annoyed knowing they were in the same class. I went inside noticing microscopes on black tables and I smelt blood. I fell over and felt dizzy. Homophobic. I hated the slight smell or even seeing blood. I felt my stomach give out and I felt sick. Another reason why I avoided this class. Bella and Edward saw me fall and they helped me up.

"You alright?" asked Bella.

"N-no blood". I said. I fell again. Then I coughed up vomit. Bella took my hand and helped me up. Mr. Banner noticed me in a shaken state.

"Bella why don't you take her to the nurse?" Mr. Banner said.

"Oh god I'm gonna-" she fell on the floor fainted.

"Another one?" questioned Mr. Banner.

"Edward take them to the nurse. I'm sure Hikari can walk." he said walking in the class.

I looked at the pale boy with disgust. What was his problem? He was so quiet. Edward looked at her.

"If you're insulting me say it." he said hiding emotion.

"How? - How did you know?" I wondered.

"I'm not dumb and hurry more blood will be shed." he said carrying Bella.

"Do you have siblings?"

"Yes and end the questions". he said running off faster than I could. He seems familiar for some reason. Maybe I saw him once. I went into the nurse's office and saw Bella waking as I entered. Edward was still there standing. I looked at the nurse and she handed me some medication to help and I smiled.

and then headed outside the room. Bella soon followed me with Edward soon afterward. The he noticed something I was carrying. I was hoping he wouldn't notice it. He slowly gripped my drawing pad and flipped it open as a reflex. His face changed so quickly as he a unfinished vampire.

His golden eyes settled on this drawing and it seemed like forever. He the noticed the name scribbled at the bottom. No one was supposed to see that. I tried yanking it from his grip, but he wouldn't let go. As his eyes saw the name he dropped the pad. His face paled more and he ran off. Bella looked at me as if I did something wrong. I glanced at the name. It read Kouki Cullen. My memory came flooding back to me. I had just done something horribly wrong. I had to give back the drawing to him. It would reveal that the Cullens were vampires.

I ran after him leaving Bella. I didn't care about my classes this was important.

I ran though the halls down to the parking lot and found him sitting in his car the door open. He looked up and saw at once and flashed his white teeth. I can't believe I had forgotten about there secret. It was there biggest one to. I got in the passenger's side and he shut his door. I shivered I had forgotten ever since I left him. "Where's Kouki?" I asked.

He laughed at the statement. "Kouki been waiting for you to return and trust me he's not in the best mood." he said laughing still.

"Why?" I asked as he began driving.

"You've been gone he has been wanting to make you immortal." he said.

"Immortal like you?" I asked.

"Exactly. He hasn't forgotten about you." I gave him my car keys knowing I'll be at there house awhile.

"When will we be at your house?" I wondred.

"Now! he stopped the car in front. We both stepped out of the car and headed inside.

"Has Alice and Jasper changed?" I asked looking around the house.

"Nope. There the same. Kouki's room is upstairs next to mine." he said going upstairs to his room. As I climbed up the stairs, I began to remember how it used to be with me and Kouki. As I opened his door he looked up. His pale face along with black and red highlights, reminded me how much I loved him. I ran up to him and hugged him. He smile came upon his face.

"How are you?" he asked.

"Great. I'm staying with my dad. What's the deal with Edward and Bella?" I asked.

"So you caught on?" he asked.

"Yeah and do you go to school?" I asked.

"Yeah. Bella likes Edward. How's your mom?" he asked.

"Fine. I'm so happy to see you." I said.

"Did Edward tell you what I wanted to do?" he said becoming serious.

"Yes. I want it to happen. So has Bella asked him about it?" I asked.

"Yeah he refused. He thinks it too early even for me." he said.

"It's not. Anyway I'll see you at school right?" I asked.

"Yeah see ya." he said. Quickly I ran up to him and kissed his cold lips lightly. He smiled and walked me downstairs and Kouki led me to my car.

"Well I better go." I said.

"Yeah see ya." he said.

As I left him, I saw Edward walk Bella to her car. I hurried and drove home and saw my dad waiting.

"Where were you?" he asked.

"Kouki Cullen's house." he said.

"You saw him today?" he asked.

"Yeah, he was happy to see me." I said.

"Well head to bed. It's almost ten." he said. I nodded and went upstairs to bed. As I did I thought of Edward and how he had reacted to my drawing. I couldn't why he reacted that way but there had to be a reason. My thoughts were clouded by it. Did he like me? Kouki would know. I was ripped from my thoughts as I heard a tap on the window.

"Kouki?!" I questioned walking over to the window. He climbed in my room as I opened it. Why are you-" I heard my dad walk in. I scrambled to the bed, Kouki hiding.

"Goodnight" he said walking downstairs. I smiled as he left shutting my door and I saw Kouki back by me.

"Couldn't wait?" I asked him.

"No it's not that. It's Edward's reaction that's worrying me. I think he doesn't like you knowing." he paused looking at my expression. Even though I've known you for four years, he doesn't trust you." he said.

"I thought that when he found the picture. He had an odd look in his eyes." I half smiled.

"Then again Bella been with him for only three years." he said.

"Do you think he thirsty for human blood?"I asked.

"Yes"with that he left me.Soon after I found myself become tired and fall asleep.

Chapter 2 Nightmares

I woke up sweat clinging to my forehead. It was around five am. I slowly got up fear stricken and tried to remember what the dream was about. I couldn't think at all, I was scared. Yet I couldn't remember, I laid back down on my bed and fell back asleep....

I was running... In a dark forest.... My feet gave way and I fell. Edward was chasing after a knife in his hands. He threw it at me and just missed my head.... I screamed terrified of him. Bella was nowhere to be found. I keep running even if I tripped I got back up. Edward was laughing at me.... I screamed again scared to death as the knife cut a piece of my jacket. I was now running into my car and I drove terror-stricken away. He flashed his teeth laughing evilly...

I woke up screaming. My body had a pallor color and I couldn't sleep anymore. I got up and clicked on my radio. Playing on it was September. Thank god no horro music. I decided to finsh my homework and I got dressed. It was allmost seven. I wanted to finish listening to the song. I didn't want to go to school now. I was scared. As I headed down the stairs, I notice my black convertable was running. Sitting in the car was Kouki. I was still scared regardless if he was with me.

He glanced at me with a worried look, and waited for me. I got in the car and said nothing. He just drove me to school with him. When I got out and Bella apporched me, I ran from both of them into elevator. Kouki looked at Bella and she said nothing. I sat waiting for the third floor. My body was shaking uncontrollably. It couldn't stop. I was just so scared, as I walked to the nurse's office she said nothing and let me lay down... Soon after that I fell asleep into that same dream again.

I woke and let out a terrified cry. The nurse looked up me and someone entered. Edward, Bella and Kouki walked in. I let out another cry as I saw Edward. He glanced at me gave me an odd look. Kouki sat down beside me and he flashed his pass by the teacher.

"Take it they want her?" she asked glancing at Bella.

My body was shaking,I couldn't get up.Edward was near me.I tried telling Kouki,but nothing came out.He seemed to have stiffned and he wouldn't talk.It was almost as if he knew.Bella tugged on Edward's shoulder and they headed outside the door.Kouki glanced up and said "He's gone".I laid my hand on his to calm me for a minute.He could tell it would help, besides the fact we were in the nurse's office.I still couldn't speak regardless he was far away...

"You alright?"he asked.

No answer from me.I couldn't get the dream away from my head.I think I sayed there hours,my body still pallor.When I finally spoke my voice was quiet.

"E-Edward."I manged to say.

~~~~~With Bella and  
Edward~~~~~

"Edward you shouldn't be spying."Bella said.

"I'm not my name was said however.I think she had a nightmare about me."he said getting interst.

"About you why?"Bella asked.

"That I'll wait on."he said returning to class with me.

Kouki looked at me worried now."Talk later."he said.I nodded slowly.I got up my body still shaking but I was alright now.I was away from him.However I could no longer go to the Cullen's house.I laughed at the thought of not seeing him again.Then I thought what if Edward was listening?He never read my thoughts for some reason.It was like he never knew I was around.Then I remembered I was a senior here but I took lower classes.He never saw me with Kouki.Kouki had stuck me in and he had privacy.He was the only one....

I can't beleive I had forgotten that.That was why.Edward never knew about me.He knew Kouki had friends but not about me,and that I was female.I half smiled.I was safe.

3 - Blood Shed

I entered Biology. I hated now that I was stuck next to Edward, but Bella seemed a little happier sitting alone. He kept clutching the desk as if I was smothering him in my scent. Then I realized it was my scent. Kouki entered and I glanced up why was he in Biology? He was talking to Mr. Banner and then he sat down in a desk behind Bella. I flinched what was he doing. So what I told him yesterday what happened. Was he that worried? I looked down at my Biology notebook and carelessly took notes on today's lesson. No matter how hard I tried to force on the lesson, Kouki just kept staring at me. When I glanced back at him, I noticed he was gripping the wood hard. 'Oh no' I thought.

~~~~~Kouki Pov~~~~~

I felt the scent burning through my mouth. Excess venom dripped into my mouth. 'shoot' I thought. I gripped the desk hard. I saw Hikari's head turn and she was wide-eyed. It wasn't her scent however. I hadn't gotten used to craving her scent. It was Bella's. Oh how Edward would kill me. I wanted her blood. As I glanced at Edward, his hand had gone through the desk. Seems his scent is messing with him. I felt my body move forward to plant my fangs on Bella. No I mustn't. I wouldn't let myself lunge at her. I couldn't help myself. My eyes went back to my test trying not to lunge my fangs at her.

~~~~~Edward's Pov~~~~~

As I felt scent change, I nearly jumped out of my seat. Why me? Bella heard me and I forced on people's thoughts to calm me down a little. No success. It wanted me thirsty more for her blood. No I had to stay with Bella. Their scents were horrible I couldn't stay still. One of my fangs piced my lip. I needed to get out of this class. My blood burned now, wanting to taste her blood on my lips. I couldn't fight off these thoughts. I felt more of my venom come. I tried to fight it off nothing. My blood still burned. Then Hikari glanced in my direction. I let my fangs slip and bit her neck lightly. What have I done'?

~~~~~Normal

Pov~~~~~

I felt a burning when Edward's fangs hit my skin. Acting on a reflex I pushed him off his chair. I then got up and ran out of the room, him following me. I sat in the hallway. It would be seconds before Kouki joined me. I heard Mr. Banner yell at him and I was panting. Kouki came out alone. Edward sighed, knowing there would be yelling. I sat there itching the bite marks. They burned and itched.

"HOW COULD YOU BE SO CARELESS!!!!!" yelled Kouki

"It's not my fault her blood, got my attention." he said.

"Yeah it is your fault. I said. Now I have bite marks. What if my father sees them." I screamed at him. Edward then stormed off leaving us far behind. Then I felt light-headed as if in a daze. I couldn't stand I fell over. The thing I heard was Bella, Edward and Kouki calling my name....

was a full Vampire. Why? How did you do this?" I questioned Edward while punching a wall. I left a large dent. I knew I shouldn't have done that.

"I don't know how it happened Hikari." he said.

"I'm not going to school-" I heard the door open. Bella told us both to leave and I followed Edward into his car.

"Hungry?" he asked smirking.

I couldn't answer my senses did the telling. Venom dripped into my mouth. He smirked again, and drove to a hiking area. Edward stopped the car and we both got out. I smelt animals and ran soon after. My first animal was a mountain lion. Edward had vanished at the woods somewhere as well. I bit into the flesh savoring the blood. My lust was greater than his and I killed three more mountain lions. I half finished the last one then cleaned my mouth off. Then Edward appeared out of nowhere beside me. He had blood dripping down his face from his kill. I smiled fixing my black and red hair and smelt another vampire....

My first idea was to jump at him, but then I had second thoughts when I saw Kouki. When he saw me with the blood on my hands, he was shocked. Then slowly he saw the kills I made. "Hikari talk about your thirst." he said looking at blood all over the ground.

"Sorry." I said washing my hands off in the river.

"What are you doing about school?" asked Edward.

"I'm getting married in two days". I said glancing at Kouki.

"Who ask- his eyes narrowed at me. No you're not." he said quickly.

"Jealously?" I asked seeing Edward head to the car.

"He'll get over it. It's a private wedding anyway. I'm not wanting vampires to show up." he said.

"Why?" I asked, lying my head on his shoulder.

"I'll let you finish school so it doesn't seem like we're together." he said.

"Ok." I said.

We both walked over to his car and drove off me lying in his arms....

## 5 - Twilight

I hurried downstairs vampire speed. I needed to find a dress. Alice met me at the bottom of the stairs and we hurried to shop. I quickly browsed through dresses while Alice looked for a necklace. I settled with a short tank top and a skirt. Alice found me a black diamond cross with black rose earrings and we bought the stuff.

Soon we headed back home and I heard Edward talking to Kouki. I went into my room and set down the stuff. I laid on my bed, pretending to sleep but I was reading Edward's thoughts.

*'So he loves her after all. I guess I wasn't imagining things I saw in my dreams. I guess she hates me after all. I never got to say-'Hikari?'*

I snapped out of my gaze. He wanted to do what? I wondered. That was the only time I used my vampire powers. Well I used it at night to. Did they argue? I tapped into Kouki's mind.

*'Stupid Edward. He thinks he can save her from me. She'll be dead as soon as she marries me.'*

I snapped the link. He didn't love me. No wonder Edward was surprised. He had liked me, but Bella was in the way. I couldn't think anymore. It was too hard to. Should I love Edward or Kouki? I couldn't make up my mind. Then someone came in my room.

"You read my mind did you?" asked Edward.

"Yes, but can we talk somewhere quiet?". I asked. He nodded and took me to his car and drove away. I grabbed a CD that I had in a case with me and put it in. He turned his head a little when he heard the female singer.

"Who's this?" he asked with a little interest.

"Evanescence", I said mouthing the lyrics.

"Do you know the lyrics?" he asked gaining interest in the song. I nodded and sang.

"Field Of Innocence"

*I still remember the world  
From the eyes of a child  
Slowly those feelings  
Were clouded by what I know now*

*Where has my heart gone?  
An uneven trade for the real world  
Oh I, I want to go back to*

*Believing in everything and knowing nothing at all*

*I still remember the sun  
Always warm on my back  
Somehow, it seems colder now*

I paused waiting for his response. He flashed a smile with his sharp teeth and waved his hand for me to go on.

*Where has my heart gone?  
Trapped in the eyes of a stranger  
Oh I, I want to go back to  
Believing in everything*

Slowly I sang the next part unsure if I was correct with my latin class.

*[Latin hymn:]  
Iesu, Rex admirabilis  
et triumphator nobilis,  
dulcedo ineffabilis,  
totus desiderabilis.*

*[Translation:]  
O Jesus, King most wonderful  
the conqueror renowned  
the sweetness most ineffable  
in whom all joys are found.*

I paused letting the man go on.

*[Man:]  
"As the years pass by  
Before my face,  
As wars rage before me,  
Finding myself  
In these last days of existence,  
This parasite inside me,  
I forced it out.  
In the darkness of the storm  
Lies an evil,  
But it's me."*

I sang the last verses before grinning at Edward.

*Where has my heart gone?  
An uneven trade for the real world  
Oh I, I want to go back to*

Believing in everything

Oh where, where has my heart gone  
Trapped in the eyes of a stranger  
Oh I, I want to go back to  
Believing in everything

I still remember.

When I looked back at him he was in a deep trance. He seemed please with me.

"Nice voice".he said.

"Thanks."I said.

"Why'd you bring me-".

"Bring me somewhere away from here.I mean State wise.

"You don't want him do you?"he asked me.

"No Edward.I'm leaving San Francso.I said.I pulled out a black diamond cross.Give this to him when you get back and tell him I'm gone."I said not caring that I was a Vampire.

"I stay with you".he said not as a question.

"S-Stay"?I said shocked.

"Bella is dating him.She cheated on me.I read his mind".said Edward.

I had a smirk on my lips.He still didn't give the cross back.He looked at the bag."Alice knew"I said.

"She did now?Thats intesting."said Edward.He took a turn on the highway.

"Where we going?"I asked.

"A hotel for now."he said.

"Ok."he took another turn.He pulled up in a parking lot and we walked inside the hotel.

"Do you have a room for two?"he asked.

"Yes.Suite or non-suite?"she asked.

"First".All he said.She handed him and key and we headed upstairs.I still say I was part human even though I went though the change.I was tired and I fell right on the bed.He laughed at that and turned on the T.V.It was midnight when I actally said something.

"Does this mean you like me?" I asked nervously.

"Yes", he said. I went towards him and planted my lips on his giving him a nice shock. Then I fell asleep by his side...

## 6 - Running Fear

I woke or so it seemed to be next to Edward. I thought I was in a dream everything was so weird. Me losing my boyfriend then in a hotel room with

Edward. I slowly got out of the bed. Then I remembered my transformation.

However I seemed pleased that I still had my human part with me.

Just then I heard the window shatter, glass flew right at me. It hit as it made impact in my skin. Then suddenly I felt myself become scared. Who was trying to hurt me? Why was I feeling things? Wasn't I immortal? My thoughts had endless questions. I looked frantically around for Edward. He was nowhere. I

froze. He loved me didn't he? It couldn't be Kouki. Yes he had said he would hurt me but he

wouldn't kill me. Then I saw two crimson black eyes in the darkness.

They were very thirsty...

The black eyes looked slowly up at me. I felt whoever it was come closer. I saw a male pale figure. His eyes were full of hate, I couldn't move. I just was frozen there. He stiffed the air searching if I was human. He smirked and moved into the moonlight. "James?" I muttered. His head lifted up at the slight whisper. He looked at my topaz eyes and then up at the ceiling. It felt like forever before he answered.

"How's Kouki?" he asked eyeing me.

"Not here. I broke up." I said glancing where Edward would have been.

He laughed cruelly. Then it hit me. He was going to kill me. He had sent James, of all the vampires. I wanted to run, but I just couldn't then panic washed over me.

I was doomed. His nose raised up in the air. Hungry eyes flicked toward me. I felt the sickness of blood back. I wasn't immortal. Edward's bite wasn't lasting. I only was for a few days. He didn't love me when I was bitten by him. I had to run now. Against my fear. My body wouldn't let me. I was trembling. Then I blacked out...

## 7 - Wounds Of The Present

Everything was dark.I was in a nightmare.I had to be.I was running.I just kept running.I couldn't see anything in the darkness.Noone was helping me,no voices,no nothing.I didn't have a clue where I was.Then I felt something wet.I opened my eyes.I was in the woods by the Cullen's house.Alone.That went though my mind.If I was standing in the woods, then were where the Cullens?How'd I get here?Then I smelt blood.The wetness I felt was my blood dripping from my arm to my finger.I glanced at the house before running home....

As I reached my father's house,I noticed a light scent of blood.I walked up the stairs and into my room.I quickly shut my door and pulled out infection needles I kept.As I probed my cut for glass,my hand stung.It hurt everytime I took a piece of glass out.I winced listening for my dad.As I removed the last piece, I tied a bandage around the cut.I heard my door open...

I laid down and shut my eyes.Hiding the stuff under the floorboards.My door shut and I let out a heavy breath.I wondred where the cullens were.I would think about that more later.Soon after I fell asleep from the loss of blood...

As I woke, I saw my dad beside me.Fixing my bandage.I stared at the other one.It was completely blood-soaked.He smiled at me and gave me the phone.I heard a voice, I hadn't heard in a while on the other end.

"Hikari?"asked the voice.

"Jacob?"I asked.

"How are you?"he said.

"Horrorible I'll see you later."I said getting up and heading to change.I quickly said bye and hung up the phone.As I got changed,I sliped an old necklace on.The the necklace was two rings combined into each other.One was black the other was gold.The gold one read Gar?kami and then had a little symbol ???.The writting was a faint light blue.The other ring read Kyuuketsuki and had a little symbol ????.It was written in blood red.I sliped it around her neck and headed to Jacob.

As I reached him,I felt a little worried.I wasn't exactly great friends with him anymore.He kinda was a little mad at me.However I couldn't complain because I had nothing to do.He was standing there grinning at me.I smiled slighy and remembered not to menton vampires by him.He lead me down into the forest,I could tell he wanted to talk to me alone.

As we walked he asked "How's Edward?".

I froze how did he?"Fine"I said.

"Be thankful your alive.He's not around.He's in a medical center.He's not doing well either."he said.

"Last night I was by his house.How'd I get there?"I asked with a little pain in my voice.

"Did you get the glass out?"he asked.

"How?-You helped me didn't you?"I asked surprised.

"Yes.You had more cut but I treated them.I'm sorry I didn't tell you.James went after Edward.he said.

"I thank you,but where is he?"I asked getting nevorous.

"Not here.Alice is the only one.They won't be back for awhile."he said camly.

No my thoughts yelled.I just met him and now this.I had lost someone again."How's the pack?"I asked.

"Fine,but you seem trobled."he said.

"I'm just worried."I said holding back tears.I ran though the woods now wanting to get away from him.I didn't look at my surroundings once.I soon found my hallow in the woods.It was a tree stump by a river and a waterfall.It was peacfull here.I couldn't stand living without him.I sat on the and cried hard and long....

As night fell I watched the stars.They were full of loneyness and sorrow.I wiped my tears and slowly got up.I headed home.I was going to leave here.I was going back with my mom.I went upstairs and packed my bags.As I swung it over my shoulder,I decided to leave one last note.I drove to the Cullen's home and got out of my car.Alice stood there.I walked towards her and handed her a note.she unfolded it and read it.She nodded and took Edward's note as well.I went back to my car feeling a single tear leave my eyes before I left...

(??, Gar?kami"a starving/hungry wolf")(Kyuuketsuki Vampire)

## 8 - When You're Gone

As my dad said goodbye and hugged me, I cried a little. I boarded the plane and I was heading back to Forks, Wasington. I couldn't think on the plane, but then again who could? When the plane did land, it was four am in Forks. I had a night flight. I saw my mother eagerly waiting for me and I smiled. I ran to her and hugged her and got in her car. We reached the house within the hour and I was homeschooled here but I decided to skip a few days. It was the summertime anyway. I quickly ran into the woods surrounding our house, and headed up an old trail.

I found the old watering hole and the meadow quicker than I thought. I sat by the water with my drawing pad and started drawing the meadow. I could finally tune out, Edward, Jacob and Bella. For the remaining summer. I didn't have any worries here. As I finished, it was early morning. I yawned and smiled. I better get home. I ran home and went upstairs. I put my drawings under the floorboards and looked at the date.

It was my birthdate July, 2. I laughed, already I turned eighteen. Then I looked in horror at the package on my bed. It had his writing on it. I froze and stared back at the date. That can't be right I thought. As I slowly took the paper off. I realized, I never should have listened to Jacob. Inside was a note and address and a small gift. I opened the note slowly.

Hikari,

I'm sorry.

Can you forgive me? I never meant to hurt you.

Will you return? If not keep the gift.

Goodbye,  
Edward Cullen.

The words hurt. As if I had been bitten. As I unwrapped the same gift, it was a necklace. A blood red one. The ring and locket both had something I couldn't translate on it. I cried. How could I be so stupid? I couldn't write back. I had given Alice my word. They would have to come here. I felt regret and then emptiness. Then I fell into an unwanted sleep....

Six Months Later...

I sat in my room. I had written back to him, but he had moved on. He had told me in a letter. I wasn't giving up though. I should have gone back. My black hair was now halfway down my back. My skin was even paler and my mother said it looked like I was scared all the time. As I picked up my bag for school, it felt odd. As I drove to school, I couldn't think. I went into my English class with my assignment. The teacher called on me to read as usual.... As I read my poem I thought of him.

"Loneliness is grey
It tastes cold, dry and hollow
Loneliness is the smell of something left in the dark too long
And looks like a damp, dark room
The sound of unheard tears
Loneliness empties me"

Then the phone rang just as I finished. He picked up the phone and had a grim face on. "Hikari your dismissed." he said. I gulped that wasn't good. I ran to my car and drove quickly to my house. I smelt fire and smoke. Then it hit me hard. My mother was dead. I cried hard and sat in my car. I was giving money to go to my dad. I took it and flew over to him. When I got to the airport I got in my car and drove to his house. On the radio I heard...

I always needed time on my own
I never thought I'd need you there when I cry
And the days feel like years when I'm alone
And the bed where you lie
is made up on your side

When you walk away
I count the steps that you take
Do you see how much I need you right now?

When you're gone
The pieces of my heart are missing you
When you're gone
The face I came to know is missing too
When you're gone
All the words I need to hear to always get me through the day
And make it OK
I miss you

I've never felt this way before
Everything that I do
Reminds me of you
And the clothes you left
they lie on my floor
And they smell just like you
I love the things that you do

When you walk away

I count the steps that you take

Do you see how much I need you right now?

When you're gone
The pieces of my heart are missing you
When you're gone
The face I came to know is missing too
And when you're gone
The words I need to hear to always get me through the day
And make it OK
I miss you

We were made for each other
Out here forever
I know we were
Yeah Yeah

All I ever wanted was for you to know
Everything I do I give my heart and soul
I can hardly breathe, I need to feel you here with me
Yeah

When you're gone
The pieces of my heart are missing you
When you're gone
The face I came to know is missing too
When you're gone
The words I need to hear will always get me through the day
And make it OK
I miss you

I didn't know how to tell anyone. When I walked into my room and laid down on the bed. I cried long and hard into the night. I didn't even feel my dad's hand go on my shoulder. When I looked up in his eyes, he had tears. I hugged him lightly, crying. Why did mom die?

Later That Day...

"Dad do I have to go?" I asked.

"Hikari. I know its your birthdate, but what more can you do?" he asked.

"I don't know, but I miss her already". I fiddled with my necklace.

"Look I'm going to the funeral tonight. You don't have to come." he said.

"I'm not". I said heading to my room. I sat on my bed drawing. As I finished my work, I noticed it was a black rose. I flipped open another page and drew once last thing. As I looked back in my summer, I found nothing but sorrow. I sighed and closed my book. Then I heard a tap on the window. I looked at it. Edward was looking right at me. I grimaced. Then looked at the inside of the necklace. I still didn't know what it meant. Regardless that it was Japanese. He looked at the shining object and smiled. He pulled the window open and said "Fallen Angel".

I didn't know what to say. I was half crying when I saw him, and then I blacked out..

Here's Hikaris but its two rings

Edward's Necklace except its black

9 - Darkness

I didn't know what to do anymore. My heart had broken. I must have been seeing things last night. I thought Edward was with me last night. I had lost everything, that I needed to live. My will was fading. I couldn't live like this. My father had left for my mom's funeral. I didn't want to go after the issue with the Cullens. Even Jacob Black had lied to me. I didn't want to go to school, but I grabbed my bag regretfully.

As I drove to my school, there was no sign of the Cullens thank god. I stepped out of my car and slammed the door. I headed to homeroom period. I had a few days of school left. So far. I smiled to myself lightly. It was ruined when one of the Cullens walked through the door. It was Edward. I screamed at myself. What was the bastard doing here?

I had gotten over him finally, and here he was walking in. He glanced at me slightly before sitting down beside a blonde. I glanced at the female beside him slowly. I was interested for some reason. She had the same paleness as Edward and was about the same age, I think. Her eyes were dark crimson. I shivered knowing she was lusting for my blood.

The day dragged on and I grew bored. *I might as well ditch school again.* I thought. That sounded well to me. I took out my cell phone during reading while the teacher wasn't looking. I gave Jacob a text message on his phone. I got a response and smiled. I slipped my phone away and asked to go to the nurse.

The teacher nodded and I saw Edward glance at me oddly. I ran outside the door and outside. Carefully to avoid any more teacher. I heard a motorcycle from outside and saw Jacob with Sam. I smiled and ran to them. Sam was riding my black and red one.

"Jake can I?" I asked.

He nodded and Sam got off. "All get a ride from Leah". he said walking off.

"Ready?" Jacob asked.

"Yeah". I said starting my bike. As we rode off I saw Edward glance at me before we rode off to the beach. As the bikes came to a stop at the beach, I got off and turned off mine. Jacob kicked up the kickstand and followed me to his beachhouse.

[A/n The Beach during the day and night]

I sat on the sand carefully not getting wet. The sun was still high up but I was happy. Jacob sat beside me

watching the sun. It was a long time before we actually spoke to each other.

"Did he leave you?" He asked.

"Yeah. I got dumped six months ago. Jake, is Bella still?" -he cut me off.

"No. I dumped her a few months ago." he said.

"Why?" I asked.

"It wasn't working out and Bella is moving back to Forks this year." he said.

"Oh." I said quietly. I looked towards the water.

"What's wrong?" he asked.

I didn't say anything as I got up. I brushed off the sand and headed towards my bike.

"Hikari you can stay tonight. I mean if you want". He said following me. Rain now came down. I heard a crackle of thunder. Lightning hit the water. Great I thought. Jacob still followed me. I felt his strong arms wrap around me. My face heated up to his touch. The sun was setting and my father would not be home for a few days. I wrapped my arms around him and he led me to Billy's house.

"Billy is Sam here?" asked Jacob.

"Yeah. Leah and Sam are here." said Billy.

"Jack-" Sam stopped speaking when he saw me.

"What happened to Bella?" asked Leah.

"I dumped her". said Jacob.

"Isn't she with the blood-sucker?" asked Sam.

"No". I said feeling tears come. I ran out of the room and into Jacob's bedroom and slammed the door shut hard. I don't know how long I was in there crying for but I was hurt. Sam had no right to know. I didn't feel Jacob come sit beside me. I lay on his bed broken. I put my head on his pillow and didn't look at him. It was too pain full. Sam found out some how. Oh how I wish I could punch him. I raised my head off the pillow and I saw Jake look at me. I froze I didn't want to talk about anything. I just wanted to forget about the stupid vampires and werewolves.

I wanted to run away from here and stay away. Slowly I got off the bed and headed towards the door. I didn't care about Edward anymore. I wanted to forget about them all. Jacob didn't stop me and I ran outside into the rain. Soon after I left into the night. Hurt and broken. I rode into the meadow despite the cold and lay on the grass.

I heard soft footsteps. I didn't move I didn't care about death anymore. I saw red irises. Bright red irises. I tilted my head up. Standing beside me inches away from my neck was a thirst vampire. I heard a sickening sound of breaking bones and pain overwhelmed me....

Pain so much pain. It was like a fire. My whole body was on fire. My bones hurt. I couldn't see my eyesight was cloudy. I couldn't feel anything and blacked out.

Sun hurt my eyes. I was lying on the cool grass. I was at the meadow. I ran my fingers through my hair. How long had I been sleeping? My head ached. I stood up quicker than expected. I looked at my skin it was pale. I let out a loud pitched scream. Then I ran. I had to find Jacob fast before Edward noticed. I heard footsteps a mile away. I heard Emmett's voice. Followed by Jasper and Edward.

I froze for a second. They wouldn't know it was me would they? I stood there waiting to greet them. They approached me wary eyes. Emmett sighed in disapproval. My eyes examined Edward. He still smelled good. Some things never change. Jasper walked forward to speak to me.

"Are you a newborn?" he asked his teeth gleaming.

"I changed two days ago. I'm Ren." I said hiding my name. Edward looked at me oddly. I flinched.

"Alright don't let me catch you here again". said Jasper.

"Why." I snapped.

"It's our land." said Edward.

I flinched again hearing his voice. "So what. I don't hunt." I said.

"How?" asked Jasper.

I laughed and ran from them. It took me minutes to realize Edward was trailing me.

"What?" I asked.

"You seem familiar like a girl I used to know named Hikari." he said with guarded eyes.

"Who's that?" I asked.

"A human girl who I loved." he said walking off.

My breaths froze and I stopped following him. He turned his golden eyes frozen. I shivered and then growled. His eyes glanced at mine and I shivered again. "W-Why did you love her?" I wondered faking it.

"She-I.... She liked me for who I was and she always was there for me." he said slowly.

"Edward. She's dead. I-I saw her body one night and then it vanished." I didn't say anymore I had just risked my vampire life.

10 - All Fall Down

Last chapter.

"No". I said feeling tears come. I ran out of the room and into Jacob's bedroom and slammed the door shut hard. I don't know how long I was in there crying for but I was hurt. ~~~~~Chapter 10 All Fall Down~~~~~

Edward stared at me his eyes were burning with fury.Then I saw a necklace unhook itself."Edward your necklace."I muttered.

His eyes flashed towards mine.I froze.Did he figure it out?Thirst burned my mouth.I needed to hunt badly.I ran faster,almost pacing.My thrist burned,I saw blurred images of Jacob,Sam, and then Emily's scars.I couldn't kill an animal.I saw Edward's face before the moster ungunfed me.

~~~~~An Hour later~~~~~

Blood so much blood.My head felt lightheaded and dizzy from it.Blurred Vision no longer troubled me.I saw deheaded corpses and their limp bodies.'*What had I done?*'I felt sick and barfed out the blood.Thirst burned my mouth again.I ingored it.I glanced around.I was in the forest outside my father's house.the monster inside of me seemed to be weakening.

"Hikari."called Jacob.

"Jake don't-"I growled.

"HIKARI CALM DOWN'!!!!said Sam.

"Sam it's so hard to...-"I half-groweled.

"Hikari.Calm down.Your power is half human change to your normalself."said Jacob holding my shoulder.

Thirst Burned as his hand was on my icy shoulder.I felt the monster slipping away.It was difficult.I couldn't breathe...Sam took my other shoulder.I snarled and thrashed I wanted blood."HIKARI"!!!!they both yelled.Then there was a sickening crunch.Jacob whimpered and let go of me.Then I ran,faster and off into the night....

~~~~~Jacob's Pov~~~~~

When she broke my arm,I swore.It killed,but then again I'm a quick healer.She ran off after that disappearing.I knew she wouldn't be back for awhile.To be exact maybe not ever.I knew one thing for sure when she got back Edward would be totally erased from her mind....

## 11 - Missing

~~~~~Jame's Pov Aka Hikari's Father~~~~~

I sat there waiting for her. She wasn't home yet. There had been no calls no e-mails or anything from her for three days. I was worried about my daughter. Jacob said she vanished from walking home from La Push and he was worried about her. What happened to my little girl. Maybe the vampires. Aro, Jane, Heidi. I couldn't think that. Maybe a serial killer or The Cullen Clan knew. I froze in my tracks what if Bella knew. I picked up the phone and called their house.

~~~~~Bella's Pov~~~~~

I heard the phone ring and jumped. Edward snickered and handed me the phone. I froze as I saw the number why was Hikari calling when she was supposedly missing? Edward's eyes flashed towards mine and when I heard her panicked father's voice I almost broke into tears.

"H-Hello". I said shaking.

"Bella is Edward there?" he asked.

"Y-Yes." I said on the verge of tears.

"Get him on the phone." he said quickly.

I handed him the phone and he seemed shocked. I heard James mutter "She hasn't called for three days.... Then one word he said caught my attention. The Vampires you know haven't hurt her have they?" He questioned. I heard Edward say no and then something about a newborn who looked like her. Then it clicked in my head. Jacob he must know.

"Edward take me to La Push!" I said quickly.

"Why?" he asked when he was done on the phone.

"Jacob knows." I said.

"You're right. I'll ask Alice if she can see her. I'll be back Love." he vanished and I headed to my truck and to La Push. As I neared Jacob's home I saw Sam and the rest of the pack with him and Emily talking. Jacob saw me and waved. *How funny.* I thought. I got out of the truck and then noticed a necklace hanging off Jacob's neck.

"Who's neck-" he covered my mouth and carried me to the beach.

"Hers". He said once we were out of ear shot.

"Where is she?" I asked.

"Gone. I saw her before she left. She broke my arm. He held up his limp arm as he went on. She seemed over stressed and I think she does want Edward knowing she's full vampire and full human. I was about to question when he said... How your asking? I nodded. Her DNA is messed up by it already having vampire abiltys. For one when she's human she wants to taste blood when its around. Also her drawing skill is a vampire gift she can draw someone and then it shows where they are, there age and what their wearing. Werewolfs are not affected by her scent and she can change from human to vampire once she figures it out. She cannot be tracked either. Her scent is like a werewolfs so it is very very hard to tell its her. She'll be missing for a while and she can read mind's like Edward. Unfortally she drinks human blood and then barfs it up afterward which causes her vampire's senses to take a toll on her. They take over more easily and they drink more blood you can think of.... Edward will have trouble finding her and she won't come back by force..." Jacob paused.

"So she's basicly an immortal vampire-human?" I asked.

"Yup." Jacob said.

"Jake what does that necklace say?" I asked.

"Vampire. It slipped off her neck as she ran off." said Jacob.

"She's forgetting him". I caught on.

"Yes She said to me once that he loves you more. She'll return when your vampire." he said.

Tears fell from my eyes. Jacob wrapped his arms around. He knew why. On the radio was *Missing* by *Evanescence*. It reminded me of my dark times without Edward. I hoped this would never happen again. Tears dripped off my face as the radio played the song.

*Please, please forgive me,  
But I won't be home again.  
Maybe someday you'll have woke up,  
And, barely conscious, you'll say to no one:  
"isn't something missing? "*

~~~~~Edward's Pov~~~~~

As I heard the song on the radio, I felt myself break down. I lay on the bed curled up into a ball.

*You won't cry for my absence, I know -
You forgot me long ago.
Am I that unimportant...?
Am I so insignificant...?
Isn't something missing?
Isn't someone missing me?*

I wanted to leave my life behind and just die.

*Even though I'd be sacrificed,
You won't try for me, not now.
Though I'd die to know you love me,
I'm all alone.
Isn't someone missing me?*

*Please, please forgive me,
But I won't be home again.
I know what you do to yourself,
Shudder deep and cry out:
"Isn't something missing?
Isn't someone missing me? "*

I sobbed hard into the pillow hurt. I heard my door open and my siblings asked me what was wrong. For the first time in my vampire years, I saw tears come from my eyes. I was hurt on the inside this time. I felt tired and wanted to blacken out and wake to her scent, her smell everthing about her.

*And if I bleed, I'll bleed,
Knowing you don't care.
And if I sleep just to dream of you
And wake without you there,
Isn't something missing?
Isn't something...*

I cried long and heard even after the song had ended. I knew what I wanted to do. I wanted to leave my family. Even Bella, I was hurt. I knew I was. I felt a supporting hand by me and noticed it belonged to Bella. I clung onto her hurt and alone again. I felt her hands wrap around me holding me to her comforting me... Then everthing went black as I drifted....

12 - Two Hundred Years Later.

~~~~~Jacob's Pov~~~~~

I stared at Sam and Emily. I was bored, the old population of La Push had died out finally and The Cullens left awhile ago with Bella. It was peaceful now. Only us. The werewolves. We had managed to retain ourselves from going after Hikari after she vanished that day. A week and a half later Bella left with the Cullens. I let her leave. I didn't have a crush on her anymore only Hikari. Hikari. The name pain me. Sam glanced at me with a look of concern. "Jake? You ok?" he asked worried.

I wiped the tears away from my eyes. "Sam it's nothing." I said hiding the pain.

Emily wasn't convinced by the lie. Her eyes looked at mine. "Jake we have to leave for the high." she said politely.

"We're going through high school again!" I said a little mad.

"Yes" replied Sam.

I sighed and went over to my black motorcycle. Sam smirked and hopped onto his with Emily. He stared at him and raced off. I knew he wanted to race and I sped off far ahead of him. I had updated my bike fifty years ago adding flames on the black and to be exact a werewolf too. As I pulled into the parking lot, I saw the rest of the pack grinning. I heard Sam's bike behind me park and I hopped off my bike.

"So what are we stuck taking this year?" I asked joking.

Sam laughed and answered "You have Biology, Forging History, and Latin and Gym. The only difference with the rest of us is we have extra classes". he frowned at that.

"So I'm lucky this year?" I said seeing I had no Math Course.

"Yeah". said Paul looking down at his classes. He had a double math course. Poor Paul. Then the bell rang forcing us to go to our classes. I headed to my Latin class and sat down in the back, not wanting to pay attention. The class wasn't that bad and I was assigned to study for homework. The bell rang and I headed to Forging History. As I walked down the rows of doors, I caught a familiar scent. A strawberry scent. It was coming right from the Forging History. I walked in and I never thought I would see them again....

~~~~~Bella's Pov~~~~~

When Edward said we had to go back to high school I almost died. We both went into Forging History and sat down. I heard cat calls from the boys in the room and Edward wrapped his arm around my waist clearly saying back off to the other boys. As we sat down talking I didn't notice him enter. "MR. BLACK SIT DOWN!!" yelled Mr. Cook.

My eyes looked up.No one was there.I thought he was....I sighed dumb imagining.

~~~~~Jacob's Pov~~~~~

I stood out in the hall by the the second floor stairwell.So close.I had to tell Sam somehow without them seeing.I ran down the hall to his class a minute before the bell rang.He rasied an eyebrow as he saw me."Jacob skiping already?"asked Sam.

"BloodSuckers are back".I panted.

"The Cullens."Sam said dryly.

"Yes.Can I skip please?I don't wanna run into them.Bella almost saw me.I heard a teacher yelling my name.Sam if you don't anwser I'm jumping out the window."I said fast running to the window opeing it.

"Go Jake now.I'll say you went home sick."said Sam runnung off.I jumped out the window landing on my feet unsacthred.Then I on my bike and went over two hundred miles and before I knew it,I was in front of the Cullens house.The Sliver Volvo was parked in front of the house.I half-smiled and got off my bike.I had to see her just once.Even if she was a bloodsuker now.

I opened the door and quiety went up the stairs.I heard voices at the end of the hall and I looked in by the little open space.I listened quiety.

"Edward.Was he there?"asked Bella out of breath.

"Bella please.We gone over this he left after we did."he said quiety.

"I don't believe you."she muttered.

"Bella please?"he asked.

She froze as his lips crashed down on hers.She pushed him off her running towards the door and running past me and into the next room.I followed her not letting him know I was here.I opened the door and walked in the her room and shut the door."Bella"I said quiety.

~~~~~Bella's Pov~~~~~

I heard my name being called and glanced up and saw Jacob's smiling face.I grinned happily.He wasn't borthered by my scent at all, it was the same as it was when I was human.He smiled and then frowned as I heard the door open.

"Bella stop-"Edward looked at Jacob loathing.

"You liar"I teased.

"Have you found her?"Jacob asked hopeful.

"Jacob you have to under-"I cut Edward off.

"Jake we don't know where she went.I'm sorry."I said feeling him going back to sulking.

"You guys didn't look?"asked Edward.

"No".said Jacob defensive.

I opened my mouth to protest but Edward put his hand on my mouth.

"Jacob I think you should head back to your home."Edward said.

I bit his finger causing blood to run down it.

"Bells look for ok?"Jacob said hopeful.

"Jake I don't think-"Edward's arms wrapped around me carrying me off leaving Jacob alone....

~~~~~Hikari's Pov~~~~~

I sat in my black viper with Mat.He inserted a cord into his I-pod and put on *HeadStrong* by *Trapt*.I heard the familiar lyrics and grabbed his I-pod changing the song.I changed it to *Made Of Glass* by *Trapt*.The first set of lyrics reminded me when I changed.

I don't know anything at all and I'm somebody else  
It could take years to find you, it could take years to find myself  
And I don't need to hear your answer I just need you to see  
That I think it's time to break down these walls that we throw

Am I still breathing have I lost that feeling  
Am I made of glass 'cause you see right through me  
I don't know who I am and you're the only one who sees that  
I can't ask these questions that cannot be answered today

I thought of Jacob and how I left him alone and hurt.

And even if everything goes wrong and we start to fall apart  
I will understand where you are, I will understand this by myself  
And I don't need to hear your answer I just need you to feel  
Like there are no boundaries at all

Am I still breathing have I lost that feeling  
Am I made of glass 'cause you see right through me  
I don't know who I am and you're the only one who sees that  
I can't ask these questions that cannot be answered today

And how far have we come, too far to throw away the past  
Will you be there waiting for me  
I have to ask what we are, if I ask today it just won't last  
So I'll be here waiting for you

He was waiting for me to come home. I just wasn't fast enough.

Will we ever feel this good again - Not today

Will we ever feel this real again - Not today

Will you ever be mine again - Not today

Will we ever feel this real again - Not today

I don't matter today

I realized if I didn't go back he would be gone. I had to go home with Mat. Jacob would have to understand. I just hoped he wouldn't be hurt forever....

## 13 - The End

Hikari's Pov ( Unless I say other wards)
