1 - friends

Little questions that like to pop into my head...

fruits basket questions...

1. where does kyo's bracelet go when he turns into a cat
2. why is yuki's hair so grey in the manga but purple in the anime
3. why is hatori so quiet, did akito wreck that too
4. why is tohru so nice all of the time, it's sorta creepy
5. if akito wants everyone to go away so bad, then why doesn't he move to america where he can be with more idiots

all hatori could remember were the sirens blazing and the sound of the crash. he couldn't see anything, he couldn't hear anything, and he couldn't remember any thing. then a bright light shone down on him. "do you think he'll be okay?" a frantic voice questioned in a shaky voice. "yes, we think so, we're not entirely sure..."

okay, i'm bored with that...

well, that was fun, this was short. i don't have any more to write other than...

thanks to all of my friends...
