## FRIENDS

I don't know what's the truth  
I can't tell what's a lie  
You said you were my friend  
Best friends for life

Then I did it  
Hurt myself again  
That's when you said  
You were no longer my friend

You gave me the cold shoulder  
You gave me an ice cold stair  
I felt the chill  
The chill in the air

I thought you were my friend  
Best friends no matter what  
I guess that doesn't  
Include when I cut

So I guess this is goodbye  
So long my dear friend  
Maybe, just maybe  
We can be friends again

## A VOICE

A voice cries out amidst the darkness  
A voice cries out in fear  
A voice, much like yours or mine  
A voice, that's all you hear

A boy stands in the city  
A boy stands in the street  
A boy stands waiting  
A boy wanting to die in his sleep

A girl screams out of pain

A girl much like me  
A girl screams as the baby is pulled  
A girl finds joy in agony

A life is taken again  
A life is taken from the world  
A life, taken, out of despair  
A life gone because of pills

## I REMEMBER

I remember when the days were long  
When the world was a playground  
And my life a song  
I fluttered through the years  
With barley a care  
Ignoring the future  
And what would be there

School was intriguing  
And filled with delights  
I loved to laugh  
With my friends all night  
I learned to love  
Everyone and everything  
Waiting for the joy  
Tommmorow would bring

What wonderful days  
Were my youth  
But then I grew up  
And realied the truth  
Life is hard  
But it goes on  
My life is  
No longer a song
