# 1 - Brother

WHEN I WAS small

-  
Can you still remember when you were small?

I can

My mother and I would go shopping  
and she would buy everything I asked for  
no matter what the price  
I had everything a person could want  
all the toys ever made  
and the greatest loving parents

ever created

It was great.

My dad would ride me around on his back like some sort of horse  
I would feel as if I was standing in the sky  
Looking down on a huge ant hill  
With tiny ants running about below me  
I'd stand there  
and wave to all the ants

and they'd wave back

It was great.

Angelo  
my brother  
was always there for me  
Maybe because I was his younger sister  
or maybe  
because I had two surgeries done on me when I was only a baby  
or maybe  
just maybe  
he simply just loved me  
He  
treated me like a queen  
(so did everyone else  
especially my mother)

but he did it like a brother

My mother did it like a mother would  
The same could be said for my father  
only in a fatherly way  
But they're different  
He  
did it

like

an older brother

to a younger sister

It was great.
