1 - THE TRIFORCE

DISCLAIMER: (i type it correctly? lol) i dont own any character in here and you know the rest, period.

Autor note: this is a crash of toons, as the title says, im putting it on sonic the hedgehog stories being sonic the main character.... enjoy!

it was a sunny bright day in mushroom kingdom, flowers were more colorfull and clouds where almost gone...

Mario was standing in the front of the mushroom castle, with both hands together holding 3 white roses, nervous to give them to the princess, his voice was soft..

"princess!!!" --no response

"hey princess come here!!!" -- not even crickets -.-"

as he stopped wishpering, cos that is what he was doing, a laugh was made inside the castle, mario was wondering why he was talking with so much detail, so he entered, just to see the hero of time, Link, under his knees in front of the blond, pink-dressed princess.

"and thats why im here your highness" he said

"well theres Mario, i hope he will be of great help"

the italian plumber walked to the end of the principal hall to speak with "him"

"whats the problem?"

"well, let me explain"

----- Flashback -----

baloons, and colors where all over the castle town, people where celebrating 10 years without any sort of danger, or trouble. ganon was defeated forever...

the princess got the idea to put the sacred triforce in a museum, so people could be closer to the gods... much of the worries of the rest of the soldiers, that know that any moment a new evil would arise..

the day came, and as the princess put the triforce on its special sanctuary, full of gold with dozens of pearls;

BOOM! an explosion!

behind the smoke it passed a black thunder, at his super fast speed, everyone could only see a black fur (yes he is who u think) just to go up a hill to a giant sphere like base.. Now, the princess called his hero

of time to retrieve the triform, no matter how, or when.....

----- End Flashback -----

Link told everything to the moustached guy, why he was in the mushroom kingdom? to ask for help...

"ok we are ready to go when you want, green guy"

"ok, we have no time to waste"

the hyrulean grabbed his ocarina and played a song, thus making them both disappear in a very bright light

miles and mile away in the hyrule territory the light passed by, thus dropping both heroes to the castle main yard, just to find princess Zelda in there

"Link!" the princess yelled and just ran to take the green guy`s hand.

"princess, i have found some help, he is Mario, from the mushroom kingdom"

"well looks like you and the princess are very close" said mario in a playful tone, realising both of the hyruleans that they were hands-locked they just jumped in opposite directions.

"well" said Zelda, blushing " whatever, how can you help us Mario?"

as the princess heard what she wanted to know, a pink cloud formed from nowhere, just to show the word "POOF!"

on yellow letters, who can it be?

END CHAPTER 1

autor commentary: if you are intelligent (and watch nickelodeon xP) you will instantly know who it is, anyways , the blue blur will come on chapter 2, hey! remember the best is for the last ^^

2 - Blue

"WHEEEEEEEE!!! finaly we are in Dimsdale's beach!!!!" said the high-pitched cosmo's voice

"its not a beach you dumbass is a castle, a veeeery biiiig castle!!" a purple t-shirted boy said

in the second this came to Link ears, he fastly unfolded the sacred Master Sword and in a blink it was running at full speed to the brown haired kid

"NO! STOP! I... I... I KNOW! I WISH FOR A MAGIC SHIELD!!!!"

POOF! Timmy close his eyes, waiting for the worst and link preparing to protect his gir..... princess from any danger

for surprise of both there was no sound... silence.... as they both open their eyes they only saw a red cap flying, teared apart.

"would you calm down please???" mario was stoping the slash with his hand (omg)

"we need to listen and talk before attack, (remember the moral kidz!!!) who are you?"

"my name is Timmy Turner, and i have been brought here by accident" said the kid, still fearing the elf

"ok, we need all the help we can get, would you help us on our quest?"

"well, we have until monday (no vicky yay!) meh no problem!, also, it cant be too far from here....

"are we there?"

"no"

"are we there?"

"no"

"are we there?"

"no!"

"are we there?"

"NO"

"are we there?"

"NO!!!"

"are we.."

"NOOOOOOOOOOOOOOOOOOOOOOOOOOOOO GOD DAMN IT STUPID KID I WILL TELL YOU WHEN WE ARE THERE!"

"sheesh, this guy is getting to my nerves" said Link giving a firm look at Timmy.

as our "heroes" are traveling through the Gerudo desert, they where being watched by none other than Eggman.

"hmph! these fools think they can defeat me this time, well i have the perfect weapon, am i right, dexter?"

"im down here you lardball -.-U" said the shorty.. (dexter: WHAT?!!!) ok ok the evil (dexter: yay!) genius.

"all we need eggman, is to entertain those idiots until the master doomsday wtfOmgayishrapapatheraper machine is ready"

..... back to the idio... our heroes.....

"look what is that?!!!"

"looks like a... pink grease ball?!!!"

"no u idiot its a fluffy tennis ball"

"what are you talking about is a strawberry icecream ball"

"shut up already!!!! how in this friggin world is an icecream ball gona ride a yellow star -.-"

(A/N: umm... for those that u havent noticed, its kirby)

"PREPARE TO DIE USELESS LIFE FORMS" (wtf he talks)

"never!" link maked a quick sword slash that collided with kirby energy sword making a huge spark ball.

then the real battle begun...

ápdfhioásidjgóainmfpoaijsd´fiah´pdfpgja´sdfpkdfpg´káfgjpasiodfgsdjiaoñisfdjg

(FAST FOWARD FOR YOUR LAZYNESS, THEY FIGHTED BRAVELY AND SUPERB-ISH JUST SING PEANUT BUTTER JELLY TIME YAY)

"mmm.... who would guess that kirby guy would be so delicious" said cosmo

"i cant believe we are eating him" timmy said, anyway eating kirby's "arm"

just in then a very loud sound started, and they just saw a giant robot falling in front of them having a giant "D" on it (does these guys know about something called originality?)

"prepare to perish, you poor life beings"

in a flash, the robot was destroyed, sliced in two, by a very bright thunder

as the dust dissapeared a golden sparkling hedgehog got up between rounds of electricity, but that would not last much, as the hedgehog turned blue, and fainted... with the robot on top of him.....
