Scar: Fine with me...

Megami Alchemist (now Envy): Good..

Ed: What?! You can't fight here! There's people!

Envy: Oh.. of course.. Lust, Gluttony!

Due to the death of many audiences, the host MegamiAlchemist who was killed before the show, the director, stupid tech guys, and the camera, the show will not be air no longer. Feel free to buy the DVD of the show, coming soon to your nearest stores everywhere...

Seems like Roy never had to deal with Hawkeye after all, at least something good came out of this...

In the background:

Ed: AL!!

Scar: I will send you to your maker.... all of you...!!

THE END!!

Hope you liked it.. This is my first one.. so I understand if you think it sucked.. Please comment^^
