## 1 - part one

If to live is to die, then what is it to be dead  
A sister, mother and brother , a sister friend and sister  
A sister by the gods of termination in her womb  
The night in which she died to her screaming, bleeding  
A mother by the gods by a truck roll  
The death of her daughter, grandson caused her pain  
A brother by his father, locked into the abuse  
The elder sister left alone to this tragedy  
The only friend of the elder sister influenced by lust  
Put his love over her who lied to keep her away  
The elder sisters boyfriend chose the path of cheat  
The only friends partner chose this way as well  
The elder sisters other sister was played by suicide  
The elder sister left to guard the toddler son  
The elder sister caught the boyfriend  
The friend caught the girlfriend  
The toddler left in the grey orphanage  
The elder sister and the friend followed death together  
In a suicide, the elder sister did not choose  
The friend first kissed and spoke of his love  
And then he killed himself, followed by her  
He never gave her the chance to speak if she loved  
The elder sister had suffered more then her share  
She had done no wrong to anyone including herself  
And all she tried to do was live through the unfortunate  
And he never new or cared, no one did  
Please find her piece, lying in his arms  
She never deserved this and her pain was caused  
By not her choice but the choice of others  
Those who chose suicide left her to die in pain  
In the silhouette of their goodbyes and her misfortune
