1 - The boy

Today started out as a normal day in the village. Chorse, school, blah blah blah. ok i went into the village to get some bread and then WOOSH! somebody runs passed me like something was going to kill. i started to run to see what was going on. I saw a yellow haired kid with marks on his cheeks, blue eyes and wearing orange cloths with a head band. i walked over to him to see why he was running so fast. Me "hi im kelly why were u running so quick?" him "hi im naruto Uzumaki and i was just running for training" Me "training for what?" Naruto "becoming the hokaga" me "Awesome". I thought he looked really cute and he was ninja that rocked! I think i fell in love with him .Naruto "hey im going to get some noodles what to come" Me "sure!^^". He bought me a bowl and he started eating like crazing. I thought it was haliriuos how he ate so i started to eat like him. Naruto "umm... i got to go. more training" Me "ok see u later^^". He ran off and i went home. When i got home i pulled out my sketch book and started sketching him. I sat there for three hours drawing pictures of Naruto. I thought of different cloths how he'd look in them then drew it. My mom came in and told me it was diner time. Me "ok mom ill be right there in a minute" puts book down on my bed. My mom went into my room to pick up a little. She picks up my sketch book and sees the pictures of naruto and the little heart on the corner of the page. She sits down next to me after diner to ask me who the boy was. I just said somebody i made up. Then i asked her if i could become a ninja. Mom "ok when do u want to start. I told her as soon as possible^^!. Ok now im going to try to become a ninja ok just mite be crazy ,but who cares. THE NEXT DAY.... i wake up and said "Oh-Yah!! im going to become a ninja" gets dressed and runs to the academy.

2 - Starting at the academy

Ok im at the academy and its HUGE!! run in side to see how i could start.I see a man (guess who) with white hair and a vest on with kinda a scarf over his eye and mouth.I thought he looked kool. I went up to him and said "Hi umm... i want to be a ninja or something^^" he told me that i had to take a test to see if i had to start out as an Academy Student or go strait to Genin the next level were Naruto is.

3 - shadow clone jutsu

The test was that i had to do think of some kinda jutsu then come back to the academy.I wasn't sure how to but my mom use to be a ninja so i asked her."hey mom"i said"yes what do u need?"my mom asked.i told her about it and she tot me how to do a jutsu called a shadow clone jutsu.I worked five hours on it and only made two clones -_- "grrrr! this is so hard but its the only thing i can do"i thought.I went to my friend Vikki's house so I could asked her if she new anything that could help me.

"hello will answer me?"

"hey"

"i was about to ask the same thing"

"oh my name is kelly"

"so what are u doing out kelly?"

"i asked u first"

HI GUYS ANOTHER CHAPTER^

~~~~~  
I arrived at the academy and looked around for the man that told me about the test. I didn't see him so I just sat down for a while. Hours passed and I had fell asleep.

Just then I felt something shaking me then I heard a voice "hey little girl wake up". My eyes opened and I looked up the man in front of me and then looked at a clock on a wall it was 10 and I had arrived here at 6 or 7. I sat up from my leaned over position. "Hey you were supposed to be here hours ago" I said yawning and stretching. "yeah sorry I got lost on the path of life" The white haired man told me. All I did was look at him in a weird/annoyed way. "Ok well are you ready?" he asked "Ready for what?" I said having forgot about what I was here for, for a second "oh oh yeah I'm ready for that" I stood up waiting for a signal to start. "Ok well I'm going to need you to perform Genjutsu and Tiajutsu okay?" I nodded nervously, it was a good thing I worked on some tiajutsu with my mom when I was little. "Now lets see your tiajutsu. Come with me out to the field" I followed him out to the grassy, wide spaced field. "Ok I will spare with you to see what your capable of" I got in the fighting position and the man did as well. "Ok....Go!" he yelled. I ran at him with great speed and threw my fist at him. He blocked and I kicked at him multiple time's. "She's fast" He thought. "Stop" He said suddenly. I did exactly that except I tripped in the process and smashed my face into the ground. "Ow!" I got up and rubbed my nose "but not very graceful" He thought again. "Well you have the speed I can tell you that." He said "thanks can we move on I'm not a very patient person" I said with my arms crossed and my nose a little red from the fall. "Ok now all you have to do is show me a jutsu of yours," he told me "OK that will be easy!" I made the hand signs and then yelled "SHADOW CLONE JUTSU!!!" and about 8 shadow clones popped up. I looked around to see what I had just done and I was amazed and by the look on the mans face he was too. "very good" He extended his hand to me "My name is Kakashi Hataka" I shook his hand with my eyes gleaming "Nice to meet you I'm Kelly does this mean?" "yes congratulations you're a Genin" Kakashi smiled "Come with me I'll get you your head band and you can be my student till further notice k?" I nodded trying to keep from bursting in tears of joy and squeezing Kakashi to death. I followed him back into the large building and he handed me my head band. I grabbed it and tied it around my leg feeling excited and happy. "Your new team mates will be here in a hour. You go get some fresh air" Kakashi said with a smile and sat down with a book "ok" I said plainly and shoved my hands in my pockets and walked out the front door "wow I can't believe I did it" I untied my head band and looked at it well walking and ended up at the ramen bar a minute later scarfing down 3 bowls of ramen

~An hour later~

I was sitting down waiting for my new teammates I couldn't wait to meet them and then three kids about my age walked through the door. I recognized the Raven hair boy. Kakashi came up to me and signaled me to come. I stood up and walk with him over to the three. "Hello everyone I'd like to meet your new team mate Kelly" "nice to see you again Kelly" Sasuke said "Hey Kelly!!" Naruto startled me with a hug "I didn't know you were a ninja" I looked up at the whisker cheeked boy "I-I just became one" I was trying to hold back a blush. Then all of a sudden naruto was smacked on the head and on the floor I was even more startled then before. I looked up from Naruto to see a very annoyed pink haired girl "Naruto your scaring her!" she growled out then looked up at me "Hi I'm Sakura" "Nice to

meet you Sakura” she was scary and she hurt Naruto but I guess she could- be nice....”So I see Naruto and Sasuke already meet you, eh Kelly?” ”yeah” I helped Naruto up and rubbed his head trying to make the bump feel better. “I’m glade I’m on your guys team” I smiled I was even more happy then I’ve ever been in my life!
