1 - Meeting them, doing things

" Hey, watch where you're walking, kid," Zolo said. The kid didn't reply. A splash of water hit Zolo in the face.

" Why don't you... idiot?" she said. He grabbed her. " Let me go," she said. Luffy appeared beside Zolo.

" What's going on?" he asked.

" This little brat called me an idiot," he said.

" Y'know, I think I like that girl, sice she obviously recognizes idiots when she sees them," Sanji said, appearing beside Luffy.

" Whatever. You guys... look like pirates. Are you?" the girl asked. They nodded.

" Well, I wanna be a pirate. Can I become a pirate with you?" she asked, taking them all by surprise.

" Why would you want to? Won't your parents wor-" Sanji started saying when water grabbed him around the waist. And started squeezing him.

" Oww oww oww," Sanji said. then another girl ran up, with 2 boys following her.

" Amy! Let him go! He only spoke a word about your parents, and you're trying to make his legs pop off? He doesn't know what happened. You can't pop the legs off every pirate who mentions your parents, Amy," the girl said.

" Pop my legs off?!" Sanji said, alarmed. The girl, Amy, let Sanji go. He flopped. He rubbed his legs.

" My name's Amy. And my parents died when I was 8. 8 years ago, it was," Amy said, without flinching.

" I'm Kaylee," the other girl said.

" And We're Stanley. Both of us," they said, grinning.

" Do you want to join my crew?" Luffy asked, and they all nodded. Sanji stared at him.

" She tried to pop my legs off," he said. Amy walked up to him, frowning.

" Then don't mention my dead parents," she told him. Then she smiled at him.

" But it's ok. you didn't know. I just don't like people talking about them and they were the only people who loved me," she said.

Sanji nodded. He stood up, and they all went to the Merry Go.

After Stanley B, Stanley D, Kaylee and Amy met the rest of the Straw Hats, they stood there.

" I want meat!" Stanley B cried and Stanley D yelled" I want beer!".

Sanji walked off toward the kitchen but came back only with Stanley B's meat.

" You're not having beer," Sanji told him. Stanley D frowned. Ad started running in circles. Sanji shook his head.

Then they all stared at Stanley D as he waved at them, then, jumped off the ship. They all ran to the edge of the ship. Kaylee looked

a little nervous. She was going to stand back from the edge but then Zolo shoved her in front of him.

" I'd hate to see him when he's drunk," Sanji said. Then Amy pulled up her friend.

" I want beer!" he yelled. Sanji didn't nod or shake his head.

" You're not getting any beer," Sanji told him. Stanley D pouted. Then he looked back at Sanji.

" Please?" He asked. Sanji stared at him. Kaylee was sitting on the deck, holding her knees, rocking herself. Zolo walked over to her.

"What's wrong with you?" he asked her. Everyone stared at her.

"I'm... afraid of water. But I still want to be a pirate," she said. Stanley D took this as a distraction and ran toward the kitchen.

Luffy and Zolo were the only 2 who saw him. Luffy burst out laughing. Sanji just stared at him.

An hour later, Stanley D came out of the kitchen. He was laughing, and walking funny.

"You went and got yourself drunk, eh, Stanley?" Amy said. He nodded, and swayed/ walked toward Sanji. Amy looked at Kaylee. Stanley

punched Sanji in the stomach. He stumbled backwards. Stanley ran forward, wobblily, and did it again, until Sanji held his stomach and was

about to fall off the ship. Everyone stared at Stanley, who whirled around and started punching Sanji the other way. He now had Sanji

backed against a wall. He kicked him. Sanji coughed up blood. Stanley kicked him in the side, and he rolled away. Sanji trembled. Then his

body shook violently. He moaned. The drunk Stanley, now beside him, was about to step on him when a snake of water stopped his foot. He whirled

around, and saw Amy controlling the water. He pushed his foot harder, putting more pressure on Amy. The strain was clearly visible, and everyone hoped she could do it.

But she couldn't. She was flung backwards. Stanley D stomped on Sanji. Sanji howled. Amy stood up and ran to Sanji. Stanley tried to hit her before she

got to Sanji, but he failed. Then she started punching him with her palms, very fast. He flew into the rail of the Merry Go. He rubbed his head.

"Ow. What was that for?" he asked. Amy smiled.

"All it takes is a good bang to his head to bring him back to normal," she said. She looked at Sanji, and collapsed on the deck in a heap.

2 - The Accident

When Amy woke up, she was lying in a bed, with Luffy, Stanley B, and the others, except Sanji, standing over her.

Sanji was lying in a bed beside her. He smiled at her. She smiled back, and got up. Usopp, also, was not there.

"Where's Usopp? Not like I care, but-" Amy started, but was rudely interrupted. They all ran quickly up onto the deck.

"What's wrong?" Kaylee asked. Then, out of the corner of her eye, Amy saw Sanji struggling to get up to the deck.

Usopp was pointing at a dark shape. No one could see what it was. But Amy.

"A ship," she said. They stared at her. "So I know it's a ship. Is that any reason to stare at me?" she asked. They shook their heads.

She realized it was getting dark.

"Night," she said, and walked off towards the room where she slept. They were all still looking at the dark shape.

That night, a loud howl woke Chopper from his sleep. He walked up onto the deck. There was a brown wolf with a long shaggy tail on board.

He shuddered at the sight. It turned and snarled at him.

"EEK!" Chopper screamed, and went running below deck again. He jumped on Sanji's sore stomach.

Sanji groaned, and woke up. The wolf ran down.

It jumped, and Chopper moved out of the way. It landed on Sanji, one paw on both of Sanji's wrists and shins. A large glob of drool fell

on Sanji's face. Then Kaylee, Stanley B and Stanley D ran over and started beating the wolf up. It whimpered, and Chopper and Sanji helped them.

But stopped when it snarled and revealed its hideous fangs. Only the 3 kids kept going. They made it run up onto the deck again.

They almost beat it over the edge of the ship, when they realized it was more than half dead, and they saw a tiny silver moon on its chest.

They stared in horror at it, then it changed, and Amy was lying unconscious on the deck. They lifted her, and ran back under the deck.

"Where am I? I only remember the beating I received from Kaylee and the 2 Stanleys..." Amy said, and opened her eyes and saw her friends.

The friends that almost killed her.

"She's awake!" They screamed, and the rest of the crew hurriedly ran down. The crew smiled at her. She frowned.

"How long have I been unconscious?" Amy asked, and Robin held up three fingers.

"3 Days" Robin told her. She sat up, and took a plate of food Sanji had shoved into her hands. It was eggs and toast and bacon. Amy ate it in about

10 seconds and lay back down. She groaned, and Chopper pushed his way to her side. Standing up on

the bed for height, he said "She's weak; She needs rest now. Everyone, shoo" and they all backed off. Amy sat and frowned with her arms crossed.

"What's wrong?" Sanji asked her.

"The people I call my friends very nearly KILLED ME! AND I TRUSTED THEM!" she yelled, and burst out crying. Zolo looked at Kaylee and the 2 Stanleys with a hard look.
